GUARD NITTI CAPTOR'S HOME

ROOSEVELT HAS OWN METHOD OF HANDLING DEBTS

Fights Commission as Cumbersome.

(Picture on Back Page)

Albany, N. Y., Dec. 20.—[Special.]—Franklin D. Roosevelt, President Elect, has disapproved the principal features of President Hoover's plan for a reopening of discussion of the European war debts and will have his own method of dealing with them after he takes office as President on March 4.

This became evident here today when it was learned that Gov. Roosevelt had replied by telegram to President Hoover's suggestion that they agree on members to be appointed on a war debt commission. The governor informed the President that he was opposed to the creation of a commission and that he also was opposed to linking war debts with either the arms limitation conference, now in progress, or with the general economic conference, which is expected to be held in April.

Stands on Previous Position.

Gov. Roosevelt in his telegram is understood to have expressed a desire to be helpful, but he stood squarely on the position he took nearly four weeks ago, when he issued a statement on war debts, following a conference with President Hoover at the White House.

In this statement, Gov. Roosevelt took the position that it would be more advantageous to the United States to treat separately with each debtor nation and expressed the opinion that this could best be accomplished through the usual diplomatic channels. The governor also, in that statement, laid down as a general rule that a debtor always was entitled to present a claim for a revision of his debt to a creditor and declared that this rule applied to nations as well as to individuals, thus leaving the door open to future war debt negotiations after he becomes President.

Favors Informal Discussions.

In his telegram of today to President Hoover, Gov. Roosevelt is understood to have disapproved or refrained from expressing approval of the important points in the President's message to congress, while agreeing with some parts.

In refusing to assent to President Hoover's proposal that he join in the creation of a war debt commission, Gov. Roosevelt did the expected. The President Elect never has approved President Hoover's customary procedure of appointing formal commissions to consider national and international problems and believes that most of the Hoover commissions have been unproductive of results. Mr. Roosevelt believes that such a formal body is cumbersome.

Wants to Get Results.

The method which the President elect appears to favor is to have a more informal separate discussion with each debtor nation without preliminary publicity through the medium of special representatives, whom he will appoint and with whom he will be in close touch at every stage of the negotiations. At the close of the negotiations each special representative would make a report to the President. Should this report be satisfactory to the President he then would present it to congress. Gov. Roosevelt has found his method satisfactory in dealing with problems in New York state and there is reason to believe that he intends to try the same method as President.

Plans to Take Yacht Cruise.

Gov. Roosevelt will devote most of the time before Jan. 1 to cleaning up his work as governor and will pass Christmas with his family at his home in Hyde Park.

For the purpose of getting a needed rest before he takes up the duties of President, he is contemplating a yachting trip in southern waters, beginning Feb. 5.

MAY END DEBT MOVES

BY ARTHUR SEARS HENNING.

[Chicago Tribune Press Service.]

Washington, D. C., Dec. 20.—[Special.]—With President Elect Roosevelt declining to take a hand in the matter before assuming office, it looks tonight as if President Hoover will be unable to deliver to Europe any war debt revision concession of substantial value.

The President's second effort to draw Gov. Roosevelt into a sponsoring of negotiations with the debtors for reduction of their 11¼ billion dollars of obligations to the United States

KIDNAP THREAT REACHES WIFE OF POLICEMAN

Gang Chief and Aids Freed on Bond.

(Picture on Back Page)

While Frank Nitti, wounded leader of the remainder of the Capone gang, and six of his followers were being released on bond from police custody last night a police guard was established at the home of Detective Harry Lang, the man who shot Nitti. The guard was placed because of anonymous threats telephoned to Lang's wife.

Another incident in the crime war developed this morning when Mayor Cermak, who is directing a campaign against hoodlum resorts and gangsters, visited the detective bureau and revealed plans for reorganizing the police radio service to enlarge its effectiveness in the campaign against criminals and especially hoodlums.

Nitti Taken from Bridewell.

Nitti and Lang were wounded in a gun fight during a raid by Lang and three other detectives on Nitti's offices in the La Salle-Wacker building Monday. Nitti was shot three times. Released from the Bridewell on $25,000 bonds on a charge of assault to kill Lang, Nitti last night was removed to the Jefferson Park hospital. His condition is still critical but he has a chance for recovery, physicians say. Shortly after he was released, the six gangsters seized with him in the office raid also were freed on bond.

It was about this time that the police guard was placed at Detective Lang's home. Lang lives at 1246 Independence boulevard with his wife, Sarah, and 15 year old son, Sidney. Because of his wound he is now in the John B. Murphy hospital. Starting at noon yesterday, Mrs. Lang received several telephone calls. One warned her to "watch out for yourself." Another was: "If I were you I'd keep close tab on my son."

Wife Fears Kidnaping.

Fearing the calls were warnings that Sidney might be kidnaped in retaliation for the shooting of Nitti, Mrs. Lang notified the police, and the guard was established. One policeman stayed in the home all night. Police said it was possible that the telephone calls were made by cranks, but the guard was placed as a precaution.

The release of Nitti on bond and his removal from the Bridewell hospital occurred at the insistence of attorneys and his father-in-law, Dr. Gaetano Ronga, a member of the staff of the Jefferson Park hospital.

Six Followers Released.

Nitti was booked first and his bond, supplied by the Public Indemnity company, was approved by Judge Francis Borrelli. Several hours later his six followers were lined up in the hoodlum showup at the detective bureau. Not being identified by robbery and other crime victims, all were charged with vagrancy and disorderly conduct. Bonds of $1,100 each were posted by the same surety company and the men were ordered to appear in the South State street court today.

The six are Louis (Little New York) Campagna; John Pope, alias Yario; Thomas Hurt, who later gave his name as Thomas McGee; Louis Massessa, whose real name was found to be Schiavone; Martin Sanders, and Joseph (Hinky Dink) Parrillo, alias Palombo.

Seize Nitti Office Records.

The Nitti raid was said by Mayor Cermak and Police Commissioner Allman to be another incident in the war for extermination of gang syndicate members who grew rich and powerful before the advent of the present administration. Papers and records taken from the Nitti office, including the paper which Nitti chewed and tried to swallow when he was surprised by the police raiders, were being studied for evidence to be used in court against the hoodlums.

The chewed paper was badly torn. It bore writing on both sides, part of which was undecipherable. By means of ultra violet rays and photography, however, the authorities were able to read several of the words or parts of words.

One part of one side of the paper bore this writing:

"Call Bill and see J. P.
Call Mimie.
Call Frank for dinner.
Find out if Billy
——to see if

Blast Wrecks Building; 9 Are Injured

At least nine persons were injured early this morning when an explosion wrecked a two story brick building at 2534 Division street. Fire followed the explosion and shortly afterward the walls fronting Division street and Maplewood avenue collapsed.

Nearly 100 firemen were summoned to the scene by emergency calls. When the flames were well under control, they started digging in the debris in a search for possible victims. Early it could not be determined whether all the occupants of the building had been accounted for. Any one remaining inside after the collapse probably would have been killed, police said.

Blast Shakes District.

The explosion, resulting supposedly from an overheated boiler igniting gas in the basement, shook the neighborhood. Windows two blocks away were shattered. In a few minutes several thousand people gathered at the scene.

Several of those living in the building saved their lives by leaping. They suffered minor injuries, but were removed to hospitals along with those more severely hurt.

The structure is occupied on the first floor by a delicatessen owned by Harry Sanders. He lived in the rear of the store with his wife, Sarah, and daughter, Elaine, 3 years old. They were not hurt. Upstairs in front resided Hyman Greenberg, his wife, Betty, and their son, Morton, 9 months old. The rear of the second floor was occupied by the family of Max Myrent and another family.

Tosses Baby to Husband.

The Greenbergs saved their lives by jumping. Immediately following the explosion, flames attacked the stairways, cutting off escape in that direction. Greenberg opened a window of his apartment and jumped. He landed in a drift of slushy snow, breaking his fall. His wife then dropped their baby to him. He caught the child safely. Then, as Greenberg called encouragement, Mrs. Greenberg leaped. Immediately afterward the walls of the building fell.

Detecting a moving form in the debris, Chief James Cowhey of the Fourth battalion crawled 20 feet into the wreckage and reached an unidentified man. The man, attired in night clothes, appeared to be seriously injured. During the rescue Marshal John Touhy of the Sixth division directed that Cowhey be sprayed with water to protect him from the flames. This was done and Chief Cowhey dragged the man safely out of danger. During the search, Lieut. Patrick Dawnson of Truck company 28 was struck on the back by a brick and taken to a hospital.

Gallipolis, O., Dec. 20.—(AP)—The Ohio River was frozen over near here today for the first time in 38 years.

22 POLICE TRAP ALLEGED KILLER OF A COMRADE

(Picture on Back Page)

Frank Bialek, 24 years old, 658 North Hoyne avenue, alleged slayer of a policeman, was captured last night when he walked into a trap set by twenty-two detectives. He had been sought since Nov. 20 for the killing of Patrolman Patrick Madden and the wounding of Policeman Roman Orzechowski at Walton and Holt streets.

Lieut. James Devereux of the North Racine avenue station, where Madden and Orzechowski were detailed, learned that Bialek had an appointment to meet Miss Della Buckholz, 19 years old, at Hoyne avenue and Lyndale street, last night. Devereux assigned the twenty-two men to capture him.

Two of the detectives, Joseph Purcell and Daniel Konkowski, disguised themselves in women's clothing and waited near the fugitive's expected rendezvous. He appeared soon, but, suspecting the masquerading policemen, ran away. From all points the ambushed detectives then converged on Bialek, firing nearly forty shots at him. All missed. Finally Detectives Philip McInerney and Bart Walsh found Bialek lying in an alley near Webster and Seeley avenues. At the station Bialek confessed that he had shot some one at the time Madden was killed and Orzechowski wounded, but pleaded that he had been intoxicated.

QUAKE ROCKS CALIFORNIA, 3 OTHER STATES

San Francisco, Cal., Dec. 20.—(AP)—A severe earthquake shook the west from Rawlins, Wyo., to Long Beach, Cal., at 10:12 p. m. [P. S. T.] tonight, but damage was confined to broken windows and crockery and stopped clocks in most places. No injuries were reported.

Perry Byerly, seismologist at the University of California, rushed to check his instruments and found the needle had been thrown off the drum for seven minutes by a severe shock at 10:10 p. m., and then thrown back on by another tremendous jolt.

Byerly said it was the strongest series of shocks recorded on his instruments since the disastrous Santa Barbara earthquake in 1925.

First reports said Gerlach and Reno, Nev., were the hardest hit by the shock, or series of shocks, that lasted for more than a half minute. At Gerlach it was unofficially reported a large water tower had been knocked down.

At Reno windows and crockery were broken and the entire town sharply rocked.

Clocks were stopped at Salt Lake City, San Francisco, and bay region cities, Sacramento, Fresno, and Modesto.

Women Pick Their Leaders of a Century

(Pictures on Page 3)

New York, Dec. 20.—[Special.]—The result of a nation-wide poll conducted for two months in an effort to ascertain whom American women consider the twelve great leaders of their sex born during the last 100 years was announced tonight at a dinner held in the Vanderbilt hotel. Those chosen were:

Mary Baker Eddy, founder of the Christian Science church. She headed the list by more than 3,000 votes.

Jane Addams, founder of Hull house, Chicago.

Clara Barton, founder of the American Red Cross.

Frances E. Willard, founder of the Women's Christian Temperance union.

Susan B. Anthony, suffrage leader.

Helen Keller, deaf and blind author.

Harriet Beecher Stowe, author of "Uncle Tom's Cabin."

Julia Ward Howe, poet and author of "The Battle Hymn of the Republic."

Carrie Chapman Catt, suffrage leader.

Amelia Earhart Putnam, first woman to make a solo flight across the Atlantic.

Mary Lyon, founder of Mount Holyoke college.

Dr. Mary E. Woolley, president of Mount Holyoke college and only woman representative to Geneva disarmament conference in 1932.

Of the votes cast Mrs. Eddy received 102,762, 3,615 more than were given to Jane Addams. Clara Barton was given 96,139 and Frances Willard 90,303.

One woman, as the final name was read, cried out, "What about Margaret Sanger?" Mrs. Sanger for years has been prominent as a birth control advocate and her name was not mentioned in the accompanying list of twelve women who received a considerable number of votes.

In the accompanying list Mme. Ernestine Schumann Heink received the next largest number of votes after Mrs. Woolley. In the list were included Mrs. Herbert Hoover, the wives of two former Presidents, an author, and Anne Morrow Lindbergh.

Likenesses of the women will appear in a frieze in the Social Science building at the Chicago World's Fair.

What a Battle He'd Put Up to Save a Dollar!

When two Negro bandits stopped Louis Temes, 30 years old, of 1415 East 50th street, at Washington Park court and 50th street last night, Temes put up a terrific battle. He punched in all directions, ignoring the robbers' guns. Finally one of the robbers fired, wounding Temes in the left arm. Despite his wound, Temes was victorious. He routed the bandits and saved his money, amounting to 30 cents.

U. S. Starts Mail Quiz on Illinois Life

Following a conference in Washington yesterday between District Attorney Dwight H. Green and officials of the department of justice it was reported that the government would seek information on which indictments charging misuse of the mails might be requested against officials of the Illinois Life Insurance company.

The company is in receivership and in such condition that the receiver, Gen. Abel Davis, has expressed doubt that it can be reorganized. One of the factors leading to its being taken from the owner management was a total of 13 million dollars "frozen" in loans to the Stevens and La Salle hotels. The hotels, also in receivership, and the insurance company were all controlled by the Stevens family.

Postal Officials on Case.

Postal officials are known to be active in the investigation of the Illinois Life's affairs. However, as in the case of the Insull utility empire collapse, the department of justice is expected to do the most of the investigation. Mr. Green, it is understood, took up the Insull case as well as the Illinois Life case at the conference. Formal action against certain Insull officials is anticipated soon.

Other important developments in the Illinois Life matter yesterday were:

1. Charges of laxity in the enforcement of state insurance laws, made by Attorney Herbert J. Friedman, representing ten policyholders who seek to intervene in the receivership litigation.

2. Granting by Federal Judge Wilkerson of a petition of the receiver to solicit and receive bids for reinsurance of the 70,000 policyholders involved. (The Illinois Life has 150 million dollars insurance in force.)

3. A discovery that Raymond W. Stevens, president of the Illinois Life, had borrowed $400,000 from the concern, but that the note given for that amount had been signed by a La Salle street broker "as an accommodation."

Calls Stock Worthless.

Arguing his motion to be allowed to intervene, Attorney Friedman said the report filed by Illinois Life with the state insurance department last January valued 1,800 shares of Stevens Brothers corporation in its portfolio at $600 a share, although any earnings were subject first to appropriation for interest on first and second mortgage bond issues.

The first mortgages were then quoted at 22½ cents on the dollar, Mr. Friedman asserted, and there was no market for the second mortgage bonds. On such a showing, he declared, the stock was without any worth.

These shares were held by the Illinois Life as collateral for a loan of $1,808,500 to George R. Ramer, its auditor. The Stevens Brothers corporation owns three structures in State street, the Venetian, the Columbus, and the Charles A. Stevens & Bros. buildings. James W. Stevens was chairman of the corporation's board and also chairman of the Illinois Life board.

Urges Correction of Laws.

"There is an opportunity here to correct conditions in the enforcement of our state laws that make such failures possible," Attorney Friedman told Judge Wilkerson. "Your honor has rendered a great public service in putting Al Capone in jail, and here is an opportunity to perform a greater service."

Judge Wilkerson took the motion under advisement, but declared that he would hear the lawyers at any time on the question of instructions

(Continued on page 2, column 4.)

THE WEATHER

WEDNESDAY, DECEMBER 21, 1932.

Sunrise, 7:15; sunset, 4:22. Moon rises at 1:31 a. m. tomorrow. Mars, Venus, and Jupiter are morning stars. Saturn is an evening star.

FATE OF BEER BILL IN HOUSE DECIDED TODAY

Many Amendments to Be Offered.

[Chicago Tribune Press Service.]

Washington, D. C., Dec. 20.—[Special.]—A call for the national government to end the domination of professional dry organizations and to enact the Collier beer bill was sounded in the house today on the eve of house action on the measure either late tomorrow or Thursday.

LEONIDAS C. DYER.

Representative L. C. Dyer [Rep., Mo.], a pioneer in the battle to end national prohibition, made the plea at the conclusion of six hours of sometimes drab and sometimes spectacular debate on the Collier measure, which provides for legalization of beer, 3.2 per cent alcoholic by weight and 4 per cent by volume.

Vote Due Today.

The Missourian's call for congressional emancipation from the professional drys was one of the highlights of a discussion of the merits of the beer legislation bill which saw thirty-five congressmen in action before general debate was closed and the way paved for bringing the measure up for amendment and vote tomorrow.

Today's discussion was featured by predictions that President Hoover would sign the bill, the administering of a reprimand by the acting speaker to William D. Upshaw, fanatical dry and prohibition candidate for President, a snappy scrap between Representative Fred A. Britten [Rep., Ill.] and an Ohio dry, and a rising of the dry south in a desperate last stand to stave off passage of the Collier bill.

One of the interesting and arousing developments of the afternoon came when Representative William I. Sirovich [Dem., N. Y.], a physician, carried sixteen bottles of four per cent beer and a bottle of whisky into the house and lectured the members on the beneficial qualities of beer as compared with milk.

Compares Beer and Milk.

His conclusion was that beer is more nutritious than milk in many ways. He asserted amidst laughter that inasmuch as it had the good qualities of milk without the fats, it should become popular among women who have a tendency to become stout.

Although both Democratic and Republican wets continued to predict that the Collier bill in some form would be approved by the house not later than Thursday, considerable apprehension was caused by a threatened holiday exodus of members prior to the taking of the beer vote. Majority Leader Henry T. Rainey [Dem., Ill.] said tonight that every effort was being made by the majority party whip to hold members in Washington until after the vote.

Avalanche of Amendments.

Immediately upon convening of the house at noon tomorrow an avalanche of amendments to the Collier bill will be rushed to the speaker's chair. Members today served notice that strong efforts are to be made to force an upward revision of the excise tax on beer from the $5 a barrel set by the Collier bill to $7.50 a barrel.

Another amendment would drop the alcoholic content of beer from 3.2 by weight to 2.75. Other amendments would make it necessary for states to pass beer laws before beer could be sold in their boundaries, declare the 3.2 per cent beer nonintoxicating and prohibit the law enforcement branches from administering the beer law any more than they would proceed against sales of coca cola, coffee or cigars.

Debate will be limited on each amendment and house leaders hope to force the measure to a vote before nightfall. Majority Leader Rainey said tonight that he was confident none of the amendments would cause enough of a split in wet ranks to peril the bill. He said that despite the fact the fight over beer was largely a nonpartisan one, Democratic leaders were bending every effort to get out the largest possible party vote so as to redeem the Democratic party beer pledge.

Taunt Southern Drys.

On several occasions during the debate this afternoon northern wets taunted the southern drys for repudiating the Democratic beer plank. The exchanges between the wets and the drys became exceedingly warm at times, as such epithets as bigot and

fanatic were tossed with abandon about the chamber.

At the debate's close Representative Melvin J. Maas [Rep., Minn.], the man who hit the front pages a few days ago when he disarmed a Pennsylvanian who flourished a six gun in the house chamber, admonished his colleagues for wasting so much time talking about the measure.

"This whole fight," the stanchly built, round faced, and good natured Minnesotan declared, "is just a sham battle. No votes will be changed by arguments. It is not a question of whether beer is to be returned. Beer always has been here. Every one knows that. The whole question is that of whether we are going to take the revenue for the government or leave it to the bootlegger. Unless we vote beer for revenue we will have to cut national defense again.

"And," he defiantly turned toward the southern drys, "national defense was written into the constitution before the 18th amendment."

Argue Revenue Features.

The revenue advantages of legalized beer figured largely in the whole debate. At the outset Majority Leader Rainey said that the sponsors of the bill thought it would eventually raise at least 200 million dollars.

Pressed by Representative Bertrand H. Snell [Rep., N. Y.], minority leader, Mr. Rainey said that it was possible the Democrats would not take steps to balance the budget until a short session was called by President Elect Roosevelt. He said that this did not mean that other revenue legislation than beer would not be brought in at this session.

Upshaw, a former member of the house and a professional paid lecturer for the dry cause, brought upon himself the wrath of the wets when he violated house rules by cheering a remark made by Representative Fritz G. Lanham [Dem., Tex.], a dyed-in-the-wool southern dry.

Moves to a Front Seat.

The prohibition candidate had entered the room quietly during the early part of the afternoon. As the debate waxed warm he picked up his crutches and moved to a front seat position. On several occasions he joined in the applause given dry spokesman.

Finally he laughed out loud at a dry sally by Lanham and dropping his crutches applauded wildly.

The display of enthusiasm angered Representative W. H. Stafford [Rep., Wis.], a wet.

"I want to know," he demanded suddenly of the chair, "whether former members of the house have the privilege of applauding during debate. My recollection is that former members are not supposed to take any part in the discussions."

"The gentleman from Wisconsin is right," ruled Representative William B. Bankhead [Dem., Ala.], acting speaker, before Representative Thomas L. Blanton, Texas Democratic dry, could voice a protest. Mr. Bankhead counseled Upshaw to remain quiet.

Britten and Lame Duck Clash.

Interest in the rather drab debate was quickened again a few moments later when Representative Fred A. Britten [Rep., Ill.] tangled with Representative Grant Mouser [Rep., O.], a lame duck dry.

Representative Mouser was tearing into the wets and defending his prospective vote against the Collier bill when Representative Britten suddenly interrupted.

"All you southern drys are controlled by the intolerant bigots of the professional prohibition organizations?" he said.

"What's that?" barked Mouser.

"I said you were a bigot and a fanatic."

"Oh," responded Mouser, "you're just daffy over beer."

"I may be daffy over beer," shouted Britten, red faced, "but I am coming back next year and you are not. You stuck up for the prohibitionist zealots and bigots and they made a lame duck of you."

Mouser flushed red and advanced toward the Chicago former amateur boxing champion.

Reasserts Hoover Will Sign.

"You," he declared, "showed how daffy you were by predicting that President Hoover would sign a beer bill. Then the President repudiated your statement."

"That's not true," retorted Mr. Britten. "I told the newspaper men after talking to the President that I was certain President Hoover would not veto a beer bill. I still believe that. I predict again now that he will sign a beer bill."

A couple of hours later after a flood of oratory, much of it reminiscent of the old medicine shows, Representative Sirovich arrived on the scene to put on his act. Three pages preceded him. Two placed a huge black board chart before the rapidly assembling legislators. Another began placing beer bottles and a bottle of whisky upon a small varnished table by the speaker's rostrum.

Then along came Representative Blanton. He was to deliver a five minute talk just ahead of the New York physician.

"Get this poppycock out of the way," he demanded peremptorily. The pages tugged away and cleared the scene. Mr. Blanton talked. He asserted that the brewers had spent millions in recent years obtaining control of the press, the radio and the motion pictures.

Then Sirovich came again.

Of medium height, compactly built and carefully dressed, the New York representative held up his hand for silence.

"I am going to appeal to your reason, not to your passions nor your emotions," he said. "I am going to show you the beneficial properties of beer and how closely they are correlated with those of milk. Take this bottle of whisky."

The physician, every eye in the room upon the triangular shaped scintillating bottle, waved it aloft.

Explains Whisky's Effect.

"Now, a drink of this would be through your system in no time," he said. "It would be in every cell in fifteen minutes. It is 54 per cent alcohol. You would have to drink more than the entire sixteen bottles of beer on this table to get the same effect as you would get from a few drinks of this bottle. Beer is absorbed slowly. The alcohol is released through the intestines."

Representative Sirovich picked up a ruler.

"I am going to lecture to you just as if you were a medical class," he continued. "I am going to prove to you scientifically that the contents of beer are almost identical with those of milk. The only thing found in milk that is not found in beer is fat. I want to put the following table in the record. It shows beer has a larger percentage of carbohydrates than milk. It shows that beer contains many minerals absolutely indispensable to life and health."

Concluding, Mr. Sirovich turned to the speaker and asked if he could pass the evidence around.

Acting Speaker Bankhead replied "No," as Representative Britten spoke up.

"Take it to the Republican cloakroom," he suggested.

The liquor was taken to one of the offices of Majority Leader Rainey and photographed. Later photographers carted the evidence away. The labels on the bottles said one-half of 1 per cent. Whether the contents had been spiked or a hoax played on the house was not ascertainable. None of the photographers nor any of the evidence could be found.

Tells of Wheeler's Power.

A few seconds later, Representative Dyer rose to pay his respects to Wayne B. Wheeler, dry czar during the days when prohibition was written into the constitution.

"I have just read a biography of Wheeler," Mr. Dyer said. "The author states, and he was in a position to know, that Wheeler dictated to two Presidents, directed the activities of congress for many years and held the balance of power in both parties for years.

"In November, the people spoke. They condemned prohibition in no uncertain language. It is up to us legislators to throw off the yoke of the Anti-Saloon league. Let us not let the Anti-Saloon league prevent us from passing the Collier bill."

Stafford Has the Evidence.

Among those who spoke authoritatively on the question of higher beer during the debate was Representative Stafford.

"Now, about 3.2 beer being intoxicating. It isn't," he said. "I can vouch personally for 2.75, because I still have some Pabst brew left over from before prohibition.

"I know that now you'll want to come out to see, and sample, my cellar."

"Mr. Chairman, this is the beer bill about which we have heard so much," Representative Rainey said in opening debate. "It is easily understood," and during the brief time I shall address the house I shall simply try to put into the record an explanation of the measure. The alcoholic content is fixed at 3.2 per cent by weight, and the tax is $5 per barrel not to contain more than 31 gallons.

"While the evidence before the ways and means committee was conflicting, it showed in my judgment, that beer containing not more than 3.2 per cent of alcohol by weight is not intoxicating. Prof. Yandell Henderson of Yale university, probably the greatest authority that we have in the United States on poisons, made the statement before the committee that a glass of beer containing the percentage of alcohol included in this bill was no more intoxicating than a cigar or a cup of coffee.

Cite Revenue Feature.

"The tax of $5 a barrel is the impelling motive which prompts a great many members to vote for the bill. We are anxious to get as much revenue as we can. Beer was first advocated as a beverage in the United States by Thomas Jefferson. In 1862 we commenced to tax beer and it has been taxed since that time. The largest amount of revenue derived from beer was in 1918 when we collected 121 million dollars."

"What I want to know," demanded Representative Snell, interrupting, "is whether the beer bill is to be the only revenue measure to be brought up by the Democrats at this session."

"It may be necessary," Rainey replied, "to resort to other sources."

"Well," observed Snell, "I would remind the gentleman from Illinois that the Democratic platform was equally as emphatic in its pledge to balance the national budget as it is for modification of the Volstead act. Does the gentleman's party intend to balance the budget?"

"Yes," replied Mr. Rainey.

"Are you going to do it at this session of congress?" persisted Mr. Snell.

"I don't know whether it's going to be done before this session is over," the majority leader replied.

"The gentleman's party has left us with a pretty big job but we are going to balance the budget."

New York Dry Attacks Bill.

Shortly after the Rainey-Snell brush Representative Frank Crowther [Rep., N. Y.], one of the few dry members of the ways and means committee, rose to attack the bill. He declared that if the balancing of the budget was dependent upon the revenue to be derived from beer it would be out of balance for a long time."

COMMUNISTS PROTEST MOVIE.

Chicago avenue police yesterday dispersed a group of 50 communists from in front of a theater at 153 East Chicago avenue, where they were holding a demonstration against a picture shown there. No arrests were made.

NO WOLF AT DOOR OF GRIFFIN, GA.; HAS $72,000 IN TREASURY

Griffin, Ga., Dec. 20.—(AP)—There is no wolf loitering around the door of the municipal treasury in Griffin.

The city had $72,079 cash on hand today, $10,000 is due from the board of education and there was no business for the bill collector. All bills have been paid.

In the face of extensive expenditures for civic improvements, the tax rate recently was reduced from $1.80 to $1.55, and yet the cash assets have increased $51,000 within the last two years. Meanwhile, the bonded indebtedness was reduced on schedule.

Griffin's population listed in the 1930 census was 10,321.

U. S. SEEKS MAIL FRAUD EVIDENCE ON ILLINOIS LIFE

Lawyer Attacks "State's Laxity" in Crash.

[Continued from first page.]

to the receiver and on such plans for a reinsurance as may be submitted. He directed that notice of the proceedings be served upon Attorney Friedman.

The court indicated that he might permit the filing of Mr. Friedman's petition, which makes allegations of fraud and mismanagement on the part of the Illinois Life officials and attacks the propriety of the receivership, but that he would immediately entertain a motion to dismiss it. In this manner the lawyer's record would be preserved.

Attorney Friedman asserted that the insurance company had made a $9,000 loan on security worth only $3,000 to E. C. Wharf, general agent of the company in Indiana and a close friend of the Stevens family. He pointed out that Mrs. Elizabeth Jane Wharf, wife of the agent, asked earlier to be allowed to intervene. She should not be allowed to do so, he said, because of her husband's connections with the company.

Mrs. Wharf's attorneys retorted that she owned a $65,000 policy with a cash surrender value of $27,000 and that this was more money than was represented by the ten Friedman clients.

$400,000 Loan to Stevens.

In granting the petition of Gen. Davis concerning reinsurance, Judge Wilkerson instructed the attorneys to pay particular attention to state laws under which bidding companies operate. The state laws, he said, should be amply rigid to protect policyholders.

The $400,000 Raymond W. Stevens loan was an intricate transaction. Arthur Marriott, assistant to Gen. Davis at the Illinois Life offices, said that the loan was made on May 31, 1927, to John W. Douglass, who signed his name to a note for that amount. As security the insurance company received 1,350 shares of Hotel La Salle common and 2,225 shares of Hotel La Salle preferred stock.

The stock certificates, it was said, all were issued originally to Raymond W. Stevens and were indorsed by him in pencil. The note and the loan stood unchanged, without payment on principal, until March 31, 1931. The note was then renewed, the maker being George L. Douglass. Not until early this year was any payment in principal made, according to the receiver's assistants.

Between March 29 and July 1, 1932, payments reduced the principal to $210,285, which, with interest, is still due.

John W. Douglass, original signer of the note, is a broker at 209 South La Salle street. The second signer, George L. Douglass, is his son. The elder Douglass explained yesterday that he had signed the document solely as an accomodation to Mr. Stevens, a good customer of his house, and that he never saw a penny of the money. Last year, he added, he told J. W. and R. W. Stevens that he expected to be away from Chicago and that he did not like to have his name on the note. George L. Douglass then volunteered to sign, and did so.

La Salle street does not regard such transactions as unusual; instead they are looked on as expressions of perfect faith in the probity of the person accommodated.

Audit Near Completion.

The agents of Gen. Davis said they hoped to complete their audit of the insurance company's books today or tomorrow, when it is expected that the relationship of the Lincoln Securities company and the Illinois Life will become known. The Lincoln Securities company, also controlled by the Stevens family, borrowed $1,160,000 from the insurance company on collateral which had a market value of $16,000 when the company failed last month.

A bill of complaint seeking an accounting of the assets of the Stevens hotel, another enterprise of the Stevens family, and requesting that foreclosure proceedings be instituted on $15,000,000 of first mortgage bonds, was filed in federal court yesterday. Attorney Perry Chadwick filed the bill on behalf of the Harris Trust and Savings company, trustee for the first mortgage bond issues. None of the principal has been paid on the bonds and the interest was defaulted on July 1.

Judge Wilkerson entered an order extending the present receivership of Arthur B. Hall, left in sole charge of the hotel by the resignation last week of Ernest J. Stevens, president, as co-receiver. Attorney Chadwick said the hotel would continue to operate in equity receivership and that he expected no decree of sale in the near future.

Otis Points Out Error.

Joseph E. Otis, chairman of the board of the Central Republic Bank and Trust company, said that a statement in THE TRIBUNE that his note to the Illinois Life for $116,000 was secured, in part, by 515 shares of Central Illinois Securities company stock, was erroneous. Mr. Otis said that prior to 1911 the Illinois Life Insurance company had a large block of stock in the old Western Trust and Savings bank, and that in connection with the reorganization of the bank he and a group of men purchased some of the stock.

The insurance company carried Mr. Otis' note, on which the interest was paid, and he received dividends on the stock. In January, 1932, Mr. Otis said, he deposited certain Joint Stock Land bank bonds as additional security.

The auditors found that the insurance company officials had bolstered collateral loans with Central Illinois Securities shares, without the knowledge of some of the borrowers, and the books of the company listed 515 shares as being collateral for Mr. Otis' loan. It was their understanding, however, that in Mr. Otis' case the stock belonged to him and was not borrowed from the Lincoln Securities company, as was done in other cases.

Named Special Prosecutor.

State's Attorney Thomas J. Courtney announced yesterday that Prof. James Cherry, instructor of law at De Paul university, had accepted the appointment as special prosecutor for the state's investigation of the Illinois Life Insurance company failure. Prof. Cherry will begin his inquiry at once.

Department of Justice officials in Washington stated yesterday that a federal investigation of the insurance company's affairs had been ordered.

CONGRESS BEER ARGUMENT LIKE 2 A. M. IN KITCHEN

Afternoon Kidded Away with Old Bromides.

BY WESTBROOK PEGLER.

[Chicago Tribune Press Service.]

Washington, D. C., Dec. 20.—[Special.]—The boys in the house of representatives got out their prohibition game again this afternoon and there were times when you could close your eyes and swear that you were not in the house of representatives at all but out in the kitchen of somebody's flat about 2 a. m. of a Saturday night, with one fellow sitting on the drainboard of the sink swinging his legs and peering dizzily into the heel of a flat high-ball, another one sitting on the enameled table, another one leaning against the icebox and others sitting and leaning here and there, all arguing the same old thing at once.

"Put thousands of men back to work in the breweries and bottle works and——"

"Put the bootleggers out of business and get all that revenue for the government——"

"And what about the farmer, with the breweries buying all that malt and hops——"

Useless to Get Sore.

The boys were arguing about the bill to legalize 3.20 per cent beer which would not be good beer but a slightly better mock-beer than the brews which have been permitted under the Volstead act and kidding one another and the citizens. The citizens are not caring for beer now and even if this 3.20 beer were good they wouldn't like it, but it is useless to get sore at congress which is just some 400 people arguing in the kitchen of somebody's flat about 2 a. m. of a Saturday night.

Except, of course, that while they argue and rib one another their pay and clerk hire and the heat and light and printing bills and all the other overhead of a session of congress go on and on.

A Mr. Malcolm Tarver of Dalton, Ga., a dry, made the hit speech of the afternoon, leading off with something about the Christmas spirit and the little town of Bethlehem, but he choked up with his emotions, the papers in his hands rattled, and his oration faded into confusion and static whenever you seemed to be on the point of detecting some meaning in his remarks.

Lost on a Cynic.

Just in front of Mr. Tarver, who is baggy and distinctly rural, and undoubtedly a God fearing man, sat the slick, impish, urbane figure of the member from Brooklyn, N. Y., Mr. Loring Black, who may be seen around places at night on his own home grounds and is personally acquainted with Primo Carnera.

Mr. Black was a classmate of the late Bill Fallon, the great mouthpiece of the New York underworld, at Fordham university, and he has seen evidence that prohibition has not been a success.

Mr. Black is a great cynic who cannot be swayed by tremulous oratory. Having been a courtroom lawyer in a tough part of town and a politician for years, he is not a bad hand at the tremolo himself. It isn't hard to learn, anyway. You constrict some little jigger in the neck, bat the eyes rapidly to inflame them, holler "Mother," blow your nose and squint over your handkerchief at the tough juror sitting in the seven spot to see if you have got him going yet.

Small, gray, and very natty by contrast with some of the big, moist lumps from the hills and swamps, Mr. Black cannot be persuaded to prohibition now by a mere allusion to Bethlehem, and, in a pinch, he probably could dig up something out of the books to show that somewhere in Bethlehem that night there were people drinking Tom and Jerry out of a bowl and buying tickets on a turkey raffle.

Spoiling His Stride.

As Mr. Black sat there, sliding his tortoise shell specs up and down his nose and leering slightly at the fervid member from Georgia, he several times seemed to be on point of interrupting to ask Mr. Tarver: "Will the gentleman yield?" and then throw him out of his stride by asking: "What Bethlehem is this that you speak of? Bethlehem, Pa?"

They have a way of doing that sort of thing. They wait until one of the solemn brothers is just at the top of his swing and then ask him some question to make him wild.

Mr. Fred Britten of Chicago, a wet, does this very well and there is a chunky, red faced dry named Mouser of Ohio, who guessed wrong in the last election and lost his job, who picked on a wet from Milwaukee, named Stafford and was like to get himself punched in the nose.

Mr. Mouser's timing was positively fiendish as, in a husky barking voice, suggesting a sea lion in a tank, he repeatedly asked, with a mischievous grin, "Will the gentleman yield?" And Mr. Stafford had to break off and holler back, "Refuse to yield; refuse to yield."

Britten Is High Man.

Mr. Britten is a Tex Rickard for publicity, with an uncommonly shrewd sense of news values and he made himself the high man of the debate just by remarking that if the beer bill passed, President Hoover would not veto it. Mouser was on the floor at the time and Mr. Britten had been kidding him—they put in a good deal of time kidding in the house of representatives—about the fact that he was voted out of office for his stand on prohibition.

When Mr. Britten said the President wouldn't veto the bill if it passed Mr. Mouser fell and demanded what right he had to commit the President of the U. S. A. to anything whereupon Mr. Britten said he had seen a letter of Hoover's saying he did not think 2.75 beer was intoxicating. So up hopped another brother to ask when the letter was written and Britten said, "back in 1918."

At that, having made the news in a bigger way than any of the boys who were yelling with sweaty diligence to score in the papers, Mr. Britten picked up his papers, tossed a smile around the meeting and withdrew to his office.

Willie Upshaw of Georgia, a dry who used to be in congress and has made a very good living out of his principles as a statesman and lecturer, showed up and annoyed Mr. Stafford, the wet from Milwaukee, by clapping his hands for some remark by some dry. It seems that when a man loses his job in congress he is still allowed to come into the place if he behaves himself, which is a very useful privilege to an old grad who may pick up a connection as lobbyist for the wets or drys or whatever, as it enables him to do his buttonholing in the midst of things. Mr. Stafford let out a holler over Mr. Upshaw's applause and the chair had to remind Mr. Upshaw that the alumni were supposed to sit quiet among the undergrads if they didn't wish to be heaved out.

So they hollered and kidded the afternoon away and the net result was more expense for the printing department to record all the old familiar bromides that have been yelled around the floor of the house and in a thousand kitchens and Pullman smokers and hotel rooms and street car platforms for fifteen years.

And so, also, even if they pass a beer bill, that won't guarantee beer because the senate may decide that it will have to be blue beer and restrict the sale of even that beer to half pints on clergymen's prescriptions. And after all that who knows but that Mr. Hoover—the fat guy as I find some people calling him informally—will just write "no" across the face of it and leave things exactly as they were.

Chosen as Leaders of American Women in Last 100 Years

MARY BAKER EDDY | CLARA BARTON | CARRIE CHAPMAN CATT | AMELIA BARHART | JANE ADDAMS | DR. MARY WOOLLEY

JULIA WARD HOWE | HELEN KELLER | SUSAN B. ANTHONY | HARRIET BEECHER STOWE.

Ten of the twelve women considered the greatest leaders of their sex in America in the last 100 years. The other two are Frances Willard and Mary Lyon.

(Story on page 1.)

500 DEER HUNTERS IN MAINE BLOCKED BY FLOODED HIGHWAY

Caratunk, Me., Dec. 20.—(AP)—Nearly 500 unhappy deer hunters, whose homeward trek was blocked here by the Kennebec river's overflow of the main highway from Quebec, had dug in tonight to await rescue or had turned back to enter the state by another route more than 150 miles out of their way.

Those who remained sought shelter in overnight cabins scattered along the road between here and Jackman, few of which were adapted to winter occupancy. Most of the stranded men and women were without funds—Maine residents who had gone into the woods for deer with which to stock their larders for the winter.

Among them there was no revelry and no disposition to regard their plight as an adventure. Some were hungry and not a few had families somewhere beyond the mile of swirling water and ice choked highway with whom they were eager to spend Christmas day.

3 BOYS CONFESS SNATCHING MORE THAN 60 PURSES

Three youths, who were arrested on suspicion Monday night at 68th street and Stony Island avenue, confessed to more than 60 purse snatchings yesterday at the Woodlawn police station. They identified themselves as Joseph Stasny, 17 years old, 6823 South Claremont avenue; Philip Wajcik, 22 years old, 5652 South Homan avenue, and Edward Mack, 20 years old, 2343 South Kolmer avenue.

They were seized by Sergt. William Loftis and Detective Thomas St. Lawrence. After arresting the trio, the same policemen returned to the corner and seized Claude Lenon, 23 years old, as he got into a stolen car. Lenon admitted that he had taken the car from John E. Erickson, 1020 Austin avenue, Evanston, in a robbery on Dec. 9. Two victims of filling station robberies appeared yesterday and identified Lenon, police said.

AUDITOR ORDERS DIVIDENDS BY 5 CLOSED BANKS

State Auditor Oscar Nelson yesterday ordered five banks closed in Cook county to make payments on account to depositors at once.

The Hubbard Woods Trust and Savings bank will distribute $38,400, or 20 per cent; Italian Trust and Savings bank, $67,300, 10 per cent; Cicero Trust and Savings bank, $34,300, 5 per cent; Adams State bank, $28,900, 7 per cent, and Division State bank, $94,000, 15 per cent. The Forest Park Trust and Savings bank was authorized to increase its dividends from 5 to 10 per cent, making its total disbursement at this time $145,600.

According to the state auditor, thirty-seven closed banks in the county will have paid out before the end of the month a total of $2,760,400.

Circuit Judge Hugo Friend yesterday directed C. W. Davenport, receiver for the Division State bank to distribute $96,000 to depositors. The distribution amounts to 15 per cent of the deposits. The payment will be made from the proceeds of a loan obtained from the Continental Illinois National Bank and Trust company by pledging the securities held by the receiver under the new banking act adopted at the last election.

Menace Girl Employes, Rob Lying-In Hospital

Two armed men last night entered the office of the Chicago Lying-In hospital at 5841 Maryland avenue and, after threatening two girl employés with pistols, took $21 from the cash drawer and fled. The girls are Miss Bonita Wilhoit, clerk, and her assistant, Miss Mary Pete.

CITY IS PAYING; SCHOOLS GET CHECKS TODAY

Money Also Is Ready for County Employes.

Employés of the school board, county and sanitary district will get Christmas checks for two weeks' pay today. Payment of city workers started yesterday, but many policemen and firemen and some other employés will not get their checks until today.

The Christmas pay rolls were made possible by the purchase of $5,577,000 worth of tax warrants by Chicago banks, at the recommendation of the citizens' committee on public expenditures, which on Monday announced the success of its efforts to persuade the four local governments whose employés are being paid to place economy limits on their 1932 tax levies.

Plan Warrant Sale Drive.

After the present pay day the hope of more than 40,000 public employés of collecting more than 45 millions in back wages still due them will depend upon tax collections and purchases of tax warrants by the general public. In his announcement Monday Fred W. Sargent, chairman of the citizens' committee, said that in the opinion of the committee it will be impossible for the banks to advance further funds for pay rolls.

Mr. Sargent said that the citizens' committee is planning a drive to sell tax warrants to citizens. Aside from the general security afforded by the fact that the warrants are a first lien on tax collections, it was pointed out that they offer perfect security to any taxpayer, since he can use them in paying his tax bills. The tax warrant drive, however, will not be started until after New Year's.

Overdue Pay Tabulated.

The amounts which various local governments still owe their employés, and the dates to which employés have been paid at present, including the pay today and yesterday, follow:

	Paid to	Total owed.
Schools	May 15	$21,000,000
City	Sept. 1	15,600,000
County	July 1	5,450,000
T. B. Sanitarium	Sept. 1	200,000
Sanitary district	Sept. 15	750,000
Lincoln park	Aug. 15	370,000
Total		$44,270,000

No figure is given above for the west park board, whose accounts are reported to be in a scrambled state. West park employés have had only one month's pay in cash in the last 14 months, and Robert J. Dailey, secretary of the board, said yesterday that he was unable to tell how much the board owes.

South park employés are paid to date, and those of the public library practically so. Rudolph Mulac Jr., auditor of the forest preserve district, said that its employés will get their December pay checks, totaling $50,000, today. The preserve district has issued no tax warrants as a lien upon its tax collections, and consequently has been able to use current tax collections to meet pay rolls and to clear up a considerable percentage of its bond defaults.

Warren Wright, president of the Lincoln park board, said that he is working on a plan to sell tax warrants in the hope that the board can pay its employés their back salaries in full before the present commissioners leave office next month.

The firemen's pension fund arranged yesterday to meet its November rolls, which were two weeks overdue. To meet payments of $126,000 to 1,800 retired firemen and widows and orphans of firemen, the pension trustees had only $16,000 in cash. The trustees arranged to get the rest of the money from other city funds.

Money for Discharged Workers.

In addition to a half month's pay roll for regular employés, the county will also pay former temporary workers in the office of Assessor Jacobs, who were laid off when their work was finished. Some of these employés, because of the delay in meeting all county pay rolls, had worked five months without pay.

The county board met and adjourned without taking action on the resolution, previously passed by its finance committee, limiting county levies for 1933, outside of those for bonds and interest, to $12,650,000. Action was postponed, commissioners said, because no word had been received from the Sargent committee, which originally set a 12 million limit for the county, as to whether the figure embodied in the finance committee resolution would be satisfactory.

No Bids for Relief Bonds.

The board meeting was called to receive bids on $17,000,000 in poor relief bonds which the legislature recently authorized Cook county to issue. When the sealed box which had been placed in the board rooms for the receipt of bids was open its bottom was bare.

A special committee of the board will confer with the Illinois emergency relief commission on the sale of the bonds. The president of the board and the county controller will probably be authorized to sell the bonds piecemeal as they get offers, at a minimum price fixed by the board.

CHICAGO AND GREEK PROSECUTORS CONFER ON INSULL'S CASE

[Chicago Tribune Press Service.]

ATHENS, Greece, Dec. 20.—Anthony Reganakos, prosecutor of the Greek court of appeals, held a one hour's conference today with Andrew J. Vlachos and Charles A. Bellows, assistant state's attorneys of Cook county, Ill., over the question of extraditing Samuel Insull, former Chicago utilities magnate. Reganakos consulted the Chicagoans on points of American law affecting embezzlement, larceny and larceny as bailee. Reganakos also asked the prosecutors to define a grand jury.

'TWAS the week before Christmas and all through the store
The customers buy gifts and clamor for more.
The salesgirls all stand at the best of attention
To help with suggestions too numerous to mention.

$2.95

WHEN down on the first floor there arose such a clatter
The floormen all rushed to see what was the matter.
'Twas the new "skirted" bag that caused all the din.
To describe its rare smartness, it's hard to begin.
First, its price is amazing at two ninety-five,
The brown or black leather in calf all connive
With the vagabond style—to make up the reason
Why it's one of our best gift bags of the season.

Handbags—First Floor

$1.25 doz.

REPEAL the amendment—the eighteenth of course—
Is the motto inscribed on these glasses, perforce.
Not too small nor too tall, but just the right size.
As an answer to gift problems, this is a prize.
Two yellow, two orange, two black and two red,
Two white, two green mottoes—assorted, as said.
A dollar 'n' a quarter they cost by the dozen.
Give some to your dad and your favorite cousin.

Gift Galleries—Mezzanine

$2.25

THE BEADS, how they twinkle; the brilliants, how merry!
The bead evening belt is the last word, oh very!
Some are jet black with a small middle row
Of silvery-like beads as shiny as snow.
Two twenty-five buys the sketched one, all white.
From one dollar to two seventy-five, they're just right
To wear with a frock when one is dressed up
For theatre, dancing, and later to sup.

Belts—First Floor

50c

50c

$1.10

WHEN wrapping of presents is about to begin,
Remember small perfumes are fine to "tuck in."
For fifty small cents, there's D'Orsay's "Casino,"
And Feu Follet, too—fit for a queen-O.
For one dollar ten there's Renaud's "Sweet Pea,"
And the odor of orchid—fragrant as can be.
Any one adds zest, and an air very gay
To the present you're giving on this Christmas Day.

Toiletries—First Floor.

$1.00

ALL plated with chromium, so shiny and bright;
A gift for a girl who has everything right.
A flexible necklace, so flattering to wear.
To give such a gift shows you have a flair.
This is but one at the price of a dollar.
We've ever so many to take the place of a collar,
With necklines so high—and the price yet so low,
You can give jewelry where'er presents go.

Costume Jewelry—First Floor

AS our space and the season draw nigh to a close
The whole Stevens Store has a toast to propose
To our very good friends far away or right here:
"Happy Christmas to all—and to all a good year."

Chas. A. Stevens & Co.

BOARD CANCELS SEVEN CHARITY FUEL CONTRACTS

Large Savings Expected from New Bids.

The seven charity coal contracts were voided yesterday by the Illinois Emergency Relief commission which drew up new specifications and forwarded them to the county board of commissioners with the request that the board advertise for new bids. The new contracts are expected to result in large savings in Chicago's charity fuel bill.

The old contracts were voided with the consent of the contractors, officials of the commission said. All seven contractors admitted substituting a different grade of fuel than that specified in their contracts which called for Illinois coal mined in Franklin or Williamson county. If an investigation shows that the substituted coal was of inferior grade, the contractors have agreed to make restitution, it was said.

To Continue Deliveries.

Although the contracts are voided six of the dealers will continue to fill fuel orders for the relief commission until the new contracts are awarded, Edward L. Ryerson Jr., chairman of the commission, said. F. Bieschke & Sons, the seventh contractor, will stop delivering charity coal today. An audit of the Bieschke company books has revealed that the contractor had delivered no coal up to contract specifications since the signing of his contract last April.

"The contractors have agreed to advise the commission of the amount of nonspecification coal delivered and the price paid, and to allow the commission auditors to verify their statements," Mr. Ryerson said. "If it found that the coal they delivered was cheaper than the coal specified, they agree to refund the difference to the commission. The commission will make these audits immediately.

"Some of the dealers have advised the commission that because of labor troubles in the Illinois coal fields last summer, they were unable to obtain the coal specified in the contracts and had to deliver coal mined in other districts.

Confer with State's Attorney.

"The officers of the commission have had conferences with the state's attorney and agreed to give him all information with regard to violation of contracts on the part of any dealer."

The contracts were voided by the following committee: Mr. Ryerson, Joseph M. Cudahy, vice chairman, and Victor A. Olander, secretary of the Illinois Federation of Labor, all members of the commission, who were delegated full authority to act for the commission.

The new specifications for charity fuel were prepared for the commission by F. D. Reed, vice president in charge of purchases of the Rock Island railroad; H. H. Brooker, purchasing agent of the International Harvester company, and William Ruf, purchasing agent of the Cudahy Packing company. Mr. Ryerson said he believes that coal meeting these specifications will be entirely satisfactory, and will result in a considerable saving.

Fixes Size of Coal.

The specifications call for "prepared egg coal, 3 by 1½ inch, passed through round hole screen or its equivalent, of uniform quality, free from slate, dirt and all other foreign matter, and having a moisture content of not more than 14 per cent, ash not over 12 per cent and not less than 10,500 British thermal units [a heat measure] per pound.

The specifications state that the coal must come from the following Illinois districts: Central, Wilmington, Danville, Peoria-Fulton, Atkinson, Perry and Jackson, Franklin or Williamson counties. It is to be delivered in one ton lots, dumped at the curb. Extra charges are provided for delivery in half ton lots, in 85 pound bags dumped at the curb and in 85 pound bags carried into the house, not above the first floor.

The old contracts specified only Franklin and Williamson county coal, delivered in the house in 85 pound bags.

WOUNDS KKL DETECTIVE.

Los Angeles, Cal., Dec. 20.—(AP)—Detective Lieutenant Paul T. Lee died today from wounds received last night in a revolver fight with a man believed to have been A. N. Holeman, 35, an ex-convict.

NEWSPAPER UNION PRINTERS GO ON 5 DAY WEEK STARTING JAN. 1

Indianapolis, Ind., Dec. 20.—(AP)—Union printers employed by newspapers will work on a five-day week basis commencing Jan. 1, headquarters of the International Typographical union announced today upon completing tabulation of a recent referendum.

Members of the union, the final vote showed, favored the five-day week, 32,073 to 13,010. Each union printer in a newspaper plant, under terms of the adopted plan, will be required to miss one day's work each week, employing a substitute.

Local unions whose members are employed by commercial printing businesses are required by the new regulation to negotiate similar contracts with their employers as soon as possible, so that they will be working only five days weekly also.

Woodruff Randolph, secretary of the international union, announced the result of the vote on the shorter week proposal and other proposals voted upon.

One which would have changed the membership assessment was defeated, 28,355 to 21,886. Another which would have revised the pension system was lost, 26,113 to 23,377. Three minor changes in the constitution were approved "overwhelmingly," Mr. Randolph said.

COOK'S RELIEF BILL PASSES BY ONE VOTE MARGIN

Virtually Ends Work of 57th Assembly.

BY PERCY WOOD.
[Chicago Tribune Press Service.]

Springfield, Ill., Dec. 20.—[Special.]—By the margin of one vote the $1,600,000 Cook county emergency relief house issue was passed by the Illinois house of representatives late today and goes to the governor, virtually ending the work of the 57th general assembly.

An emergency measure, the bill required 102 votes. It received 103 after Chicago leaders had spent an anxious thirty minutes waiting for absentee members and some absentees recorded by telegraph. At 4 p. m. only 65 representatives were in the chamber, but stragglers came in gradually, and finally, it seemed safe to call the bill on third reading, the passage stage.

Emmett Whealan, president of the Cook county board, was the prime sponsor of the measure. As explained by Minority Leader Michael Igoe of Chicago, the county incurred the debt during a period early this year when private funds for charity relief in Chicago had been exhausted, and before the twenty million dollar relief bond issue had been passed.

"The board paid the bills during thel nterim," said Igoe, "but the Supreme court held that the deficiency could not be made up from the bond issue. This bill will allow the board to issue bonds to cover the deficiency. It has the approval of relief organizations and Chicago leaders."

No opposition developed and all present voted aye.

16 Months of Assembly.

This completed the work of the session, for the arjournment resolution offered by Solomon P. Roderick [Rep., Chicago] provided that when the house quits work tomorrow after a perfunctory session it will adjourn sine die after waiting with the senate for any final message from the governor.

For sixteen out of the last twenty-four months the 57th general assembly has functioned. The regular session began in January, 1931, and lasted through most of June.

In November the members met again in the first special session to pass the Chicago relief bills. Three special sessions were running concurrently within a few weeks as the work was enlarged, and these continued through April. After the summer the session continued in September with consideration of further relief measures for Chicago, which were concluded today.

Two weeks from tomorrow the new, the 58th, assembly convenes, and many of those here today will be back.

Shanahan's Valedictory.

Tomorrow's sine die adjournment will mark the close of the speakership of Representative David E. Shanahan [Rep., Chicago], who, unless some sort of political miracle is performed, will cease to preside over the house. Mr. Shanahan holds a record of 18 years of service in the Illinois house and is concluding seven terms as speaker, a record unsurpassed by any other speaker in the country.

Warm regrets were offered the speaker tonight by members from both sides of the house—where he is universally respected—but it seemed he treasured most the congratulations of his old friend, Homer J. Tice [Rep., Greenview] and of Minority Leader Igoe.

Neither will be back in January. Tice did not choose to run again, after 26 years in the house, and Igoe ran for the nomination for governor last spring and was defeated.

BRIDE 'HYPNOTIZED' SON INTO MARRIAGE, YOUTH'S FATHER SAYS

Seattle, Wash., Dec. 20.—(AP)—A suit for annulment of his son's marriage on the ground that the bride hypnotized the bridegroom into matrimony was filed here today by Glen Parks, father of 20 year old Earl E. Parks. Young Parks married Thelma G. Schwartz, 28, a month ago. His father's complaint contends she was a widow "of strong, dominant, commanding, occult and hypnotic powers, especially when in the slightest degree under the influence of liquor."

OFFICIAL ENTRY OF WINTER TODAY TO BE SPRINGLIKE

40 Degrees Maximum Is Predicted.

Winter will arrive officially at 7:15 o'clock tonight when the winter solstice occurs. Weather of springtime mildness was promised by Forecaster J. R. Lloyd. The temperature is expected to reach a maximum of 40 degrees in the afternoon. Mr. Lloyd predicted cloudy skies and light snow.

If the temperature rises to 40 it will be 7 degrees above the normal maximum of 33 degrees for this time of year, but still it will be 15 degrees lower than the first day of winter last year. The 55 degree maximum temperatures of last year's winter solstice, which occurred on Dec. 22, broke all records here since 1875, when the official reading was 57 degrees.

Coldest in 1872.

The coldest winter solstice in the history of the Chicago weather bureau and the lowest temperatures ever recorded in Chicago took place in 1872. On Dec. 21 of that year the official reading was 12 degrees below zero, on Dec. 22 21 below, Dec. 23 18 below, and Dec. 24 23 below.

Today will be the shortest day of the year, with sunrise at 7:15 a. m. and sunset at 4:22 p. m. The difference will be only a matter of seconds as compared to yesterday.

Sun's Course Turns North.

The winter solstice takes place when the rays of the sun fall vertically upon the Tropic of Capricorn, the farthest point south at which the sun's rays fall vertically. After the solstice the apparent course of the sun again turns toward the north. The days then continue to become longer and the nights shorter in the northern hemisphere and vice versa in the southern half of the globe. In March comes the vernal equinox, when the sun's rays shine vertically on the equator. Day and night are equal then and spring begins.

In June the sun reaches the Tropic of Cancer, its farthest point north, and this is called the summer solstice. At that time the northern hemisphere has its longest day and the shortest night. The fall equinox usually falls on Sept. 22.

POLICEMAN SHOT IN BATTLE WITH FOUR ROBBERS

Policeman Albert Chap of the Brighton Park station was shot yesterday in a gun battle with four robbers at 4251 South Francisco avenue. A bullet lodged in his neck. At St. Anthony's hospital it was said there was hope for his recovery.

Policeman Chap and his partner, Frank Parchal, were sent to the scene on a telephone complaint that a man and woman were fighting. Chap went to the front of the building at that address and Parchal to the rear. The robbers, running out the front door, ran into Chap and the shooting followed.

The men had been in the apartment of Mrs. Johanna Kunz, who was beaten and then robbed. Mrs. Anna Hirsch, who lives in the flat above, said she called the police.

CONGRESS BLOC OF 150 TO PUSH FARM MEASURES

Organization of a congressional farm bloc of about 150 members to give bi-partisan support to agricultural relief demands in the short session of congress was announced yesterday in a telegram sent to the Chicago offices of the American Farm Bureau federation by Edward A. O'Neal, president of the organization, who is in Washington.

The bloc program, according to O'Neal, includes measures for the expansion of currency, for lowering the price of the dollar, stopping farm mortgage foreclosures and giving economic equality to agriculture and labor.

FIRE BREAKS OUT IN KING ALBERT'S BRUSSELS PALACE

(Picture on back page.)

[Chicago Tribune Press Service.]

BRUSSELS, Belgium, Dec. 20.—Fire broke out in King Albert's early 19th century palace this morning. The blaze was extinguished in two hours by the fire brigade supervised by Burgomaster Max, himself. Crown Princess Astrid watched the fire fighters from one wing of the palace. King Albert and Queen Elizabeth were absent. The king was inaugurating the Antwerp tunnel underneath the Scheldt.

The fire had smouldered for nearly 24 hours beneath the roof. It damaged the outer framework and balustrade in the left wing. Officials said the conflagration was due to neglect on the part of workmen who were repairing the roof over Prince Charles' apartment.

The royal palace is in the center of the old part of the city and fronts on the Place des Palais and the Parc. At the left is St. Jacques sur Coudenburg and in the rear and to the right are the king's gardens. The Palais du Roi was built in 1827-29 on the site of the old ducal castle which was burned down in 1731. It has been enlarged and completely altered under the supervision of C. Girault, a French architect.

Death of Furrier in 20 Story Fall Held Suicide

A coroner's jury yesterday returned a verdict of suicide at an inquest into the death of Max Menacker, 48 years old, who fell to his death earlier in the day from a window of his flat on the twentieth floor of a building at 5000 Cornell avenue. Menacker was the owner of a women's tailoring and fur establishment at 520 North Michigan avenue. Dr. Alexander B. Magnus of the Chicago sanitarium, 2828 Prairie avenue, who had been treating Menacker, testified that the latter had been suffering from a nervous breakdown.

MATE ACCUSES AURORA HEIRESS IN DIVORCE SUIT

Actress Describes Scene at House Party.

The four year old divorce suit of Mrs. Emma Frankie Chapman Abbott, Aurora heiress, against George S. Abbott, onetime New York theatrical manager, went to trial yesterday before Circuit Judge William J. Fulton in Geneva.

Testimony was presented on the wife's side to show that Abbott, who lives in Aurora with his stepmother-in-law, Mrs. Minnie F. Chapman, who was heiress to part of the same fortune that descended to his wife, had deserted his home.

The husband, who filed a cross-bill for divorce, presented witnesses to prove that Mrs. Abbott slapped him, that she called him "stupid ass" and that she had been unfaithful to him.

Married for 37 Years.

Mrs. Abbott is now about 55 years old. Abbott is 56. They were married in 1895. The wife is the daughter of Matthew Chapman, head of the American Well Works of Aurora, who left an estate of $750,000 when he died in 1921. Mrs. Chapman, who is 65, was the third wife of Matthew.

Mrs. Mary Kesal, housekeeper for the stepmother, testified that Abbott was Mrs. Chapman's private secretary. A suit has been filed by Mrs. Abbott against Mrs. Chapman, demanding $50,000 for alleged alienation of her husband's affections.

After Mrs. Abbott told of quarrels in 1926 and of her husband's leaving her soon afterward, Miss Gertrude Clemens, an actress, was called by Abbott's attorneys.

Tells of House Party.

Miss Clemens asserted that she had attended a house party in Mrs. Abbott's apartment on Riverside drive in New York and that she witnessed intimacies between the heiress and Dr. Frank Shenne of New York.

"One morning early," the actress testified, "I passed Mrs. Abbott's room. Dr. Shenne was in the bed and he pulled the covers up over his head. Mrs. Abbott was walking around in negligee."

Fifteen months ago, when Mrs. Abbott sued Mrs. Chapman on the alienation charge, Abbott asserted that he lived with his stepmother-in-law because his wife had "thrown him out."

SEEKING DIVORCE

MRS. EMMA ABBOTT.

RUSSIA TO RATION FOOD TO ONLY THOSE WHO WORK

[Copyright: 1932: By the New York Times.]

MOSCOW, Dec. 20.—A decree signed by Joseph Stalin and Premier Molotof, which was published today, concerns the urgent food problem, which Russia faces. It stipulates that all workers shall from now on receive ration books for food and goods, without which neither will be obtainable, save at prohibitive prices in the open markets.

The books will be distributed at the places of employment under the direct control of the management, and the workers must buy their goods or food from their respective factory stores. Thus rations will be issued only to actual workers and members of the families unable to work through age or infirmity.

The reinforced decree is virtually equivalent to a nation-wide "mobilization" of all employed persons because factory and office managements everywhere are instructed to refuse ration books to new workers unless the latter have proper discharge papers from their previous places of employment. Similarly any person discharged automatically loses his food book. The decree is expected to stiffen labor discipline, to reduce the labor turnover to normal limits and increase food, goods and housing supplies for regular employés.

REVEAL ILLICIT LOVE AS CAUSE OF WOMAN'S SUICIDE

Paramour Says He Tried to Get Rid of Her.

BY JOHN STEELE.

[Chicago Tribune Press Service.]

LONDON, Dec. 20.—Hopelessness over a love affair with a 27 year old bank employé who had broken off his association with her drove Mrs. Ethel de Breval, 40, out of her mind and finally into a decision to commit suicide, the coroner decided today.

Mrs. de Breval, who was also known in West End night clubs as Mrs. Peggy Crosby, turned on the gas in her Mayfair flat last week after writing friends on black edged cards that she was going to die.

Paramour Tells His Story.

Gerald Fitzgerald, whose mistress Mrs. de Breval had been, testified today that he had tried for nearly a year and a half to induce her not to molest him any more.

Mrs. Mabel Scott, sister of the dead woman, testified that Mrs. de Breval had been separated from her husband for ten or twelve years. He made her a generous allowance and she had an income of her own, Mrs. Scott said.

Mrs. de Breval had previously attempted to commit suicide, it transpired.

"The cause of your sister's action was undoubtedly the parting with this young man?" the coroner asked.

"She just did not want to live," Mrs. Scott answered. "She was brokenhearted."

Reveal Letter to Friends.

The letter from Mrs. de Breval to her friends read in part:

"After all, he must have a career. It could not have lasted."

Fitzgerald said he tried to break off the affair last August. He continued meeting her to console her, he said, but he had terminated their association definitely when he met her accidentally the day before her death and told her again he could not discuss his decision.

"As I was shaking hands she was in such a fit of temper that she struck me across the face," he said. "I raised my hat and walked off. That was the last I saw of her."

The coroner read a farewell note addressed to him which said: "Don't make any scathing comments about anybody."

BRITISH COMMONS DEBATES REFUSAL OF FREE STATE TO PAY

[Chicago Tribune Press Service.]

LONDON, Dec. 20.—The house of commons tonight was asked to vote on a supplementary estimate for $17,054,775 "in substitution for payments due from the Irish Free State government." The debate on the dispute over the land annuities payments, which the Irish government has refused to pay, revealed that the import duties imposed against the Free State by the British government so far have yielded $6,735,800.

Labor party speakers urged the government to adopt a policy of concession toward the Free State, stating it otherwise was bound to have its effects in America, where a larger Irish population exists than in Ireland itself. James Maxton, fiery Clydesider, compared the Irish debts question with Britain's debt to America. He said that if the British government could seriously consider defaulting its debt of $145,000,000 per annum due the United States, it could not stand on a high pinnacle and lecture to the Irish people about defaulting $15,000,000, particularly when the Irish people had a principle on which to stand.

ALLEGED AUTHOR GETS A YEAR FOR THEFT FROM GIRL

Donald Graham, 25 years old, was sentenced yesterday by Judge Jay A. Schiller to one year in the Bridewell on a charge of stealing $5 from the purse of a stenographer who had called at his apartment for employment. Graham claims to be a short story writer.

The complainant was Miss Virginia Acree, 20 years old, of 11 East Elm street. In November she advertised in THE TRIBUNE for work. Graham answered the advertisement and Miss Acree went to his studio, then at 24 West Elm street. Instead of giving her a job, she testified, he took her to dinner and later to a theater. When she returned home, she said, she discovered $5 missing from her purse.

Graham denied taking the money. Judge Schiller pointed out, however, that his record, including confidence game, and dating from 1926, was not helpful to his denial of guilt. The judge then sentenced Graham. The hearing was in the South State street court.

MACHADO INVITES POLITICAL FOES TO PEACE PARLEY

[Chicago Tribune Press Service.]

HAVANA, Cuba, Dec. 20.—President Gerardo Machado today called on all opposition leaders—whether in Cuba or in exile—to hold a conference with him early in January to discuss a formula for ending all political conflicts.

The president's invitation said he will enter the conference personally or will send his representatives. The meeting may be held at the palace, the capitol, or on neutral ground, Machado states. He also expresses a willingness to appoint a mixed commission of congressmen, secretaries, personal and political advisers to go over the differences with the oppositionists.

"I am making this offer for the sake of the independence and integrity of Cuba, which today is gravely endangered politically and economically, and because of the dissatisfaction and disintegration of its people," Machado says. "I will abide by the decisions of the conference providing they are beneficial to Cubans and the country."

ROOSEVELT HAS OWN METHOD OF HANDLING DEBTS

Opposes a Commission as Too Cumbersome.

[Continued from first page.]

failed with the receipt of a reply from Albany rejecting the Hoover proposal of coöperation in the naming of a negotiating commission.

The European powers are more interested in the attitude of Gov. Roosevelt toward reduction of the war debts than in the attitude of President Hoover, for the reason that even if negotiations were initiated now they could not be concluded before March 4, and it would be for the next administration to determine whether any part of the debts is to be remitted.

Mr. Hoover, who has espoused the cause of the debtors for a reopening of the debt settlements, has done his utmost to commit his successor to such a policy, but Mr. Roosevelt has been too wary for the success of this undertaking.

When he was at the White House a few weeks ago the President elect flatly declined to join the President in asking congress to create a commission to discuss debt revision with the debtors.

In his special message to congress yesterday Mr. Hoover disclosed that he was again approaching Roosevelt with the proposal to join him in setting up a commission without the sanction of congress to carry on negotiations as a preliminary to the world economic conference.

Viewpoints Not the Same.

By his rejection of this proposal Gov. Roosevelt has avoided commitment to a course which conceivably would project the debt revision question into the economic conference from which public opinion in this country compelled the Hoover administration to stipulate that it be excluded.

Gov. Roosevelt has taken the position of flatly refusing to become involved in responsibility for any action by the administration prior to the time that he assumes official responsibility for the conduct of the government. Fundamentally, however, Mr. Roosevelt does not see eye to eye with Mr. Hoover on the debt question.

The President would reduce the debts in exchange for tariff and other trade concessions which would make it possible for our manufacturers and farmers to sell more of their products in Europe. Such expansion of our markets abroad would promote recovery from the depression for which American taxpayers could well afford to pay by remission of some part of the debts, according to the Hoover theory.

Would Reward Disarmament.

Likewise, Mr. Hoover would reduce the debts in consideration of an international agreement to reduce armaments on the theory that to the extent the cost of the national defense were reduced the United States could waive the collection of debt payments without being any worse off than it is today.

Gov. Roosevelt approaches the question from a different viewpoint. He would lower tariff and exchange barriers to the flow of international trade and thereby make it possible for the debtors to pay their debts in goods. He would reduce armaments and thereby make it possible for the debtors to devote their savings on the cost of national defense to the discharge of their obligations to the United States.

Slayer of Son Sentenced to 1 to 10 Years in Prison

Bloomington, Ind., Dec. 20.—[Special.]—John Baker, 49, charged with first degree murder of his son, Leonard, 20, was found guilty of involuntary manslaughter by a jury in Monroe Circuit court today. The verdict carries a sentence of one to ten years in state prison. The jury was out twenty hours.

GERMANY FREES 15,000 PRISONERS FOR CHRISTMAS

Von Hindenburg Eases Restrictions.

BY SIGRID SCHULTZ.

[Chicago Tribune Press Service.]

BERLIN, Dec. 20.—A Christmas peace decree was issued today by President Paul von Hindenburg. It abolishes emergency courts, eases press restrictions, and creates substitute legislation for the "law for the protection of the republic," which expires at the end of the year.

In a message accompanying the decree, Von Hindenburg warned Germany that new emergency measures will be passed if the public fails to respect law and order. The decree supplants three previous decrees issued at the instance of former Chancellor Franz von Papen during the perilous times last summer.

Protects President's Honor.

The person and honor of the president are accorded special protection in the decree, which provides heavy penalties for persons attacking or slandering the head of the state. It also provides imprisonment for abuse or defamation of the reich, the states, the flag, and the German army.

The amnesty bill, which will permit 15,000 political prisoners to spend Christmas at home, was approved by the reichsrat today. Von Hindenburg will sign it at once. Most of the prisoners have been serving sentences for violating emergency decrees against terrorism.

The amnesty is the most liberal granted in Germany since 1918. Pending prosecutions automatically end. It gives complete freedom to persons jailed for minor offenses, such as street brawls, infringement of police rules and unlawful acts committed under the stress of poverty.

The reichstag will not reassemble before January. The reichstag's council of elders today rejected the Socialist and Communist demand for a session before Christmas. The council will meet again next week to decide on a date for reassembly. Adolf Hitler's Nazis balked at supporting the Communist motion today inasmuch as the cabinet had made it plain it would order the immediate dissolution of the reichstag if a motion of nonconfidence was introduced.

ADMITS HER FAULTS BUT EXPECTS SANTA TO BE BROADMINDED

Sault Ste. Marie, Mich., Dec. 20.—[Special.]—A letter written to Santa Claus and waylaid by a relief organization here said:

"Dear Santa Claus:

"I'm only 12 years old and very hard boiled, skip school when I get a chance and get a strappin' mostly every day at school, but just the same I'd like a $2 wrist watch and a doll and wardrobe please. You won't turn me down for a little thing like this for Christmas. I'm as ever, just plain

"BEATRICE."

THEY DON'T KNOW THE DEPRESSION EXISTS IN ARCTIC

[Chicago Tribune Press Service.]

VANCOUVER, B. C., Dec. 20.—They don't know depression in the Arctic, according to Col. Jim Cornwall, who is down from Great Bear lake for Christmas. There is no bread line, no technocracy, no Oxford movement or other strange gods, he told the board of trade at a luncheon today.

Instead, he said, the 200 men and one woman, Mrs. Gerhardt, wife of a prospector, are talking plans of building a road and later railroad to bring out the agricultural and mineral wealth from north of sixty-two.

They are satisfied with life. They have fresh meat, fresh fish, they make their own clothes and footwear, and they are bored stiff when they hear of the talk down civilization way of ready-made plans or fanciful theories of self-styled economists to make this a better world.

FRANCE FROWNS ON HOOVER PLAN; BRITAIN DUBIOUS

War Debt Message Gets Unfavorable Reaction.

PARIS, Dec. 20.—(AP)—Official French opinion fails to find in President Hoover's message to congress satisfying indications that the French demand for a general examination of the debts will be accepted by America.

This view was expressed today after perusal of the complete text of the message. A French spokesman said the existing situation is not of a nature to induce the chamber of deputies at present to shift from its attitude of postponement of the December interest payment of $19,261,432, which was defaulted last Thursday.

Officials reiterated that France wants the debts examined within the framework of Secretary of State Stimson's last note to France, believing that no worthwhile accord can be achieved unless it brings advantages to both America and France.

What Stimson Said.

In his note to the French government on Dec. 9, Secretary Stimson said:

"Whatever part debt payments may have played in the economic history of the post-war years, it is clear that in the present conditions of world-wide depression, accompanied by a sweeping fall of prices, their weight has greatly increased, and that they have a very definite relationship to the problem of recovery in which both the French and the American people have so vital an interest.

"The President of the United States is prepared, through whatever agency may seem appropriate, to coöperate with the French government in surveying the entire situation and in considering what means may be taken to bring about the restoration of stable currencies and exchange, the revival of trade and the recovery of prices."

A high official said it was impossible to forecast when the chamber is likely to change its decision not to pay, but he thought it unlikely before France has received assurances from the United States that international debt negotiations will be begun.

ARMY EXPERTS SEE BABY SUBMARINE ROLL ON OCEAN BED

New York, Dec. 20.—[Special.]—A baby submarine, which its inventor, Simon Lake, says can crawl forward, backward, and sidewise over the ocean bed on large toothed wheels, was demonstrated today off City Island before a group of army and navy officers, city officials, and engineers.

The submarine, which has been named the Explorer—though Mr. Lake preferred the name crag because of the craft's ability to progress sidewise—is a glorified diving apparatus. Although it has certain limited mobility of its own, it requires a mother ship as tender. A hatch in the bottom of the hull permits a diver to leave the vessel for operations on or near the ocean's bed.

LONDON SKEPTICAL

BY JOHN STEELE.

[Chicago Tribune Press Service.]

LONDON, Dec. 20.—The British treasury and diplomatic officials, while accepting President Hoover's message to congress yesterday as friendly and well meant, are not disposed to attach too much importance to it. They have had so much experience in recent years with presidential aspirations being turned down by congress that they now want to know what congress thinks before getting enthusiastic.

As a matter of fact, the British have become so hard boiled that they do not care what this congress thinks, but they really are interested in what the next administration and the next congress are going to think after March 4.

For this reason, they are not disposed to get excited about Hoover's suggestion that he will appoint a new debts commission with the implied request that Britain and other war debtors appoint special commissions to confer with it.

Await Roosevelt Action.

The British much prefer to carry on negotiations through regular diplomatic channels together with informal conversations with President Elect Roosevelt and his advisers so that when the new administration and the new congress take office quick action on debt revision can be obtained. Of course, if Hoover asks point blank for the appointment of a British commission, the British will not be so impolite as to refuse, but it is a safe bet that whatever commission is appointed will have instructions to stall until after March 4.

It is still not clear whether Hoover has actually asked Britain to a conference. If he has, the request has not passed through regular channels, but it is possible that some such request may have been made either by telephone or even by Ambassador Mellon in direct conversations with Prime Minister MacDonald or Stanley Baldwin, lord president of the council, and not through the foreign office, with which he is supposed to communicate.

GIRL HANGS SELF TO BED.

Miss Alice Ryan, 24 years old, was found dead yesterday in the bedroom of her home at 8239 South Laflin street. Police said she hanged herself from a bedstead, using apron strings as a noose.

Mexican Foreign Chief Out; Envoy to U.S. May Get Post

MEXICO CITY, Dec. 20.—(AP)—Manuel C. Tellez, minister of foreign relations, announced his resignation tonight from the Rodriguez cabinet. He gave no reasons. It was said in informed political circles that Dr. Jose Manuel Puig Casaurane, ambassador to Washington, would succeed Tellez as foreign minister. Tellez served the Mexican government at Washington for nearly ten years.

SOUND CURRENCY IS WORLD NEED, ASSERTS STRAWN

Holds Debt Cancellation Is "Foolish Idea."

BY ARTHUR EVANS.

The most important economic problem confronting the civilized world is the establishment of a stable international monetary standard, Silas H. Strawn told the Chicago Council on Foreign Relations yesterday at a luncheon at the Palmer house. He held that the war debt situation, as a psychological influence, is the most disturbing factor in world economics, that debt cancellation is a "perfectly foolish" idea, and that the sooner a revision of the 11½ billion dollar war debts owed by European debtors is settled the quicker will come economic recovery.

SILAS STRAWN.

Mr. Strawn, who has just returned from a meeting of the International Chamber of Commerce in Paris, where he was chairman of the American committee, said the five most potential elements in present world economic conditions were low price levels, currency instability, tariff barriers, foreign debts, and armaments. He denounced the idea of currency inflation, which is now being proposed by certain organized groups.

Tariff Wall Broken Down.

On tariff protection, he cited statistics showing instances where the American protective tariff wall has been broken down by the depreciation of currency in nations which went off the gold standard. Dwelling on international debts, Mr. Strawn remarked:

"The statement of President Hoover is a statesmanlike view of the situation, and I trust and hope that President Elect Roosevelt will collaborate with President Hoover in the selection of a commission charged with the responsibility of reviewing carefully this subject prior to the assembling of the world economic conference next spring.

"I am not a prophet, but I hazard the suggestion that, unless this subject is reviewed prior to the economic conference, there may be no economic conference."

Confident France Will Pay.

As to the default of France in payment of the December installment of its debt Mr. Strawn said:

"France is in a political controversy. It has had twelve cabinets since the war. I am confident France will pay its debt."

He recited the recommendations of a special committee of the Chamber of Commerce of the United States, of which he was chairman, as embodying his opinion on the subject of the governmental debts due the United States. These recommendations were:

"Further postponement of payments should be authorized on a temporary basis in the case of those debtor countries showing inability to make present payments.

"Upon a debtor country showing material change in the basis of the existing debt payment the United States government should negotiate modification that will promote the best interests of the United States.

Conditions for Modification.

"The best interests of the United States require that any modification should be conditioned upon definite provisions for such treatment of our trade by the debtor country as will assure access of American goods to its markets on fair competitive terms.

"The best interests of the United States require that any modification should be conditioned upon reduction in expenditures for armament.

"Proposals for the United States to cancel war debts owed to it by other governments should be rejected."

"I am convinced," continued Mr. Strawn, "that the earlier we settle these war debts the more we shall get and that when the war debts are settled the private debts owed by the European countries to our American citizens will be paid. If, on the other hand, we permit continuing defaults in the war debts, the whole situation is fraught with the gravest danger.

"I am unable accurately to say to what exient inter-governmental debts actually influence world economic conditions, but I am convinced that at present they exert a psychological influence more potential than any other element."

Rise in Price Levels.

Concerning price levels, currency stability and trade barriers, Mr. Strawn said the Paris meeting held that a rise in prices cannot be brought about by measures of a purely monetary nature, especially any artificial increase of currency circulation. He linked together prices, currency depreciation abroad and tariff barriers.

"The countries that have effectively maintained the gold standard are few," he said, "more than 22 countries are now on a depreciated currency basis. Some 40 countries have exchange controls.

"This currency depreciation constitutes a great factor of insecurity in world economics. Perhaps the most important problem now confronting every nation is the establishment and maintenance of a stable international monetary standard. This is absolutely essential for the restoration of economic stability and the development of international trade."

The effect of depreciated currency systems abroad upon American foreign trade was dwelt upon by Mr. Strawn, who cited instances where currency depreciation nullified the tariff.

"During the first six months of the fiscal year of 1931-'32," he said, "52.6 per cent of the dutiable commodities imported into the United States came from depreciated currency countries, which practically nullified our tariff. The currency of 22 countries has depreciated from 5 per cent to 55 per cent.

Comparison of Imports.

"Imports from depreciated currency countries in that period showed a decrease of 7.7 per cent, whereas the imports coming from the gold par countries had fallen off 34.6 per cent. Seven depreciated currency countries showed an actual increase in their imports into the United States.

"As an example of how depreciated currencies have affected our industries, I may mention that British black steel sheets are offered here at $29 a ton against $49 quoted by our American mills. This makes it impossible for our American manufacturers to meet the competition without reductions in wage and freight rates and in fixed charges and capitalization.

"Another conspicuous example is Christmas tree lamps. In 1928 Japan made 27 per cent of the miniature lamps sold in the United States. This year it will make 84 per cent. Before the depreciation in the yen, these lamps were laid down in San Francisco at $14 to $16 a thousand. Now they are being sold at $5 to $6 a thousand. Japan will sell to the United States this year about 89 million lamps, while in 1928 it sold but 37 million.

"Our market is also being invaded by furniture from Czechoslovakia, shingles from Canada, newsprint and mechanical pulp from Sweden, Norway, and Finland, where depreciated currencies give the makers an advantage.

CHINA BALANCES BUDGET; HAD NO OTHER WAY OUT

Manchuria Revenue Loss Forced Retrenchment.

BY JOHN POWELL.

[Chicago Tribune Press Service.]

NANKING, Dec. 20.—The Chinese government, due to a necessity which had no alternative, has balanced its budget. In other words it has brought its expenditures within its income and for a period of more than nine months has borrowed no money.

As a result Chinese government bonds held abroad, chiefly in the United States and England, have increased in value on the exchanges in the last year. According to recent report, the reconstruction loan of 1913, which is listed on the London exchange, has risen from 61 to 73, the 1898 loan from 82 to 96, and the 1908 loan from 50 to 75¼. The ministry of finance concluded its report with the statement, "the proof of the pudding is in the eating."

1933 Deficit Looms.

It is a question, however, whether the government can keep up its record. The 1933 budget shows a pending deficit of about $40,000,000 at the present rates of exchange. The government expects to cut this sum by further drastic reductions in governmental expenditures.

The estimated budget figures for 1933 indicate possible revenues of $620,000,000 and expenditures of $780,000,000. These figures are in Chinese silver dollars which now are worth less than 25 cents in American gold currency. In the list of expenditures appear the items of $300,000,000 for military purposes and $200,000,000 for interest on foreign loans. Early liquidation of the military campaign against the communists in central China is expected to permit further reductions in military expenditures, which is the largest single item in the budget.

There are two outstanding elements which have combined to force the Chinese government to live within its income. The first was the Yangtse river floods which inundated thousands of square miles of farm lands and drove 50,000,000 people from their homes. The government met this situation by launching a drive for funds which obviated the necessity of floating a loan. In addition the government purchased millions of bushels of American wheat which will be paid for by a surtax on the customs revenue beginning in 1935.

Patriots Financed War.

The next calamity was the Japanese invasion of Manchuria and Shanghai. Here again the government sidestepped the financial responsibility by putting the burden on private interests. The activities of the 19th Route army, which opposed the Japanese at Shanghai, were largely financed by contributions from patriotic Chinese residing abroad. They contributed about $12,000,000, which not only covered the cost of the Shanghai defense but provided the 19th Route forces with new sinews of war for the anti-Red drive in Fukien province.

But the Japanese occupation of Manchuria and the creation of the independent state of Manchukuo did hit the Nanking government. It resulted in an immediate loss of $70,000,000 annually in revenues from the Manchurian customs and salt tax department, which previously had flowed into the Nanking treasury. This money now helps to support the new Manchukuo régime headed by Henry Pu-Yi, the "boy emperor."

It was this loss that compelled the Chinese to enforce a program of drastic retrenchment at Nanking that has for the last nine months kept the government out of the red.

Finance Minister Cites Reasons.

With reference to the present favorable financial position of the Nanking government, T. V. Soong, finance minister, said:

"The government has been able to dispense with the practice of making loans to balance the budget largely due to our success in converting our domestic loans to a lower rate of interest and retrenchment, plus improvements in the methods of tax administration.

"The curtailment in civil and military expenditures has entailed much suffering and has handicapped many needed improvements, but the striking fact today is that China is one of the very few countries in the world that does not have to resort to borrowing to balance its budget."

Governmentally speaking, China enjoys many advantages over more highly organized nations, such as Japan. The Nanking government consists largely of only two effective men, Marshal Chiang Kai-shek, commander of the Chinese military forces, and his brother-in-law, Soong, the finance minister, who controls the purse strings.

Chinese money has dropped in value in respect to the American gold dollar, but a Chinese dollar is still worth a dollar so far as the Chinese people are concerned. The depreciation of silver, however, has had the effect of stimulating domestic manufacturing. At the same time it has caused the Chinese to cut down their purchases of foreign goods. In other words they have been forced to live on and develop their own resources.

JANET GAYNOR AND HUSBAND SEPARATE; SAY "TEMPERAMENT"

(Picture on back page.)

Hollywood, Cal., Dec. 20.—[Special.]—After three years of married life Janet Gaynor and Lydell Peck have formally separated. Miss Gaynor charges it to "temperamental differences," and has retained an attorney to handle her interests.

Miss Gaynor, then 22 years of age, and Peck, an attorney of Oakland, Cal., were married Sept. 11, 1929, surprising the Hollywood film colony which had taken it for granted she and Charles Farrell would carry out an engagement to be married.

Peck relinquished his business interests in San Francisco and came to Hollywood where his wife and her friends recommended a film career for him. He was given a supervisor's salary at the Fox studio, where Miss Gaynor has been a star. Peck received subsequent promotions and today is an associate producer on the set of "Scandal Street" at a Fox studio, while Miss Gaynor is working in "State Fair" at another Fox plant.

HORNER NAMES COMMISSION ON UNEMPLOYMENT

Common Sense Solution of Problems Urged.

Without loss of time, the new state commission on unemployment named yesterday by Governor Elect Henry Horner will take up its task at a meeting in the offices of Chairman Harry A. Wheeler in the First National Bank building tomorrow afternoon.

H. A. WHEELER.

"It is a big job that cannot be visualized all in one moment, but at our first meeting we probably shall organize and draw up our plans," said Mr. Wheeler, who has been identified with Chicago banking for many years and now is president of the Railway Business association.

Judge Horner appointed the commission in conformity with a campaign pledge that he would create such a body even before his inauguration as governor in order that it may make definite recommendations for state legislation or other action as soon as possible after the new general assembly convenes.

Duplication Is Avoided.

The new commission will not duplicate the work of the Illinois Emergency Relief commission, a statutory body headed by Edward L. Ryerson Jr. The relief commission is an administrative group whose chief function is to disburse and regulate relief funds. Neither will the new commission interfere in any way with the Ryerson commission. Judge Horner's program was approved in advance by Gov. Emmerson on that basis.

The members of the Horner commission in addition to Chairman Wheeler are:

ERNEST L. BOGERT, University of Chicago.
E. J. BUFFINGTON, Chicago.
WILLIAM BUTTERWORTH, the Deere company, Moline.
OTTO C. DOERING, La Grange.
MARTIN P. DURKIN, Chicago Building Trades council.
THOMAS S. HAMMOND, president, Illinois Manufacturers' association.
EDWARD N. HURLEY, Chicago.
D. F. KELLY, The Fair, Chicago.
CHARLES F. LUNDBERG, The Empire, Ltd., Rockford.
HARRY A. MILLIS, University of Chicago.
VICTOR A. OLANDER, Illinois Federation of Labor.
HENRY A. POPE, Bear Brand Hosiery company, Kankakee.
A. E. STALEY Jr., Decatur.
HAROLD H. SWIFT, Chicago.
A. J. TODD, Northwestern university.
WALTER W. WILLIAMS, president, Illinois Chamber of Commerce.

"This new group," said Judge Horner, "is intended to consider not only relief of present conditions but to reduce the possibilities of their repetition by the stimulation and stabilization of employment.

For Common Sense Solution.

"It is earnestly hoped that means can be found of applying common sense and good judgment to the solution of our problems which will make impossible the recurrence of the widespread distress we have suffered during the last three years.

"I hope also that some way will be found to adjust things so that crops will not be permitted to rot in the fields while thousands of men and women are going hungry."

Gets 3 Years in Prison for Extortion Letter to Editor

Grand Forks, N. D., Dec. 20.—(AP)—Emory Lingle, 28, today admitted sending two letters threatening W. P. Davies, editor of the Grand Forks Herald and demanding $500. He was sentenced to three and one-half years in the state prison.

A Gift of Merit

We are proud to recommend

HORNER LAUGHS WITH BAR AS IT SATIRIZES HIM

Target of Annual Comedy Given by Lawyers.

Governor Elect Horner chuckled last night as the Chicago Bar association presented its eighth annual production entitled "Christmas Spirits, 1932," which satirized the inauguration of himself as governor. The musical comedy, presented in the club rooms of the association in the Burnham building, was enacted by a number of prominent lawyers.

A number of raucous tunes were sung by members of the cast. No one laughed more loudly than Judge Horner as the plot was unfolded. After several scenes showing the Springfield inauguration with hordes of "hungry Democrats" clamoring for jobs, the play reached a climax when the Supreme court declared the inauguration illegal because the chief figure was a bachelor.

Consents to Be a Bridegroom.

The Horner of the comedy, played by Attorney John D. Black, after many mournful protests, consented to become a bridegroom and the cast sang in somewhat wavering harmony an air entitled "Let There Be Love!" to the tune of "Just a Song at Twilight." It ran:

Just a blonde for Henry,
Or a gay brunette.
Should they fail to charm him,
Page the old sextette.
Wedding bells in Springfield,
Cupid reigns supreme,
Soon he'll snap the wedlock,
Broadcast our theme,
Our Governor's sweet dream.

The search for a suitable bride is statewide in the bar's version. Mayor Cermak comes back from the hunt.

"Any news from the front?" he is asked.

Gloomy News of the Quest.

"Nothing helpful," is the reply. "Art O'Brien sent back some dope on one Jane but she was n. g. Say, listen, Judge [to Judge Horner], does she have to be a blonde?"

Judge Horner makes a noncommittal reply. O'Brien finally brings in two candidates, Miss Chicago and Miss Downstate, and the governor elect marries them both, to be safe.

After the comedy, Judge Horner was presented a scroll embodying the good wishes of the bar association. He responded with a brief address in which he promised humorously to try to live up to the standards of the governor-elect as set up in the play.

"Cermak and Horner" at Bar Asssociation Play

Warren B. Buckley (left) as Mayor Cermak and John D. Black as Judge Henry Horner at "Christmas Spirits, 1932," a play given by Chicago Bar association members. "Cermak and Horner" are meditating on the tax situation. They are posed as in the actual photograph published in yesterday's Tribune.

MASSEN NAMED RECEIVER FOR INSURANCE CO.

Ald. John A. Massen and John W. Morthland, Hammond attorney, were named permanent co-receivers of the Northern States Life Insurance company of Hammond yesterday by Federal Judge Walter C. Lindley. Each receiver must put up a $10,000 bond. Morthland previously had been named receiver for the company in the state court in Indiana. The law firm of Bull, Lytton & Olson was appointed as counsel for the receivers.

The receivership was granted on a bill filed by Attorney William Haight in behalf of Robert L. Potts, owner of 13,000 of the 25,000 shares of the capital stock of the company.

The bill said that the receivership action was brought in the federal court because the insurance company owns $150,000 in mortgages in Illinois.

Credentials of Two New Senators Are Presented

Washington, D. C., Dec. 20.—(AP)—The credentials of William G. McAdoo, former secretary of the treasury, as Democratic senator elect from California, were presented to the senate today by Senator Hiram Johnson. The certificate of Homer T. Bone, as Democratic senator elect from Washington, was offered by Senator Dill [Dem., Wash.].

BROKER DENIES WOOING WIFE OF MUSICIAN

De Ruyter Testifies in Divorce Suit.

[Chicago Tribune Press Service.]

New York, Dec. 20.—[Special.]—Jack de Ruyter, broker and sportsman, testified today as co-respondent in the divorce suit brought by Freddy Rich, music director, against his wife, Mrs. Peggy Lawton Rich, former Follies dancer. He denied in the Supreme court all the charges on which the plaintiff bases his case.

De Ruyter told of his introduction to Mrs. Rich last February by Sailing Baruch Jr. and of the raids on Mrs. Rich's apartment at the Hotel St. Moritz on April 25 and May 14. He was present on both occasions, he said, but under proper circumstances.

Says Relatives Aided Woman.

De Ruyter testified that his father and aunt assisted Mrs. Rich financially from time to time and that his visit to her apartment on April 25 was in response to Mrs. Rich's telephoned request. He was accompanied there, he said, by a man named Steinacher, a student at the Columbia school of architecture. All three of them had dinner and went into the living room until 11 p. m., when Mr. Steinacher left. Only a minute later, he testified, Rich burst into the room with two private detectives and another witness.

"We were in opposite corners of the room," he said, "and I had my coat and vest and tie off because it was a very warm evening. One of the detectives exposed a pearl handled revolver. He did not draw the weapon, just exposed it, and Mrs. Rich said to her husband, 'Get these gunmen out of here.' Later she asked her husband, 'Freddy, are you using narcotics again?' With that Mr. Rich slapped his wife's face and said, 'I'll get you yet.'"

Tells of Second Raid.

At 6:30 p. m. on May 14, he continued, he and Mr. Steinacher called for Mrs. Rich and took her to dinner and a movie. This was followed by a lunch in Mrs. Rich's apartment, after which the defendant, he said, complained of being tired and went to her bedroom, the door of which she closed. Mrs. Rich, he explained, told the men that they might visit in the living room as long as they desired and they did so until 3 a. m., when Rich's second raid on the premises occurred.

THREE CONSTRUCTION CONCERNS UNITE IN THE WEST SLOPE CO.

Los Angeles, Cal., Dec. 20.—[Special.]—The West Slope Construction company of Chicago, newly organized general contracting firm which turned in the low bid on construction of dam No. 1, in San Gabriel cañon, was incorporated about five weeks ago in Delaware and comprises a merger of three well known contracting firms. The company's bid was $3,600,527.

Combined in the new corporation are the firms of Bates & Rogers of Chicago, Foley Brothers of St. Paul and New York, and Lawler & Maguire of Butte, Mont. The West Slope company will engage in general contracting and engineering work and is at present interested in projects located in California, Colorado, and Montana.

Officers of the corporation are W. A. Rogers, president; F. W. Anderson and Charles Burghart, vice presidents; D. B. Cassell, treasurer, and L. D. Sinclair, secretary. Headquarters of the corporation are at Chicago.

OUSTED BERWYN POLICE CHIEF IS BACK ON FORCE

Thomas Bartunek, former acting chief of the Berwyn police, who was dismissed from the force in September, 1931, after it was alleged he had beaten a prisoner in the city jail, was reinstated and given his old rank of sergeant last night at a meeting of the Berwyn city council.

The complainant against Bartunek was Michael M. Brooks, 3237 Clarence avenue, Berwyn, former president of the school board of his district. The former chief of police was indicted for assault and was tried before Judge Harry Fisher on Dec. 21, 1931. A verdict of not guilty was returned by Judge Fisher, the case not being referred to a jury.

Berwyn's police commissioners had previously recommended the reinstatement of Bartunek.

BUTLER IS HELD AS THIEF; IN SAME HOME 29 YEARS

James W. Harris, 57 years old, a Negro, for twenty-nine years employed as a butler by Miss Jane E. Cox of 1529 Astor street, was held to the grand jury in the Felony court yesterday on a charge of stealing silverware, jewelry, and other articles from Miss Cox. Lorene Darksdale, 35 years old, of 6550 Rhodes avenue, also colored, was bound to the grand jury for having possession of some of the stolen articles.

Harris was arrested last Wednesday by Hudson avenue police, and Miss Darksdale was seized shortly afterward. Police said that in her home they recovered a wrist watch, set with thirty-six diamonds, valued at $3,000; a diamond brooch worth $1,300; silverware which cost $1,900, and china and gold plates worth $2,000, all the property of Miss Cox.

Detectives charged that these and other thefts were committed during the last 15 years. They also said that Harris manipulated grocery and milk bills so as to benefit himself.

PEDDLERS DENIED PERMITS TO SELL IN LOOP STREETS

Col. A. A. Sprague, commissioner of public works, said yesterday that no permits would be granted this year for the sale of merchandise from stands in the loop. In the past permits were issued allowing the sale of novelties from stands for two weeks before Christmas day.

"For the payment of a nominal fee," said Col. Sprague, "a peddler could compete in the sale of Christmas gifts with the stores that pay large tax bills. That, apparently, is unfair competition, and no permits for the stands will be issued this year by the bureau of compensation."

Until last June war veterans were permitted to sell apples from loop stands without paying a license fee. The Illinois Supreme court held that laws exempting war veterans from obtaining licenses for such selling were class legislation, and therefore unconstitutional. After the opinion was given the stands were removed from the loop.

THREATEN WIFE OF POLICEMAN WHO SHOT NITTI

Home Guarded; Wounded Hoodlum Out on Bond.

[Continued from first page.]

the paper, a torn scrap, contained these words:

"Bob Rommedo. Sat. 6:20 p. m.
Ask J. P. if the party
ever worked for Smithy."

On the other side of the paper was this:

"If I am here
tell Lewis to ask for
Minie Kunos—in
Pine
Tel y——
Potatoes——
Warm
Ask ich for him
and I——"

Whatever the missing words were, Chief of Detectives Schoemaker believed that the entire message contained something of such importance that Nitti wished to eat it to keep the detectives from getting it. Experts from the Northwestern University school of crime detection were at work on it.

U. S. Takes a Hand.

Before the release of Nitti's six followers federal agents had taken a hand in the investigation. Clarence Converse, of the investigating bureau of the department of internal revenue, went to the detective bureau and questioned the prisoners.

Converse did much of the work which resulted in Nitti's having been sent to Leavenworth prison two years ago for income tax fraud. He also had an important part in the investigation which led to the conviction of Al and Ralph Capone, also for income tax fraud.

Besides Converse, Al Aman and Eliot Ness of the prohibition bureau questioned the prisoners. Schiavone was taken to the federal building for questioning and was given a subpœna calling for his appearance before a federal grand jury on Jan. 6.

In the morning Attorney Rocco De Stefano appeared before Chief Justice John Prystalski of the Criminal court with a petition for a writ of habeas corpus for Nitti's release. He said he was not the gangster's attorney but was acting for his friend, Dr. Ronga, Nitti's father-in-law. At the same time Attorney Tyrrell Richardson asked habeas corpus writs for the other prisoners.

At 2 o'clock Judge Prystalski heard the cases. Assistant State's Attorneys Charles S. Dougherty and Euclid Taylor represented the police. They informed the court that Detective Lang's condition was good and they thought it safe to make the charge of assault to commit murder against Nitti. Attorney DeStefano said he wanted Nitti admitted to bail so he could be moved from the Bridewell.

Becomes Eligible to Bail.

Chief Schoemaker and Prosecutor Dougherty informed the court they would be ready by 5 o'clock, and 15 minutes before that hour Nitti was booked on the assault charge, thus becoming eligible to bail.

Capt. Daniel Gilbert, chief investigator for State's Attorney Courtney, and Prosecutor Dougherty questioned the prisoners and prepared a statement regarding the shooting which they asked Campagna to sign as a routine matter.

"I never sign papers," Campagna growled and refused to affix his signature.

McGee, one of the prisoners, said he was a chauffeur for Mrs. Nitti. He said her car was in a loop garage. Lieut. Edward Birmingham sent a squad to get it and to search it for revolvers and anything else that might prove informative. The license was issued in the name of Anna Ronga, Mrs. Nitti's maiden name.

Chief Schoemaker turned over to Sergt. A. J. Mulvaney, ballistics expert of the coroner's office, two revolvers said to have been taken in Nitti's office after the shooting. One was supposed to be the gun with which Detective Lang was shot.

The word at the detective bureau was that Murray Humphries, Joe Fusco, Jack McGurn, William "Three Fingered" Jack" White, and other leaders of the syndicate of which Nitti was business manager, had fled the city. A roundup of gangsters remaining here was ordered again last night by Chief Schoemaker in accordance with Mayor Cermak's instructions.

Detective Harry Miller, partner of Lang and one of the policemen who made the Nitti raid, was placed in command of a new hoodlum squad to supplement the work of the one created two weeks ago by Mayor Cermak's order and headed by Sergt. Peter Walsh. With Miller are Detectives Al Hahn, Thomas Shea, Theodore Tierney and Edward Dooley.

CRIMINAL COURT.

Edward Boyer and Howard Ballard, robbery, sentenced to 1 to 20 years each in the penitentiary; Charles Fuller, Argonal Pomper, and Joseph Zaccari, robbery, sentenced to 1 to 10 years each in Pontiac reformatory by Judge Rudolph Desort.

John Strompolis and Joseph Hall, robbery, sentenced to 1 to 20 years each in the penitentiary; Irving Jarol, larceny, sentenced to 1 to 10 years in Pontiac reformatory by Judge Harry A. Lewis.

MAYOR OUTLINES PLANS

Mayor Cermak during his visit to the police building last night and early this morning indicated some of the changes that he proposes to make in the police radio department. He was accompanied by Edward J. Kelly, president of the south park board.

The fifty-eight policemen who work at the telephones receiving Police 1313 calls will be replaced by expert woman telephone operators, the mayor said. The men will be assigned to district stations.

"In this way we will have more men doing regular police work," explained Mayor Cermak. "Women have more aptitude for telephone work, and several of those whom we will employ will be linguists. Many emergency calls are made by persons speaking foreign languages, and precious time is lost in understanding their calls for help. The woman operators to be hired will be experienced in the work, preferably those who have been employed by the telephone company."

Would End "Lost Motion."

Mayor Cermak said that there is much lost motion in the police radio service. He said that he has telephoned emergency alarms to test the response. Once 10 minutes elapsed before a squad answered his call, but on other occasions the response was splendid, he said. The mayor said he also planned to institute a "precedence list of calls." He explained that frequently three or four Police 1313 calls are received at the same time. In such cases the most important alarm would be broadcast first under his plan.

As part of his policy of having all policemen do regular police work, Mayor Cermak said that patrolmen performing clerk's duties will be replaced by non-police clerks.

The mayor also said he hopes to have radios installed in all police patrols. In that way they may be utilized for emergency purposes. Too many patrols are being used for useless work, he said. He cited a case where one patrol wagon is used daily to haul laundry for the Bridewell, and the same vehicle is also used to call at an elevated station for a police matron every morning.

PRESENTS PLAN FOR LEGISLATION TO CURB CRIME

A legislative program aimed at the reduction of crime was recommended yesterday by Ernest D. MacDougall in a report presented to the second annual convention of the National Institute on Mercenary Crime. The meeting was held in the Medinah Athletic club.

Appointment of judges for life terms; appointment of state's attorneys for long terms, and placing the entire personnel of police departments under civil service were some of his principal proposals. He suggested a law prohibiting prosecuting officers from acting as defense counsel in criminal cases after leaving office.

Other speakers included David H. Jackson, former head of the Illinois state securities department, and Thomas Quinn Beasley of Chicago. Mr. Jackson criticised banks and investment houses of "respectable status" which sold worthless bonds and stocks to the public during the stock market boom.

Mr. Beasley said that racketeering is as prevalent in Chicago today as it was four years ago.

Heir to $10,000 Falls to Death from Evanston Room

Henry Johnson, 68 years old, heir to a $10,000 estate left by his sister four years ago, was killed last night when he fell from his second floor room in the rooming house at 600 Davis street, Evanston. Police believe the fall was accidental. Johnson lived on a small weekly income from the estate.

7 Year Old Girl Suffers Thirteenth Broken Bone

Shelbyville, Ind., Dec. 20.—[Special.]—Annabelle Fessler, seven, of Blue Ridge is suffering the thirteenth bone break in her life. The child stumbled and fell while walking at her home, breaking a collar bone. Doctors say her bones lack the constituent which aids in resisting breaks.

"The newspaper is an institution developed by modern civilization to present the news of the day, to foster commerce and industry, to inform and mold public opinion, and to furnish that check upon government which no constitution has ever been able to provide."

AFTER REPUDIATION, WHAT?

American economists have studied the effect of the debt payments on world economy and the majority of them conclude that payment stands in the way of recovery. They do not permit many ifs or buts about it. Unconditional surrender is the only hope they see. They probably have studied the economic consequences of such a surrender by the creditor, but not nearly as much has been heard of this if they have.

Of course, all agree that the debts cannot be treated as so many soap bubbles and allowed to burst with no remainder to be considered. It is generally conceded that somebody owes somebody, say ten billion dollars, and some one is going to pay it. That some one, if the debts are canceled or to the extent that they are reduced, will be the American taxpayer. It is true he will fork over his money in his own currency to another American. That other American will be the holder of an American bond. In some instances the man who pays the new tax will be the man who has the bond. He will take money out of one pocket and put it in the other.

Whoever pays the debt, the American bondholder as a bondholder will be no better off and no worse off. He will have the same amount of money, no matter who pays it. But the man who pays the additional tax will have that additional amount subtracted from his own purchasing power. It is said that the payment of the debt by the debtors is destroying their ability to purchase American goods or any goods. What would bear a little explanation is the probable effect of a new tax upon the already hard hit purchasing dollar of the American citizen. It must be kept in mind that his income taxes will be multiplied, say by three, March 15 next. The new rates have not hit him yet. They are coming, and, whatever will be their effect, it is certain that there will be a new restriction put upon the purchasing power of many Americans next year.

The government has not yet found its way, with diminishing revenue and increasing deficits, to balance its budget. Whether it wants it or not, and whether it takes it in time or not, it is going on a reduced diet. Both the citizen and his government will do without things that the individual and the government have both thought were necessary to well-being.

It would be interesting to have our cancellationist economists forecast what the assumption of the foreign debts by the American taxpayer will mean in the domestic market, and in this respect it would be more to the point not to spread that assumption of new debts out over the entire population of the United States. It isn't the per capita distribution of these payments which is relevant. The income tax payer is not the same identical animal known as the American citizen. He forms a highly restricted class numerically engulfed in the population of the country. But his economic value is something which cannot be appraised by counting noses. The question is what happens to the markets of the United States when the American taxpayer turns his feet away from the streets in which he has been accustomed to spend his money for what he needs and wants and wears a path to the door of the federal collector of internal revenue. Or is it intended that the cancellation shall apply also to the holder of the American bonds? Germany can't pay, France can't pay, the United States can't pay. Then what?

THE PRESIDENTIAL DIGNITY.

John Adams was visibly fussed when Washington presented himself in New York for the first inaugural ceremonies. Adams felt his responsibilities and neither he nor any one else knew exactly what should be done to satisfy the requirements of state on the occasion of installing a great man in a great office. There was some excuse for the confusion. The dignity was a new one in the world's category of authority. In Washington's case the office could not enhance the man, but since his time there have been occasions when it has appeared to persons responsible for the maintenance of the republic's dignity as doubtful whether the citizen who became President was getting enough of the pomp which goes with power.

When these doubts become worries the division of protocol in the department of state tightens up the White House usage as if seeking the divinity which may hedge a king. The result is, as Theodore Roosevelt once said, the first citizen finds that in being a President he can't be a gentleman. Whether the President likes it or not, the functionaries love it. The purple is the favorite color of officialdom. Rex seeks the higher state of imperator. The democratic purple is seldom impressive. In great affairs of state the office of President carries itself. Its simplicity becomes its true dignity. On the smaller social side the attempts to make the office something it isn't usually end in confusion. The division of protocol is slipping on the floor and stumbling over the furniture more often than not.

TAX LAWS AND TAX ABUSES.

Writing to the president of the Chicago Real Estate board a week or so ago, the county assessor, Mr. J. L. Jacobs, observed:

"While progress in the assessment of personal property has been made and there must and will be progressive development along these lines in the next assessments, a thoroughly economic and equitable distribution of the tax burden will be accomplished only after amendment of the revenue article in the state constitution. . . . As soon as the antiquated revenue article in the state constitution is amended to recognize present day conditions and needs the sooner will there be a permanent solution of this important fiscal problem. . . ."

The task which has confronted Mr. Jacobs in the assessor's office has been a difficult one and he has accomplished much. He would no doubt be the last to claim that he had made no errors. It is no doubt his awareness of the difficulties inherent in his task of evaluation and his consciousness that frequently the uncompromising impartiality of his methods has led to excessive taxation of some and substantial immunity to others that move him to demand an immediate change in the constitution and the laws.

That the present tax code of Illinois is to be regarded as a model for other states no one familiar with it would assert. But to say that is not to say, as Mr. Jacobs does, that an amendment of the constitution will provide "a permanent solution of this important fiscal problem." There is no permanent solution of the problem of taxation, and certainly there will be no solution, permanent or temporary, of the problem in Illinois as long as the expenses of government continue at anything like their present scale. We are suffering in Illinois today less from unfair forms of taxation than from an aggregate of taxes heavier than the wealth of the people will justify. When the total burden has been reduced to a payable level (an objective which, it should be noted in justice to Mr. Jacobs, is quite beyond his control as assessor) some injustices between taxpayers may remain, but they will be seen to be of secondary importance. The tax system of Illinois may be bad, but it is not necessarily ruinous. The rate of taxation is ruinous.

A change in the tax laws should not precede but follow the firm establishment of reform in tax administration and the reduction of tax expenditures. A change in the tax laws under the old system of tax fixing would have been of small value, and a change in the laws as long as expenditures are out of hand will mean that the governments will be encouraged to maintain their rate of expenditures in the vain belief that the new taxes will yield the revenues required.

PROBABLY MUSTAPHA KEMAL WILL PAY IT.

Greece has instructed its minister at Washington to inform the American state department that before it pays the interest defaulted on $12,000,000 owed the United States the character of that loan must be determined. Arbitration at The Hague is suggested as the means. The money was advanced to aid Greece in clearing its refugees out of Asia Minor and in keeping them alive. The goldfish had bitten that tough hombre, Mustapha Kemal, and all was trouble on the Turkish front.

Greece now holds that the debt thus incurred must be regarded as a war loan. If it is, then of course it is no good. It is even worse than no good. It is an economic peril to the United States. Greece would ruin the United States by paying the interest on a war loan, and it must not do such a thing, not to a friend. If the debt should be mistaken as a debt of honor when it was merely a war loan, and paid as one thing when it was another, all the disastrous consequences of such a payment would flow in upon the United States, and Greece could not then forgive itself.

If it is a refugee loan, that is a different matter. The United States would be safe in receiving a payment and it would not be on the conscience of Greece to make it. The principle apparently agreed upon in Europe is that the credit of a country desperately engaged with an enemy is no good when it needs it most. The United States learns this rule of finance rather late, but it will be a guide for the future.

WILLIAM THE CONQUEROR IN SOUTH DAKOTA.

Farm lands of an acreage estimated as high as 7,000,000 acres are offered in sheriffs' sales for delinquent taxes in South Dakota. Thirty per cent of the total land assessed is said to be delinquent. The sales will be held, but there will be few if any buyers. The various counties will take title and the land will then go off the tax books, requiring an increased spread against the solvent taxpayers unless the counties and the state reduce their levies.

This obviously is a conquest of the land. The state in effect has succumbed to an enemy who is taking the property of the citizens as the spoils of war. South Dakota is going into the Doomsday book. It does not matter that the sheriff is a neighbor. He might as well be a captain under William the Conqueror. The taxes have hit the state with sword and fire.

Editorial of the Day

THE BISHOP HAS AN IDEA.

[New York World-Telegram.]

We have a pretty definite idea that Bishop Cannon's threat to organize a new "moral" party will not gain much headway.

In the bishop's case his idea of "moral" consists wholly in supporting a law that in turn supports a racketeers' organization.

Of such stuff is the fanatic made. A single track mind, blind to anything outside its own obsession, stops out all but the one idea that salvation lies in the imposition of its own will upon an unwilling people.

How about the immorality of intolerance, of bigotry? How about evasiveness on the witness stand when one's own affairs are pried into? How about a spirit of kindliness? How about an ecclesiastic assuming the role of a scheming politician?

Does he know how the dictionary defines the word "ecclesiastic"? "One officially set apart for the service of the church." The church, not politics.

To imagine one's self to be on the side of the angels but in reality to be aligned with the Capones, the Dwyers, the Maddens, and the rest of the gentry who wax and grow fat on the 18th amendment implies an extraordinary faculty of myopic vision.

A LINE O' TYPE OR TWO

How to the Line, let the quips fall where they may.

GIFTS.

Packages, all
Shapes and sizes,
Each the gayest
Of surprises.

Dash of color,
Bright and mellow,
Scarlet, green and
Golden yellow.

Decorated
Paper trappings,
Much too lovely
Just for wrappings—

Painted with a
Snowflake setting,
Stately figures
Minuetting—

Even Santa,
Plump and beaming,
Stars and moons and
Things for dreaming.

Piled high, these
Gifts are waiting
For my own
Appreciating.

I am on my
Knees beside them,
Thinking of the
Hands that tied them.

Thinking of the
Self-denial
Hidden back of
Every smile,

Thinking of all
People living
They give most with
Least for giving.

FERRY ADAMS.

IT'S A LITTLE DULL these days. The only chance for a bit of action seems to be starting a book on whether Mr. Hoover will veto the beer bill if and when it is passed. Just to get things going and not because we are excited about the matter one way or another, we will offer a plush lined doughnut to a canceled street car transfer that he will veto the bill. It sounds like a sporting proposition, anyhow. And if the bill says 2.75 per cent beer we hope he does. That kind of beer just irritates us.

AND, ANYHOW, if France would take the money she spends on ribbon to decorate Americans she could easily pay her debts to this country and there wouldn't be any trouble.

ADD—THIS CHANGING WORLD! "A glass of 3.2 per cent beer," said Majority Leader Rainey (who used to be a dry) in the House yesterday, "is no more intoxicating than a cigar or a cup of coffee." If these ex-drys keep on like this they're going to be saying pretty soon that three fingers of old Kentucky bourbon is not as potent in starting anybody in the direction of a fair sized jag as a couple of American Beauty roses. Oh, and the modest violet by the river's brim. The modest violet is going to be considered much more intoxicating than a gin-sling or three Tom and Jerrys.

White-vested nuns
are quiet, slow,
unhurried in
the way they go,
showing men
the faith they know.

Life is stopped
and life goes on.
Black night becomes
a golden dawn;
the city wakes
beyond the lawn.

—From "Hospital," by Jeanne DeLamarter.

LINEBOOK of 1932
At Bookshops, News Stands, and Tribune Public Service Offices
10 cents By mail 13 cents in stamps

EVERYBODY is talking about it now. Excited people on all hands are shouting we must make the world safe for Technocracy. Neither do we.

WE WOULDN'T BE SURPRISED if the Technocrats nominated a candidate for President four years from now. The nominee should be a first class robot with two hundred gadgets. He could live in the garage and rent out the White House to a New York millionaire.

OR IF THE TECHNOCRATS won't name a robot for President they ought to vote for the automatic steam shovel. Or is there an automatic steam shovel? If there isn't there probably will be next week. They invent things like that over night in this machine age.

AN AUTOMATIC STEAM SHOVEL would make a great President for the Technocrats and everybody else. He could start to work on congress right away, and what a help he'd be excavating the bureaucrats out of Washington.

AND EVERY TIME the mechanical President got tired somebody would just press a gadget and start him all over again. The Technocrats are going strong. They'll have an automatic steam shovel for President yet. See if they don't.

R. H. L.

How to Keep Well By Dr. W. A. Evans

To the limit of space questions pertaining to hygiene and prevention of disease will be answered in this column. Personal replies will be made to inquiries, under proper limitations, when return stamped envelope is inclosed. Dr. Evans will not make diagnoses or prescribe for individual disease.

(Copyright: 1932: By The Chicago Tribune.)

LIME TO EAT.

DURING the winter season we need more calcium, or lime, than we usually get. A mild degree of lime deficiency makes us nervous, puts us on edge, and increases the tendency to the nervousness group of disorders. Children who are not getting enough lime are somewhat more prone to have spasms and other evidences of what is called spasmophilic diathesis. Both children and adults with this deficiency are more prone to develop colds, bronchitis, pneumonia, and other infections.

This much is pretty well agreed on. The first impulse of those who read about it is to get ready for winter by taking a fall tonic in which there is some lime. The drawback to this method is its low efficiency. Getting lime into the stomach is easy, but getting it anchored in the tissues is different. To accomplish this is not easy. Preparations of parathyroid gland are used as anchors for lime. Theoretically the method is all right, but practically it is not getting into general use. Lime in foods is much more apt to be absorbed than is lime taken out of a bottle.

Dr. J. H. McGavack gives the following as foods that are high in calcium: Cheeses and milks of all kinds, butter, spinach and other kinds of greens, eggs, nuts, dried beans, celery, cauliflower, brown bread properly made, bran and cereals that contain bran, molasses, and sirups.

In order that lime in foods shall be usable it is necessary that the content should go hand in hand with the content of phosphorus in foods. Among the foods that are rich in phosphorus are solid meat extract, cottonseed meal, linseed meal, cocoa, cheese, yellow of egg, kidney beans, lentils, whole barley, peanuts, oatmeal and other cereals, walnuts and other nuts, brans, brown rice, lean meats, properly made whole wheat breads.

In order that lime may be made available in the tissues it is advisable that enough vitamins, and especially vitamin D, be used. Among the better sources of vitamin D are viosterol, cod liver oil, halibut oil, and salmon meat. Canned sardines should be in the same class.

McGavack gives the following foods as good sources of vitamins D, A, and C: Milk, butter, eggs, greens, lettuce, peas, carrots. Those rich in vitamins A and C are cod liver oil and other sea fish fats, tomatoes, raw cabbage, and peaches. Those that are rich in vitamin C are turnips, oranges, lemons, raspberries, apples, and all other fresh fruits, fresh vegetables, and even fresh meats.

PLEURISY.

A. B. writes: Does pleurisy usually cause pulmonary tuberculosis? If so, how long after?

REPLY:

There is close relationship between consumption and some kinds of pleurisy. In many cases the pleurisy is tubercular from the beginning, the symptoms of that disease masking those due to tuberculosis in the lung substance. In some cases the pleurisy is secondary to lung tuberculosis and often it does not appear until late in the course of the lung disease. If a man has a pleurisy which causes the pleural cavity to fill with clear fluid, the chances are that the pleurisy is tubercular and eventually there will be symptoms of pulmonary tuberculosis or consumption. On the other hand, if the fluid in the pleura is found to be pus the chances are that the disease is not tuberculosis.

The probability is that a straight case of dry pleurisy will not be tubercular.

THEY DIFFER.

D. S. writes: Are acidosis and acne the same ailment? What are the causes and how do they affect one?

REPLY:

They both start with the letter A, but there they part. Acne is a condition of the skin. If grease glands fill up they make blackheads. If a blackhead becomes infected it is a pimple. Acne is a pimply skin.

In acidosis there is less alkali in the tissues than is normal. In some kinds of acidosis the blood and tissues are rather overloaded with fatty acids and similar compounds.

IT IS SAFE.

Mrs. C. H. writes: Do you think it safe to eat vegetables such as carrots, celery, cabbage, and lettuce that have been kept in a porcelain pan in an electric refrigerator for about four or five days?

REPLY:

It is.

CAUSES ARE VARIED.

E. B. writes: What causes nervous heart? Is it curable?

REPLY:

Among the causes are goiter, excessive use of tobacco or coffee, and lack of poise. It should be curable. Find the cause and avoid it or overcome it.

IT WILL KILL.

C. F. G. writes: 1. Will a teaspoonful of arsenate of lead kill a person?

2. How can a doctor tell a person is poisoned?

REPLY.

1. Yes.
2. By an autopsy and by chemical tests.

FRIEND OF THE PEOPLE

Letters to this department must be signed with names and addresses of writers.

ROOTS DESTROYING SIDEWALKS.

Chicago, Dec. 17.—[Friend of the People.]—The owner of the property at No. 6343 in our block has cut down the two beautiful trees in the parkway in front of his home. Has he a right to do this, and can he be compelled to plant others in their place? The street is lined with these lovely trees, and if people are allowed to cut them down at will the beauty will soon be marred. F. J. C.

Inspection of the above complaint reveals that the owner of the property recently removed an 18 inch poplar tree whose roots were breaking up the sidewalk. He has promised to replace the tree with a Norway maple this fall. WALTER WRIGHT,
Supt. Parks, Recreation and Aviation.

STILL LIABLE.

Cicero, Ill., Dec. 12.—[Legal Friend of the People.]—About six months ago I subscribed for some magazines. When my husband was laid off I called the company and asked them to stop sending the magazines. They said they would if my husband didn't go back to work in a few weeks. Up to this time they have not stopped sending them, but I did not accept them from the postman. I have paid for all magazines I kept. Can they collect for the magazines refused? M. L.

Yes. The change in your circumstances does not relieve you from liability for the amount that you agreed to pay and there is no legal consideration for their promise to release you. TRIBUNE LAW DEPARTMENT.

FROM THE TRIBUNE'S COLUMNS

16 YEARS AGO TODAY

DECEMBER 21, 1916.

WASHINGTON, D. C.—The United States and several neutral nations of Europe have addressed formal peace appeals to the belligerents which may result in bringing the great war to an end before spring. The most significant step in the direction of peace has been taken by the President of the United States with the tacit approval of both groups of warring powers. Mr. Wilson has addressed a note to the entente allies and the central powers proposing that they exchange views of the terms on which peace might be concluded and of the guarantees which might be given to insure the world against a repetition of the conflict. The German embassy received word from Berlin that Sweden, Switzerland, and several other neutral countries also have made representations urging a parley in harmony with Mr. Wilson's plea.

WASHINGTON, D. C.—The view in allied, Teutonic, and diplomatic circles is that the President's note will have the effect of bringing peace perceptibly closer. Frank surprise was expressed at the various embassies and legations when the contents of the note were read. "I am now perfectly convinced that we will have a conference," was the comment of Count von Bernstorff, the German ambassador. In circles close to the French embassy it was declared nothing is contained in the American note to which the allies could take exception. Its promulgation follows logically after Lloyd George's statement in parliament yesterday that the entente must know the terms of the central powers.

PETROGRAD.—In the region southwest of Brody [Galicia] the Germans, after bombarding our trenches with heavy artillery for half an hour, conducted an attack in open formation upon our position. They were driven back by our fire. Repeated enemy attempts to attack our detachments also were unsuccessful.

LONDON.—During the night the enemy lines were entered by us in the neighborhood of Gommecourt and considerable damage was done. A number of prisoners were taken in the course of another successful raid carried out by us against the enemy's trenches north of Arras.

ROME.—In the Arsa valley Italian artillery fire dispersed an enemy detachment and silenced enemy batteries. In the upper Astico valley and on the Asiago plateau the activity of the artillery on both sides was marked. On the Carso the enemy's artillery was rather more active against our advanced positions.

COPENHAGEN.—After a single reading the folkething adopted the bill ratifying the treaty for the sale of the Danish West Indies to the United States. The vote was ninety in favor of and sixteen against ratification. The landsthing, it is expected, will ratify the proposal tomorrow.

SANTA ROSA, Cal.—Luther Burbank, botanical evolutionist, announced that he will marry Miss Elizabeth Waters, his secretary, tomorrow in San Francisco. The bride is a native of Hastings, Mich. Burbank, who is 67 years old, was divorced twenty years ago. He met Miss Waters in New York in 1914.

CHICAGO.—Saturday, Dec. 30, is to be the wedding day of Miss Doris Andrews of Baltimore and John Winterbotham, son of Mrs. John R. Winterbotham of 6 Scott street. The wedding will take place at the home of the bride's sister, Mrs. R. M. Gibbs of 1209 St. Paul street, Baltimore.

CHICAGO.—By 1960 the city of Chicago may own the complete local transportation system, consisting of $490,000,000 worth of surface, elevated, and subway lines. This possibility was stated yesterday in the closing sentence of the report of the Chicago traction and subway commission upon its investigation of the transit problem.

FASHIONS FROM PARIS

[Columbus Dispatch.]

VOICE OF THE PEOPLE

Writers should confine themselves to 200 or 300 words. Give full names and addresses. No manuscripts can be returned. Address Voice of the People, The Tribune.

MR. PEGLER ON BEER.

Wisconsin Rapids, Wis., Dec. 18.—I read with interest the claim by Westbrook Pegler, your most untrammeled and versatile staff writer, that 3.2 beer was so little intoxicating in fact that few will buy or drink it, even though legalized. That is possibly true, except as to present consumers of near beer, but I am afraid that for once Mr. Pegler misses the most important point.

Intoxication chiefly is a psychological phenomenon assisted by adverse stomachic conditions. In the good old days it will be remembered that the young bloods were expected to "hold their liquor like gentlemen." In other words, they set their wills in opposition to the intoxicating effects and when finally they succumbed it was to fall under the table helpless.

It will not be contradicted, I think, that our chief concern now is for our children. In spite of Bishop Cannon, Ella Boole, et al., the youths, male and female, consume a very considerable amount of liquor, preferably gin, without benefit of the law. They have few if any inhibitions. The Sweet Adeline days have gone, and drinkers, especially the young ones, believing it smart to become intoxicated, are now able to do so, under the slightest provocation, almost by smelling the cork of a bottle. The standard has changed.

The difficulty, as I see it, will be the sale of any large amount of 3.2 beer in urban territories, where sale of moonshine, gin, alcohol, and alleged beer of much larger alcoholic content now goes merrily on, law or no law, protected chiefly by gangster guns. Sweet Adeline drinkers never actually desired to become really intoxicated, for it blurred their pleasure. The young drinker wishes to become intoxicated as quickly as possible, and will continue, legalized beer or not, to fill his flask at the speakeasy and take his automobile and girl to some far away roadhouse dance where neither may be worried by conventionalities. Legal beer cannot save them now. J. P. GRUWELL.

LA SALLE STREET SIDEWALKS.

Chicago, Dec. 14.—In THE SUNDAY TRIBUNE of Dec. 11 in the Voice of the People we noticed a letter by J. E. Woodcock on "La Salle Street Sidewalks," in which he states that he "would be pleased to learn why the Moody Bible institute and the Henrotin hospital have not as yet moved back their buildings. They received their more than just share of moneys," but have done nothing. He would like to know how "these institutions have been able to get away with murder for more than two years."

Had the writer of the letter thought it desirable to know the facts before exploding as he did, he would have learned that the city had not paid the Henrotin hospital a single cent for the property it contemplates confiscating, although the hospital has paid the city over $8,000 in assessments for the La Salle street improvements. Had the city paid the hospital, the hospital would have been reconstructed long ago.

VERONICA MILLER,
Superintendent, Henrotin Hospital.

A PLAN FOR FARM RELIEF.

Des Moines, Ia., Dec. 16.—Once again the W. G. N. has demonstrated its value to the community it serves. The "Plan of Farm Relief" in the issue of Dec. 14 correctly diagnoses the agricultural disease and prescribes the proper remedy.

In Iowa the average tax on farm land in 1900 was about 39 cents an acre; in 1932 it was approximately $1.62. Some farms are taxed as high as $7 an acre. Henry Wallace is the happy owner of one of them. A tax of $4 is very common, but a tax of less than a dollar is a curiosity.

It is difficult to comprehend the mental acumen of one who can advocate the reduction of crop acreage to a voluntary or involuntary domestic allotment plan so long as the farmer has to make every acre grow enough crop to pay its own tax bill plus the tax on unproductive, infertile or idle land.

You are the fourth one to exhibit vocal intelligence on this subject. President Hoover, in his Des Moines speech, said that no farm relief was more needed than readjustment of land taxes. James S. Taylor of the division of housing of the department of commerce says that we will not be prosperous so long as we tax land upon its selling value rather than upon the value that results from its use, and the writer has been vociferous. Can we form a miniature, militant minority that will be effective in broadcasting your idea; one of those minorities that are so constantly successful in securing legislative action?

I hope that this will not be your last editorial upon this subject. You are on the right road. Taxes should be levied upon the annual use value of property rather than upon a guessed at selling price. Property itself never pays a tax; taxes are paid out of use value. Farm acreage that has no use value should not be taxed. Put that in your W. G. N. platform alongside your beer plank. It is vastly more important.

FLETCHER A. RUSSELL.

SKATES STOLEN.

Chicago, Dec. 17.—My son was coming home from Humboldt park this afternoon when two large boys stopped him, one holding my boy's hands back of him while the other searched his pockets after taking a good pair of racing skates from him. Upon notifying the police we were informed that they have plenty of complaints about the same thing. If my son would have had some warning he would have been prepared a little bit, at least, or stayed at home. As it is, he is out his skates and no chance of getting another pair, because my husband has been out of work for the past two years. MRS. CARL NURNBERG.

$5,000 VISA FEES.

Chicago, Dec. 16.—A resolution providing a $5,000 fee for passport visas to American citizens desiring to travel to a foreign country—France, for example—is all baloney. The department of state issues a passport to a citizen in good standing; a visa is given by the consul representing the foreign country to be visited. Senator McKellar of Tennessee should attend a kindergarten.

AWARD DEGREES TO 196 STUDENTS AT U. OF CHICAGO

E. L. Ryerson Jr. Gets Medal for Relief Work.

Degrees were awarded to 196 students of the University of Chicago yesterday at the 170th convocation. Four students were awarded four year certificates in medicine.

Of the recipients, 96 were given bachelors' degrees, 49 masters' degrees, 25 were made doctors of philosophy, one a doctor of divinity, one a doctor of jurisprudence, and 20 doctors of medicine.

The exercises were held in the university chapel, which was crowded. Preceding the exercises there was a program on the carillon presented to the university by John D. Rockefeller Jr. The carilloneur was Harold Simonds.

Ryerson Awarded Medal.

During the convocation Edward L. Ryerson Jr., chairman of the Illinois Emergency Relief commission, was awarded the Rosenberger medal "for achievement of great benefit to humanity." This medal, endowed by Mr. and Mrs. Jess L. Rosenberger, has been given in previous years to Dr. F. G. Banting, co-discoverer of insulin; to Prof. James H. Breasted, noted Egyptologist, and Salmon O. Levinson, attorney and advocate of world peace.

In the statement announcing the award to Mr. Ryerson it was said it was made "in recognition of his distinguished leadership and unselfish public service in the organization and administration of the agencies engaged in unemployment relief in the state of Illinois."

Hutchins Delivers Address.

The medal was presented to Mr. Ryerson by Robert M. Hutchins, president of the university, who also delivered the convocation address. In his speech President Hutchins said, in part:

"In every part of the country the cry is that much of the money that has been spent on education has been thrown away, and the chorus swells louder as the discussion reaches the higher levels of learning. Proposals are now being made to abolish high schools on the theory that all the common people are entitled to is eight years in the grades. Public junior colleges, of course, must go, and if state universities may remain we must attribute this indulgence to the political power of their graduates rather than to any public conviction of their usefulness.

"I do not believe that the movement to exterminate types of educational organizations will get far. They have developed in response to real needs which are now more intense than ever. They developed because young people could not become workers and had to become pupils."

An Educational Organization.

Speaking of the importance of convincing the educational layman of the importance of education and research, President Hutchins said:

"The principal difficulty in developing this conviction in the layman is the organization of higher education in America. He cannot understand what a high school is; and we can make only the feeblest efforts to illuminate him because we are somewhat confused ourselves. If we can develop a rational organization of our system, the greatest obstacle to public understanding will be removed. Such a rational organization must begin with the elementary school.

"It is now clear that the work of that school can be completed in six years. After that should come a secondary unit, definitely preparatory and not terminal in character, covering three or four years. Above the second school there should be a set of alternative courses of study, definitely terminal.

"We should thus look forward to accommodating the educational needs of our population up to their 18th or 20th year by six years of primary school, three or four years of secondary school, and three or four years of terminal courses of a technical or cultural kind. At the 18th or 20th year the university should begin. The university is not an instrument of popular education; the university is an organization for the promotion of scholarship. Therefore it should be sharply differentiated from the high school, the college, and the technical institute."

Ryerson Honored at U. of Chicago

Edward L. Ryerson (left) being congratulated by Harold H. Swift, president of the board of trustees, after receiving the Rosenberger medal at 170th convocation of University of Chicago yesterday.

Sigfried Roebling, Kin of Bridge Builder, Is Divorced

Reno, Nev., Dec. 20.—(AP)—Sigfried Roebling, grandson of Washington Roebling, bridge builder, was divorced at a private hearing here today by Mrs. Mildred Kunath Roebling, whom he married in New York May 2, 1920.

DEMANDS END OF EXTRA FEES FOR COURT REPORTERS

State Representative Elmer J. Schnackenberg, chairman of the Illinois commission on taxation and expenditures, announced yesterday before leaving for Springfield that a recommendation would be made to the incoming legislature that the "official court reporter system" in Cook county be abolished or changed. There are nine court reporters attached to the Criminal court, whose pay is $3,600 a year, and they are allowed to make an extra charge to the county or state for typing, the Schnackenberg commission found.

"The present provisions for the appointment of shorthand reporters by the individual judges without central control or supervision of their operations tends toward waste," says the commission report. "Stenographic service should be supplied upon the request of a judge or through the court clerk's office by permanent or temporary employes as may be found necessary. Compensation should be based on time actually employed. Any fees for transcripts should be paid into the clerk's office and transcripts should be available to the state under limitations without charge."

ENDS HIS LIFE WITH GUN.

Christ A. W. Ohle, 58 years old, 5838 North Whipple street, shot and killed himself with a shotgun in his home yesterday afternoon. Police were told that he had been despondent.

APPROVES STATE TAX OF $11,371 ON FERRY ESTATE

A state inheritance tax of $11,371 on the estate of Mrs. Abby Farwell Ferry of Lake Forest was approved yesterday by County Judge Ferry L. Persons at Waukegan. Mrs. Ferry, the daughter of the late John V. Farwell Sr., died on Aug. 23, 1931, at the age of 81. The appraisal submitted to the court set the gross value of the estate at $511,019 and the net value at $458,043. Total taxes of $44,943 have been assessed against the estate, including a federal estate tax of $31,472, the appraisal showed. Mrs. Ferry, who was the widow of William Henry Ferry, was active in Chicago and north shore society for more than half a century before her death.

FIRE DAMAGES FUR FACTORY.

Fire believed to have been started by defective wiring caused damage of $3,000 yesterday to the Hess's Fur factory, 68 East Randolph street.

COUNTY BOARD FINDS SURPRISE IN TAX CONTRACT

Additional Fee Provision May Be Costly.

A difference in the wording of two copies of a contract with the county board under which Attorney Edward M. Winston collected delinquent real estate taxes may cost the various taxing bodies several hundred thousand dollars in revenue. This was learned yesterday when Commissioner Walter J. La Buy offered a resolution to the board to rescind the contract and to place the prosecution of all tax suits in the hands of the new state's attorney's tax bureau.

In the contract as approved by the state's attorney's office in May, 1931, before the board had reached an agreement with Henry M. Ashton, who was Winston's office associate, there were four paragraphs relating to fees for his services in collecting taxes. Three of these provided for percentages of total collections, contingent upon the amount of penalties collected. The fourth provided that 5 per cent of all delinquent tax payments in excess of $150,000, made voluntarily through the state's attorney's office during any six months period of the contract, should also go to Ashton.

Find New Provision.

However, an additional provision appears in the contract finally concluded with the county board and recorded in printed record of the board proceedings of May 22, 1931. This provision allowed Ashton "five per cent on amounts in excess of $150,000 collected during any six months' period from tax suits not brought by the said attorney. The other four provisions are also in the contract.

When Ashton was disbarred from practice for one year by the state Supreme court, Attorney Winston was allowed to assume the contract and the same five provisions for fees were entered on the county board record of that meeting, it was shown yesterday. This contract expired last Nov. 30.

It's New to Board.

When the difference in the contract approved by the state's attorney and that accepted by the county board was pointed out by Commissioner La Buy the other commissioners admitted they had not known of it. They demanded to know the reason for the absence of Winston from the meeting after he had been asked to attend and bring in the records of all the suits he has filed. It was explained that the lawyer is in New York City and that he is expected to return today or tomorrow and appear before the committees.

The board ordered Commissioner La Buy's resolution referred to the public service committee for investigation and recommendation. The committee already has voted to demand an explantion from Winston and from a former associate, Attorney Raloph O. Butz, of alleged tax adjusting in suits tried in the Circuit and Superior courts.

W. PARK BOARD PLANS BOND SALE AT 15% DISCOUNT

The west park commissioners are negotiating with an eastern bank to sell $4,000,000 worth of park bonds at a 15 per cent discount, it was revealed yesterday. If the transaction is carried through, the park system and its taxpayers will lose $600,000 of revenue from the bonds, while interest will be paid on the full $4,000,000.

The park coard, according to legal opinion, is within the law in the sale of the securities at $85 on each bond with a face value of $100. The bonds may be sold at the best price obtainable at the discretion of the board.

Authorization for issuance of the bonds without referendum was granted by the legislature more than a year ago. The bonds were to mature within 20 years and bear interest at a rate not exceeding 6 per cent a year.

The purpose of the bonds, according to the act, was for "maintenance, extension and improvement of parks, boulevards and pleasureways." John A. Pelka, a member of the park board, said that the revenue from sale of the bonds could be used to pay defaulted bonds, to pay off those coming due at the first of the year and to meet outstanding bills and back salaries. The park commissioners are in default on more than $1,000,000 in bond redemption and interest.

COURTNEY ADDS WM. T. CRILLY TO HIS STAFF

The appointment of William T. Crilly, 39 years old, as an assistant state's attorney was announced yesterday by State's Attorney Courtney. Attorney Crilly, who lives at 7 South Central Park avenue, has been employed by the city in condemnation suits. The removal of Assistant State's Attorneys Harry Busch and Frank Mast from the pay roll also was announced yesterday.

Mr. Courtney said yesterday that he had sent a list of candidates for the positions of assistant state's attorneys to the bar association for approval. When the list is returned there will be a wholesale shift of assistants, Mr. Courtney said, especially in the police courts.

U. S. NOW SPENDS HALF OF REVENUE ON WAR VETERANS

Cost Is Still Growing, Congress Group Told.

Washington, D. C., Dec. 20.—[Special.]—The national government is now paying nearly one half of all its annual revenues to the veterans administration to be paid out in benefits or other disbursements to, or on behalf of, war veterans and their dependents, and the peak in this vast financial outlay is still in the future. This statement was made today by William Marshall Bullitt, former solicitor general of the United States, before the joint committee of congress investigating veterans' legislation.

Payments to Spanish war veterans now exceeds the total cost of that war, while payments to or on behalf of world war veterans, Mr. Bullitt said, have reached the point where they are about one half the cost of that war and this does not include about $2,000,000,000 in adjusted compensation, the payment of which is a standing obligation of the government.

Questioned by Robinson.

Mr. Bullitt was subjected to a barrage of questions, mainly by Senator Robinson of Indiana, a member of the American Legion and a leader in the promotion of veterans' legislation.

"The Economy league," Mr. Bullitt testified, "insists that the government's expenses be cut $450,000,000 a year in the veterans administration alone. This can be done by eliminating $109,000,000 paid to veterans of the Spanish-American war who have never suffered any injury or disability as a result of such service. Secondly, we ask the elimination of $340,000,000 paid on account of veterans of the world war."

Pays Out More Than Cost of War.

Taking up the cost of the Spanish war, Mr. Bullitt said the total cost of the 1898 venture, including all soldiers' pay, was in round figures $582,000,000, "and yet," he added, "the government has already paid the Spanish war veterans $715,000,000, or at the rate of more than $45,000 for each man who was killed, wounded, or died from disease. At this time $109,000,000 a year is being paid to so-called 90 day Spanish war veterans who never suffered the slightest disability in that war. This annual payment of $109,000,000 should be discontinued.

"In the matter of the world war payments," Mr. Bullitt said, "the government has already paid to the veterans $3,430,000,000 for their war service, and over seven billion dollars for deaths and disabilities, making between ten and eleven billion dollars which the world war veterans have received, which averages up to $2,300 per man. That is about half the total cost of the world war, and the veterans still have more than two billion dollars of 'bonus' still coming to them, as well as an enormous amount of unpaid installment benefits on account of war risk insurance."

Seven Are Winners

Seven students of the Northwestern university law school were awarded scholarships yesterday by Dean Leon Green from a fund donated by Mrs. Anna Louise Raymond for students doing work in the school legal clinic. The clinic is devoted to furnishing legal aid for indigent persons. It was made possible by the James Nelson and Anna Louise Raymond foundation, which was established some years ago by Mrs. Raymond. The students receiving scholarships are Walter Sampson, 4559 Belle Plaine avenue; Raymond M. Carlson, 5306 Byron street; Bert Thayer Jr., 2000 Lincoln Park West; Sidney La Pook, 6828 Cornell avenue; Charles Holtz of Dubuque, Ia.; Joseph Bell of Cheyenne, Wyo., and Joseph Gray, 8142 South Winchester avenue.

ALDERMEN TO O.K. PUMPING STATION LOAN FROM R. F. C.

Special Meeting to Be Held Today.

The city council will hold a special meeting this morning to adopt a resolution confirming the terms of the arrangement whereby the city is to get $2,327,000 from the Reconstruction Finance corporation for the construction of a modern pumping station on Harrison street near Halsted street.

The new station will serve the area now supplied by three old pumping stations, from 40 to 60 years old. They are the 22d place, 14th street, and present Harrison street stations, the latter being on the site to be used for the new pumping plant.

The council resolution authorizing the issue of 5 per cent water certificates, which the R. F. C. has agreed to buy, must be signed by Mayor Cermak before Dec. 31 for the deal to become effective. Col. A. A. Sprague, commissioner of public works, said yesterday that he believed R. F. C. officials were overly optimistic in their statement that work could be started on the project Jan. 2.

Col. Sprague believes, however, that it will be possible to break ground before the council passes the city budget in February. While it will be necessary for the council to make a formal appropriation of funds for the work, this can be done in the continuation ordinance under which the city operates in the early part of every year pending passage of the budget.

Plans for the new station have already been prepared under the direction of O. B. Carlisle, head of the water works design division of the city engineer's office. The plans also have been approved by R. F. C. officials.

The first work to be done will be to lay water mains so that the 14th street and 22d street stations can serve the area now served by the old Harrison street station. When this is accomplished the old Harrison street station will be demolished and the modern plant erected on the same site. The work, it is estimated, will employ 340 men for 14 months.

GIFT DICE BOXES
Loaded for Luck!

Make Xmas his "lucky day" with a dice box full of ties—wool, silk and knit patterns. $1.50 to $3.50.

Give a smart bag in a smart box + shoe suede zipper bag, $10. Or a tweed calf envelope, $5.95.

23 MILLION U. S. BARGE LINE NOW WORTH 7 MILLION

I. C. C. Places a Value on It for War Secretary.

[Chicago Tribune Press Service.]

Washington, D. C., Dec. 20.—[Special.]—The federal barge lines of the inland waterways corporation which represent a government investment of more than 23 million dollars exclusive of interest are worth as a commercial enterprise only 7 millions of dollars, the interstate commerce commission advised Secretary of War Hurley today.

The lower Mississippi barge line has earned an aggregate of $3,738,908 above operating expenses, or an average annual net of $387,000 which, capitalized at 6 per cent would indicate a value of $6,450,000.

The upper Mississippi service has shown a loss of $1,267,016 during its period of operation. The Warrior river service was given only a nominal valuation and the Warrior river terminal company's railway property between Birmingport and Birmingham, Ala., was listed at $500,000. The valuation was made by the commission's bureau of valuation at the request of Secretary of War Hurley, who asked for an appraisal in the event an offer for purchase or lease of the lines was made. The valuation still is subject to objection by the war department.

Because of the unfavorable showing on the upper division, the bureau said, the statutory requirement that the upper and lower divisions be considered as a unit for the purpose of sale or lease had the effect of diminishing the commercial value which would otherwise be placed on the more profitable lower division.

"A purchaser or lessee of the property used in service on the Mississippi river would be required by the statute to operate both the upper and lower divisions and, therefore, would be required to bear the burden of the losses on the upper division to obtain the profits on the lower," the bureau said.

Commenting on traffic prospects for the future, the bureau said a return of business prosperity no doubt would be reflected in the earnings from water borne traffic. Freedom from regulation as to its port to port rates, the bureau said, may have given the barge line some advantages denied the rail lines and which might, by change of law, be denied to a private operator.

"It is possible," the bureau said, "that under private operation, some saving in cost could be accomplished as presumably the corporation has been more intent on developing a practicable service than upon obtaining maximum revenue."

KILLED IN FIGHT

IVAN SWARTSTROM.

Ivan Swartstrom, 33 years old, 4633 Drexel boulevard, engineer in a building at 16 West Lake street, was stabbed to death late yesterday by Sabis B. Gapasin, 29 years old, 2230 North Clark street, a Filipino, who was arrested. The latter is employed as a bus boy in McGregor's cafeteria which occupies the first floor of the building. The slaying occurred in the boiler room in the basement. Gapasin told central police that he stabbed the engineer when the latter struck him with a hammer.

SANITARY BOARD BUDGET IS PUT AT $77,373,439

But 1933 Tax Levies Will Total Only $12,393,077.

The sanitary district trustees made public their 1933 budget estimates yesterday at a public hearing. The board is required by law to hold such a hearing, at which taxpayers may register protests. There were no taxpayers present yesterday, and Trustee Ross A. Woodhull, who was presiding in the absence of President T. J. Bowler, adjourned the meeting five minutes after it had been opened.

The tentative budget calls for disbursements of $77,373,439, of which the board plans to spend $52,644,509 during 1933 and the remainder during the first six months of 1934. The board plans, however, to raise only $12,393,077 by its 1933 tax levies. Of this, $8,393,077 is for bond maturity and interest payments, and $4,000,000 is the levy for corporate purposes. The board pledged the citizens' committee on public expenditures to limit its corporate fund levy to $4,000,000.

Hopes to Sell $25,813,250 Bonds.

The board hopes, however, to sell $25,813,250 worth of bonds next year, principally for completion of the sewage treatment works ordered by the United States Supreme court. Funds for the remainder of the 77 millions in disbursements are expected to come from collections on tax levies prior to that of 1933.

Two of these, for 1931 and 1932, are still to be placed in collection. The sanitary district also has large sums of taxes delinquent on the 1929 and 1930 levies. Its total expected receipts from these sources, on paper, are in excess of 40 millions, after making allowance for retirement of all the tax warrants which the district has outstanding.

The Corporate Fund Budget.

Available revenue of the district's 1933 corporate fund is estimated at $8,205,201, chiefly from past tax levies, since the 1933 levy of $4,000,000 will not be placed in collection until after 1933. The estimated 1933 corporate fund expenditures follow:

Engineering division	$ 207,187
Electrical division	1,945,016
Main. and Oper. division	1,808,682
Law division	200,012
Real Estate division	10,818
Clerical division	158,880
Purchasing division	6,872
Treasury	8,700

Tax warrant interest	1,500,000
Interest on defaulted bonds	751,384
Unpaid bills, 1932	735,000
Unpaid salaries, 1932	750,000
Rent	135,000
Taxes [on downstate properties]	180,000
Special assessments	10,000
Insurance	12,000
Miscellaneous [light, printing, postage, etc.]	69,000
Total	$8,205,201

Interest which accumulates on defaulted bonds after their maturity date is charged to the corporate fund because bond and interest levies take care of this item only to maturity of the bonds. The district defaulted on $12,152,507 this year and is expected to suffer fresh defaults totaling $1,020,395 on Jan. 1.

The interest and principal defaulted in 1932 is included in the budget item of $42,693,562, which also provides for bond and interest payments in 1933 and the first half of 1934. The other items in the budget are $25,358,306 for construction projects, $454,944 for settlement of land damage claims, and $661,425 for the employés' pension fund.

Hoover Cancels His Press Conference for 14th Time

Washington, D. C., Dec. 20.—(AP)—President Hoover today cancelled his scheduled semi-weekly press conference for the fourteenth consecutive week.

COUNTY BOARD PUT IN PROPER PLACE BY CLERK

Spectators Back Critic with "Razzberries."

The county commissioners in their meeting yesterday received the old fashioned rasbery from spectators during the course of a brief and acid lecture delivered by Michael J. O'Connor, assistant controller and clerk of the board. The spectators directed sounds of disapproval at the commissioners and cheered O'Connor's biting remarks.

The vocal part of the audience consisted largely of former county employés who were discharged soon after the November election. The crowd filled all seats and overflowed into the aisles and into the fifth floor corridors of the county building. The discharged workers, who still have pay coming from the county, had come to hear the commissioners vote a Christmas pay day for them.

Criticisms Arouse O'Connor.

Soon after the meeting opened several of the commissioners remarked that the official records of their previous proceedings were inaccurate. Commissioner Grace Fleming called attention to the fact that her vote was recorded as "yes" to the proposal to allow the state's attorney's office $10,000 for the extradition of Samuel Insull, while actually, she said, she had voted "no."

O'Connor, who was busy with the reading of routine reports into the record, ceased suddenly and faced the board, saying: "I am responsible for those records and I want to tell the board that they are correct.

"I also want the board to know that in the past five other boards questioned the authenticity of certain records kept of proceedings. In the court controversies which followed all five were taken to the Illinois Supreme court. Do you know what the court did? In all five of those cases it held that the clerk was right and the board wrong."

At this point the crowd did some handclapping for O'Connor, who continued his speech.

Clerk Isn't a Mind Reader.

"I want the board members to answer every roll call clearly and loudly. If you were more alert you would not get your votes recorded wrong. Do you think I am a mind reader? Dozens of times when I call the roll not a single commissioner answers, and yet I am supposed to record the votes."

A real roll of applause from the spectators greeted O'Connor's remarks at this point and Commissioner Fleming rose.

"I rise to a point of personal privilege," she told Commissioner Maurice Kavanagh, who was presiding. "I take exception to the remarks of the clerk. They are absolutely untrue. Such a thing never happened in our board meetings. I always answer when my name is called during the voting.

"The records of this board are loose and wrong. It's so difficult for us to do the right thing when they are not kept correctly."

"If you try so hard to do right how does it happen that you discover only now that your vote of six months ago was recorded wrongly," demanded O'Connor.

"I just got the reports today," Mrs. Fleming responded.

"You mean you just found them today," said O'Connor. "They've been on your desk for months."

As he grinned the audience grinned too, and from several sections the jeers so familiar to fight and baseball fans rose above the protests of a number of the commissioners.

"Just what are all these people doing here," demanded Commissioner Fleming as the din subsided. "Have they come to us for redress of wrongs?"

Commissioner Kavanagh replied: "Oh, they're just friends of ours. They've got no place else to go, so they came around here where its warm."

There were more razzberries, mingled with laughter directed at the commissioners.

Commissioner Daniel Ryan shouted: "What's this got to do with work. Let's get on with the business of the day we've got to get these people some pay."

"Sure," interjected Commissioner Charles Weber, "let's not interrupt the work of the clerk. He's the one man in the county who is overworked. Doesn't he do all our financial thinking."

The board then voted their formal approval of the pay rolls, including the overdue pay for about 400 discharged employés, some of whom have five months' pay coming.

POLAND ORDERS CONVERSION OF MORTGAGE BONDS

[Copyright: 1932: By the New York Times.]

WARSAW, Dec. 20.—Compulsory conversion of long term mortgage bonds was voted by the senate today after the bill had been passed by the lower house. The interest rate was fixed at a maximum of 4½ per cent and payments on prinicpal were suspended for three years.

Nearly $200,000,000 in bonds and obligations, mostly at 7 and 8 per cent will be affected. Of the total, $85,000,000 is in agricultural credits. The minister of finance said that the bill was intended to relieve Polish agriculture which suffered from low prices and high overhead charges, of which interest was the heaviest. The bondholders, mostly town dwellers and small investors, will suffer much less than agriculture might profit. State guaranteed bonds and those issued in foreign markets were exempted in the conversion bill.

The Poles are rather optimistic about the debt parleys which Ambassador Filipowitz has been charged to enter with the United States. It was reported today that Poland would propose to pay the Dec. 15 installment partly in cash and partly in goods or special obligations.

Mickey Daniel's Auto Hits and Seriously Injures Man

Hollywood, Cal., Dec. 20.—[Special.]—Mickey Daniels, 17 year old movie actress, caused probable fatal injuries to Harold Goldstein, 29, a pedestrian, when his auto struck Goldstein at a street intersection tonight. Daniels was not held by police.

WINS TAX SUIT

CHARLES RINGER.
[TRIBUNE Photo.]

The suit for the return of $1,000 alleged to have been paid to Charles Ringer, member of the state tax commission, when he was a member of the now abolished board of assessors, was dismissed yesterday by Municipal Judge Michael G. Kasper. The suit had been filed by Carl Edward, real estate man at 6246 South Park avenue, who said he gave the $1,000 to Ringer in 1926 on the latter's promise to reduce his taxes.

The dismissal was ordered after Ringer's counsel argued to the judge that, while not admitting the truth of Edward's charges, it was "wrong and against public policy to give money to any public official for any such reason." The judge ruled that Edward, if he gave the money to Ringer, had forfeited his rights to get the money back in a civil suit because his own act was unethical.

Clinton O. Thompson, attorney for Edward, announced that he would appeal the decision in the suit, which has been pending in the Municipal court for more than two years.

Flying Forecast

Special flying route forecasts for the period from 9 p. m., Dec. 20, to noon, Dec. 21:

Chicago-St. Louis—Low overcast, occasional light snow; strong southwest winds and gales.

Chicago-Evansville—Low overcast extreme north, high scattered, becoming low overcast, central and south; light snow, central and north, rain extreme south; strong southwest winds and gales.

Chicago-Cincinnati—Low overcast extreme north; clear to high scattered, becoming low overcast central and south; occasional light snow north portion, and rain or snow south portion by morning; strong southwest winds and gales.

Chicago-Detroit-Cleveland—Low overcast extreme west, clear central and east, becoming scattered to overcast; snow west portion by morning; strong southwest winds and gales.

Chicago-Twin Cities—Low overcast, occasional light snow probable; strong southwest winds and gales, becoming westerly north by morning.

Chicago-Omaha—Low overcast, becoming scattered to clear extreme west by morning, light snow probable; fresh to strong southwest to west winds extreme west, and strong southwest central and east.

Chicago-Kansas City—Low overcast, becoming scattered extreme west by morning; strong southwest winds, becoming westerly extreme west by morning.

Route forecasts for 12 hours ending at noon:

Evansville-Atlanta—Broken clouds with occasional rain near Evansville; southwest gales near Evansville above 2,000 feet.

Cleveland-New York and Cleveland-Albany via Buffalo—Scattered clouds over east portion of route and increasing cloudiness followed by rain near Cleveland; southwest gales near Cleveland above 2,000 feet.

HOLDUP VICTIMS IDENTIFY YOUTH SEIZED IN HOME

Three robbery victims yesterday identified Stanley Krol, 21 years old, 4006 South Albany avenue, and Walter Zdon, 19, of 3022 West 41st place, as the two youths who had robbed them Monday night. Young Krol, returning home intoxicated, with the overcoats of his victims, confessed the robberies to his mother, Mrs. Valeria Krol. She summoned the police and he was locked up in the Brighton Park station. Zdon was captured later. Young Krol told the police that he took part in the robberies to get money for the support of his mother, sister, and father. His father, Frank, has been out of work for more than two years, he said.

MURDER VERDICT IN GRAUER DEATH.

A verdict of murder by persons unknown was returned yesterday at the inquest over the body of Joseph Grauer, 37 years old, 941 Galt avenue, who was found shot to death in his automobile salesrooms at 2317 South Michigan avenue several weeks ago.

G. O. P. "REVIVAL LEADERS" ADOPT SECRET TACTICS

Watch Horner and Wait in Hope for Upset.

When Judge Henry Horner takes over the governorship of Illinois and his fellow Democrats sweep into control of both houses of the general assembly they are to be watched constantly by a battling minority eager to detect misconduct or bad judgment. That minority will be ready, day or night, to point out the wickedness or the errors of the new régime and to shout them from the roof tops.

This was the one definite bit of tactics determined upon at a "not for publication" dinner of Republicans at the Hamilton club Monday evening. Chicago and downstate leaders were present to discuss Republican reconstruction, rehabilitation, rejuvenation, and resurrection, according to some of those who attended.

Searcy to Develop Strategy.

Among the downstaters present was State Senator Earl B. Searcy of Springfield, and upon him—with his acceptance—was placed the responsibility for developing the minority militancy agreed upon. There were a couple of newspaper men present, but they haven't revealed what they heard, and all that has been told so far is that the chief weapon to be used is that of publicity.

It is understood that Senator Searcy is to build, erect, construct, or devise some sort of a publicity bureau which will be ready at a moment's notice to flood the correspondents on the Springfield front with release after release showing just what these Democrats really do when they get the upper hand.

"It is to be something like the bureau maintained by the Democratic national committee at Washington during the Hoover administration," said one of the diners. "That was in charge of a newspaper man, Charles Michaelson, formerly of Chicago, and we suppose that something of the same sort will be developed here."

G. O. P. Legislators Attend.

Whether Senator Searcy's activity will cover both houses of the assembly as well as the doings of the statehouse executives—all the incoming officials being Democrats—was not disclosed. But two Chicago members of the house, Representative Elmer J. Schnackenberg and David I. Swanson, were present and are expected to help make the Democrats uncomfortable whenever there is a slip.

The hope also was expressed, it was said, that the Republican state committee will lend its support to the new bureau. Justus Johnson of Aurora, reelected clerk of the Appellate court of the 2d district, took part in the discussion and, as he served several terms as secretary of the state organization and is believed to have some influence with it now, he is looked as the man who will line up the state organization.

Stratton Also Present.

Others present were William J. Stratton of Lake county, who retires as secretary of state on Jan. 9, giving way to a Democrat, Edward J. Hughes, and Leslie P. Vois, secretary of the Illinois Republican council, the Lundin organization. Neither of these took much part in the formulation of plans.

Among the younger Republicans present, it was said, was C. Wayland Brooks, Republican nominee for state treasurer at the November election. It was reported that he is looked upon as likely to become one of the leaders in a more general movement to revivify the party.

Old Timers Absent.

So far as could be learned none of the elder statesmen were invited to this exclusive party and there was a general understanding that one of the objects in sight is to shed much of the former leadership both in Cook county and downstate.

BEG YOUR PARDON

An item printed in Sunday's paper erroneously stated that Mrs. Anna Houft, 618 South Kedvale avenue, was arrested as a shoplifter in a police raid at 2229 Iowa street. According to Lieut. Edward Kelly, she was taken into custody when she happened to be a customer of the place and was released when the police learned she was merely a bystander.

One of the men arrested Monday when Frank Nitti and Detective Harry Lang were shot gave his name as Louis Massessa and his address as 1040 North Mason avenue. Mrs. John Barry, who lives at 1040 North Mason avenue, said no one of that name lives there or ever has lived there.

When, just before breaking up time, the question of the munitions of war was broached gently with an offer of a $500 donation the only response came in offers of one or two similar contributions. But the general reply was silence.

ALDERMEN VOTE TO END STREET NAME CONFUSION

Ask Directional Prefixes Throughout City.

A city council subcommittee on street names, headed by Ald. William A. Rowan [10th], yesterday recommended the passage of an ordinance which will give every street in the city the prefix East, West, North or South.

At the same time the committee informed Commissioner of Public Works Sprague that he may as well go ahead with plans to erect or repair street signs on principal thoroughfares of the city before the World's Fair opens, using present street names, since action on the general street renaming program sponsored by the City club will probably be delayed for many months. There is a $50,000 appropriation in the 1932 budget for signs on main thoroughfares.

Use of the directional prefixes for all street names is expected to dispel some of the confusion arising from present similar sounding names. For instance, confusion between Kenmore and Kenwood avenues would be ended by calling them North Kenmore avenue and South Kenwood avenue.

20 Per Cent of Streets Affected.

This use of new prefixes would apply to only about 20 per cent of the streets in the city, because north and south or east and west designations are already in use for all streets which extend in both directions from Madison street or State street, the division lines of the street numbering system. New signs would not be posted on the streets affected at onc, but the new prefixes would be added whenever signs were replaced or repaired.

As a preliminary step to holding public hearings on the proposal to rename certain streets, and to give a single name to broken thoroughfares which now bear several, the committee ordered John D. Riley, head of the bureau of maps and plats, to prepare a map showing the location of all such thoroughfares.

One of the proposals of the City club, on which the council ordered the subcommittee to hold public hearings, was that all east and west thoroughfares be called streets, and all north and south thoroughfares avenues. Aldermen expressed the belief yesterday that this proposal will meet widespread opposition in particular cases, such as changing State street to State avenue.

Opposes Any Change Now.

William C. Hollister, a member of the City club, who said that he was speaking merely as a private citizen, gave this as one of several objections to changing street names at present.

"I feel this is an inopportune time to change street names," said Mr. Hollister. "The effect would be to throw the street name system into chaos during the World's Fair. It is unlikely that funds can be found to pay for a new system of street signs, and we would have a situation with one name on the sign and another on legal records.

"In addition, the park boards are the only bodies with authority to change the names of thoroughfares under their jurisdiction, and their cooperation would have to be obtained before any renaming program would be effective."

TESSVILLE CHIEF OF POLICE LOSES STAR TO BANDITS

Two raids in Tessville, a suburb in the vicinity of Lincoln and Touhy avenues, yesterday and late Monday night netted bandits $2,000 in jewelry, $600 in cash, and the star and gun of Chief of Police Lorenz Schey. The first robbery occurred late Monday night in the soft drink parlor of Frank Ambler, 6400 Crawford avenue. Four men carrying sawed-off shotguns lined seven men and three women customers against the wall. The bandits took $2,000 in jewelry from the women, $300 from the men and $200 from the till.

"Someone slipped out during the robbery and telephoned the chief," Ambler said yesterday. "The chief hurried right over. The robbers took his star and gun and made him face the wall with the rest of the folks."

Chief Schey could not be located yesterday. His wife, when asked about the robbery, said that she did not "believe the chief would care to talk about it."

Bandits appeared again yesterday in Tessville. Four gunmen entered the Murphy-Miles Oil company offices, Touhy and Kimball avenues, and took $100 after threatening Elsie Danneman, a clerk, and two drivers with revolvers.

Pershing's Brother Suffers Stroke; In N. Y. Hospital

New York, Dec. 20.—[Special.]—James F. Pershing, brother of Gen. Pershing, is in the Manhattan general hospital suffering from a stroke, it was learned tonight. Gen. Pershing was said to be on his way from Washington to be at his brother's bedside.

Traps His Way Through School

SEAT COMPANY VICE PRESIDENT KILLED BY AUTO

Driver Surrenders After Accident.

Lewis D. Petre, 60 years old, 1361 East 50th street, vice president of the American Seating company, manufacturers of theater seats, was killed last evening by an automobile while crossing Hyde Park boulevard at Dorchester avenue. He was taken to the Billings Memorial hospital, where physicians pronounced him dead.

The driver of the car, Dr. Simon B. Matzkin, 1505 East 53d street, a dentist, was questioned by Hyde Park police when witnesses of the accident disagreed over the position of the traffic signal lights at the intersection. Several stated that the dentist ran through a red light, while others denied this.

Surrenders to Police.

Dr. Matzkin was driving eastward in Hyde Park boulevard when the accident occurred. He stopped his car and surrendered to police. He was released after being told to appear at the inquest today.

Two other deaths in Cook county yesterday brought the motor toll for the year to 1,066. The victims:

Joseph Kurash, 33 years old, 2201 West 18th place. Died in St. Anthony's hospital. Fatally injured Monday when his automobile crashed into a street car at Western avenue and 31st street.

Mrs. Theresa Nitti, 46 years old, 1936 South Trumbull avenue. Died at her home yesterday of injuries suffered in an automobile accident near Bruidwood, Will county, on Oct. 6. The car in which she was riding was struck by one driven by Ernest Pichon of Wilmington. The latter was notified to appear at the inquest in Chicago today.

Collision Halts Phone Service.

Telephone service between Elgin and Chicago was interrupted for a brief period yesterday when a truck left the Fox river trail near St. Charles and crashed into a telephone pole. The truck, driven by John Lavan, 2878 Archer avenue, overturned and burned. Lavan escaped injury.

The falling telephone pole carried the main telephone trunk lines to points east of Elgin, and about 30 feet of the cable was burned. Lavan blamed the accident on a broken shackle bolt.

Captive Is Identified as Bandit by Six Victims

Matthew Brogan, 23 years old, 3709 Sheffield avenue, who was arrested on Monday, was identified yesterday as a bandit by six robbery victims. His brothers, Miles, 18 years old, and Anthony, 20 years old, and John Samsing, 23 years old, 822 Edgecomb place, also were held to be viewed by robbery victims. Samsing was arrested when Walter Bender, 4441 Melrose street, told police that he was robbed of $40 by Matthew Brogan while on his way to meet Samsing. Samsing admitted that Brogan had given him $10 for the information that

WOMAN ARRESTED IN LOAN DEAL STARTS SUIT FOR $100,000

The Illinois Home Finance company, Claude J. Dalenberg, attorney for the concern, and Mr. and Mrs. Louis La Pointe were sued for $100,000 damages yesterday. The praecipe of the suit was filed in the Superior court by Mrs. Elizabeth Cardozo, 2100 West 71st street, who says that her husband, George, is a first cousin of United States Supreme Court Justice Benjamin N. Cardozo. Mrs. Cardozo said the suit grows out of her arrest on a warrant following the sale to the La Pointes of her home, which she had pledged to the finance company as security for a small loan. She said the charge was dismissed when she was arraigned in the Municipal court.

ARGENTINA HIT BY 'MOST FAVORED NATION' CLAUSE

[Chicago Tribune Press Service.]

BUENOS AIRES, Dec. 20.—The "most favored nation" clause, which figures in so many commercial treaties the world over, seems likely to be scrapped as something pernicious rather than beneficial by Argentina and possibly by Brazil.

Little by little, as tariff barriers rose higher and higher in so many countries which are so desirous of supplying their own wants as far as possible, Argentina has discovered that the "most favored nation" clause barred the way to satisfactory arrangements with countries in a position to offer trade concessions in return for like treatment.

In order to encourage the reopening of the Trans-Andean railway, which had ceased operations because high tariffs had effectually stopped the flow of traffic between Chile and the River Plate, Argentina recently lowered the duties on a number of Chilean products. Then it was learned that the "most favored nation" clause compelled similar concessions to Spain and Italy which export the same articles in a larger scale than Chile does.

In other words, during the six months the provisional arrangement is to hold good, Spain and Italy will benefit far more than Chile can possibly hope to.

Although no official announcement has been made, it is generally believed that when President Vargas of Brazil meets President Justo of Argentina, in the near future, one of the chief points to be discussed will be the advisability of a wholesale denunciation of commercial treaties containing the offending clause in order to leave the road open to separate reciprocity treaties. Under the present situation it is a waste of time to discuss reciprocal arrangements.

RAID A GARAGE, FIND DEPOT FOR STOLEN AUTOS

Police Seize 6 Men After Long Surveillance.

AUTOMOBILE THEFTS.

Automobiles stolen, 63; recovered, 62; stripped, 25 (from police records for the 24 hour period ending at midnight Monday).

Automobile case defendants yesterday: Lawrence Lazarus, Austin Pages, and Winston Brown, held to the grand jury for auto larceny. Gerald Sibley and Thomas Harrison, fined $25 each for breaking the lock of a car door. All cases before Judge John Gutknecht.

(Picture on back page.)

Ending a surveillance of six weeks, the police yesterday raided a garage on the southeast corner of Congress street and Francisco avenue. What they found there convinced them, they said, that the place was a depot for stolen cars. Six men were arrested, including the owner, Robert Anderson, 27 years old, of 741 South Albany avenue. He asserted he was engaged in legitimate business.

In the garage the raiders—Detectives John Sullivan, Joseph Wolfe, Frank Fagan and Clifford Robinson—found two stolen automobiles, two stolen motors, one stolen chassis and accessories of all kinds. Among them were forty battery cables. Even as the detectives raided the place, mechanics were changing the motor numbers on the automobile of Julius Baitz, 2248 North Lawndale avenue, which had been stolen less than 24 hours before.

Lieut. Philip Parodi, new head of the stolen automobile detail, charged that Anderson specialized in wrecked and stolen cars. He would buy a wrecked or burned car for $25 and a stolen automobile for $5 or $10, said Parodi.

Explains Gang's Procedure.

The procedure, the lieutenant said, would then be as follows: The motor of a stolen automobile would be taken down and perhaps destroyed, being replaced by a rebuilt motor taken out of a wrecked car. The stolen automobile with its new motor would be sold for about $300.

"Anderson's activities meant," said Lieut. Parodi, "that for every legitimately purchased wrecked car entering his place, a stolen car entered, also. This is an important arrest, the kind we are after to cut down thefts."

Held with Anderson are Peter Paletta, 21 years old, 2720 West 18th street; Tony Fabino, also 21, of 341 West 24th place; John Parlich, 22, of 3700 South Wells street; Lloyd Schmidt, 31, of 340 West 24th place, and John Marino, 21, of 534 North Avers avenue. Paletta told the police that his younger brother, Charles, now in jail, once stole cars for Anderson for $5 each.

Another Place Is Raided.

Another arrest made yesterday by the stolen auto detail was that of Morris Smolensky, 2634 Logan boulevard, an official of the Central Paper Stock company at 2435 Elston avenue, a junk concern.

Detectives William Taub and Michael Glon found three stolen motors in the place. They were originally in automobiles owned by and stolen from Max Kunze, 551 Garfield avenue; Maria Martinez of East Chicago; and J. Gillespie, 6219 Dorcester avenue. Smolensky said that he had purchased the motors as junk from a wholesale auto wrecking company. He said he could not remember this company's name. A pile of auto accessories was found in Smolensky's place, Detectives Glon and Taub said.

Policeman Roy Tussey of the south park force, yesterday arrested Walter Mis, 22 years old, 900 North Ashland avenue, as Mis was allegedly trying to connect a jumper to the ignition system of an automobile at Congress street and the lake front. In the prisoner's pockets Tussey found a special policeman's star and a set of master keys.

Suicide Verdict Is Returned on Attorney Quirk's Death

A verdict of suicide was returned yesterday at the inquest into the death of Attorney Charles B. Quirk, 43 years old, who was found asphyxiated on Dec. 8 in his automobile in the garage at the rear of his home at 323 South Grove avenue, Oak Park. Evidence showed that Attorney Quirk had been despondent over the disappearance last March of his son, Arthur, 17 years old. The police reported that search for the missing youth since the day of his father's death had uncovered no clews.

THE ILLINOIS STATE PAWNERS ASSN. LTD.

SALE OF UNPAID LOAN PLEDGES

Consisting of

DIAMONDS, WATCHES & JEWELRY

AT A FRACTION OF THEIR ORIGINAL COST

Loaning money on diamonds, watches and jewelry is our business. Some of these pieces are never reclaimed, so we are forced to sacrifice them at a small part of their original cost. These unclaimed loans include diamond rings, bracelets, bar pins, watches, and other valuable jewelry.

YOUR SATISFACTION GUARANTEED OR MONEY REFUNDED

MILLION DOLLAR MYSTERY!

Who is this prodigal person who tosses away dollars with the generosity of a Congressman? He's none other than *the* Mr. X. Y. Zee, whose uncle, Zuider, left millions to a missing heir. But the heir, old X. Y. himself, didn't remain missing for long. A smart Amsterdam lawyer cabled a want ad for the Tribune *Personal* column! And X. Y. soon left his onion beds in South Holland (Illinois) for a bed in the Waldorf. Maybe you won't be asked to find a lost heir, but you may want to locate missing witnesses to an accident, a long-lost relative, or old friends. Or you may want to ask her, or him, to forgive, and please phone. In such cases, use a want ad in the Tribune *Personal* column. Call Superior 0100—Want Ad-Viser!

FEDERAL COUPONS GIVEN

MRS. BUNDESEN'S NAME COMES UP AT HEALER TRIAL

Witness Tells of "Doc" Burdick's Claims.

A witness in the trial of Charles S. Burdick on charges of violating the medical practice act, testified yesterday that Mrs. Herman N. Bundeson was one of the patients Burdick claimed to have treated with his invention, the "neurolectic vitalizer." Mrs. Bundeson is the wife of the president of the Chicago board of health. The hearing was before Municipal Judge Robert J. Dunne.

MRS. HERMAN N. BUNDESEN. [Bachrach-Richter]

Burdick made the claim that he had successfully treated Mrs. Bundesen and others when C. E. Monahan, inspector for the state department of registration and education, visited Burdick's offices at 550 Surf street, according to testimony of Monahan. Other patients whom Burdick claimed to have helped included the wife of an English army surgeon and the wife of "the chief of staff at the Illinois Central hospital," Monahan testified.

Patients Deny Treatments.

On investigation, Monahan continued, he discovered that several of the patients named denied they had been treated by Burdick. Mrs. Bundesen's name was mentioned while Monahan was being questioned by Assistant State's Attorney John E. Pedderson.

Mrs. Bundesen, reached by telephone at her home at 7414 Oglesby avenue, said she had not been under Burdick's professional care, but had taken two treatments from one of his machines, administered by a woman attendant, in the Surf street offices.

"I went with a crippled woman friend," Mrs. Bundesen said, "just to help her get there. When we arrived they kept her there to live with them for a time. They asked to demonstrate the machine on me and, out of curiosity, I let them.

"Just Like a Facial."

"It was just like having a facial. I would not say that it did me any harm and I do not know that it did me any good. I am wearing a brace for an injury to my back I received in a fall and I thought perhaps it might help me. So I returned for one treatment.

"I met Mr. Burdick after my first treatment. He asked me to urge Dr. Bundesen to bring any crippled or paralytic children he knew of to him for treatment and let him show what wonderful things he could do for them. I did not speak of it to Dr. Bundesen at the time, wanting to see whether it did me any good. If it had I meant to tell him about Mr. Burdick's offer."

Mrs. Bundesen said that before she received her treatment a Dr. Johnson had examined her heart and taken her blood pressure. She said her friend was now able to walk without a cane.

Dell Matthews, Negro, another inspector for the department of registration and education, which filed the complaint resulting in Burdick's arrest, testified that he visited the Surf street offices on Nov. 25, when Burdick explained how the machine "diagnosticates" ailments.

"He said that patients whose ailments had been diagnosed often came to him," he said, "but that he paid no attention to previous diagnoses. All he wanted to know was if the patient was sick—the machine did the rest."

HAROLD TEEN—DESTINATION INDEFINITE

GOOD FELLOWS ENLISTMENTS 46% OVER LAST YEAR

There Is Still Time to Enroll.

The Good Fellows went over the top yesterday. With three days remaining for enlistments, the number of Good Fellows enrolled for this Christmas cheer service this year exceeds by 46 per cent the number enrolled on the comparative date of last year. The families who are promised baskets total 49 per cent more than last year's figure.

It's not too late to join this Santa Claus army. Telephone THE TRIBUNE, Superior 0100, and ask for the Good Fellow headquarters. Or call in person at the headquarters in THE TRIBUNE public service office at Dearborn and Madison streets.

You will receive the name of a family recommended for your basket after an investigation by the United Charities, the Central Charity bureau, the Cook County Bureau of Public Welfare, the Juvenile court, or some other affiliate of the Chicago Council of Social Agencies.

The Expense Is Small.

After getting the name, address and a brief description of a family, the Good Fellow service is entirely in your hands. It's up to you to furnish and to deliver a basket on Christmas eve. Nothing expensive is required, just some toys and candy for the children and a holiday meal.

The basket doesn't represent much money, but it will mean the difference between gloom and cheer on Christmas to the family who receives it. Your brief visit will bring the holiday spirit to these destitute people. You will be the only Santa Claus at the home assigned to you.

Of course, there are more families in need of a Good Fellow than there are Good Fellows. You won't be able to relieve all of the suffering of poverty on Christmas. But you can do a bit, and you'll enjoy your own holiday the more for having done your bit.

Still Time to Enroll.

If you can possibly arrange to deliver a basket to the poor personally and if you believe that the experience would bring you a wholesome pleasure, telephone the Good Fellow headquarters. Cash donations may be mailed, but it is too late to trust the overcrowded mails with the interchange of letters necessary to supply you with the name of a worthy family.

Coal Mine Owner Is Dead at Evansville, Ind., at 56

Evansville, Ind., Dec. 20.—[Special.]—Maurice H. Sargeant, 56, formerly president of the Ashby Sargeant Furniture company and one of the owners of the Sargeant Coal mines at Newburg, died at his home here today five hours after he had suffered a cerebral hemorrhage. Burial will be made at Newburg. His widow and two daughters survive.

LORNA, WHO IS 3, SENDS GIFT FOR HUNGRY PUPILS

Her 15 Cents Will Buy Three Lunches.

Three little tikes hardly bigger than herself are assured of at least one more square meal as a result of the 15 cent donation of 3 year old Lorna, which arrived yesterday for the Hungry School Children's Fund. Lorna's mother, who didn't mention the family name, dropped a note to explain that her own tot, having heard discussions of needy boys and girls in Chicago schools, insisted on spending her own hard earned pennies to buy three "yunches."

Mother Contributes, Too.

Not to be outdone, Lorna's mother thereupon added an additional nickel for each of her own years, which number 32, and therefore the fund was $1.75 larger last night. If you think this doesn't help, all you need do is to stop by some public elementary school one of these days and find out how many children would not eat at all at noon if it were not for the nickels and dimes supplied through the fund.

Troop 137 Again.

The Girl Scouts of Troop 157, who long ago decided to do their bit to help out less fortunate children, yesterday forwarded a check for $4, saved from their pocket money, as a special Christmas gift for the fund. This brings their contributions to the charity to date to $11.07, which means many a piping hot meal for small boys and girls, building up their resistance to disease, warding off eye troubles due to malnourishment, and keeping them at work in school instead of remaining at home hungry.

Yesterday's list of donations follow:

$25.00—G F.
20.00—T. B. Hogan, M. T. S.
$15.00—Barbara and Richard Calisch.
$10.00—Alpha Alpha chapter, Beta Gamma Upsilon sorority, Charles G. Engstrom, Dorothy I. Stewart, in loving memory of Frank, Harriett and Sammy Battistini, Mrs. Helen G. McNeal, Phi Beta Psi sorority.
$7.00—Hookway and Branch Parent-Teacher association of District 1, Chicago, Schermerhorn Bros. & Co. [Girls].
$5.00.
In Memoriam. R. M. Tryon
Mrs. K. C. Kimbrough In Memory of Mrs Cara Verson
Mrs. Anna Horwitz Mrs. Jenny Rippard
R. McK. Wallace
G. F. Girl Scouts, Inc., No. 140
Huro Herz A. H. Kimball
Mrs. Arthur L. Nehls
$3.00—Four Pals, Mrs. L. A. de B., Mackie, Dorothy Sears, a Friend.
$2.50—A. L., E. K., F. W., Bridge Party.
$2.00—"In Memory of My Mother," M. A., Edw. Hanson, Billy B. Banta, Indianapolis; Anonymous.
$1.75—Three year old Lorna and 32 year Mother.
$1.50—Anonymous, P. S.
$1.00.
Mrs. Margaret Mumm S. S. C. club of Leora Wheatley Harvey, Ill.
"A Friend" Bill Armstrong

Total $ 261.25
Previously acknowledged 16,448.00
Grand total 16,709.25

Any amount sent the fund is welcome and will provide a meal for a small child at five cents, a larger child at ten cents, and high school students at fifteen cents each.

Hold Last Rites Today for Miss Ada L. Hoffman

Funeral services for Miss Ada L. Hoffman, 60 years old, will be held this morning at the Arnold undertaking rooms, 4437 Broadway, with burial in Rosehill cemetery. She died Sunday at the home of her sister, Mrs. L. W. Carl, 4450 Malden street. Miss Hoffman was born in a house that stood on the present site of the Stevens hotel. She was the granddaughter of Rudolph Wehrli, pioneer Chicago real estate man, who once lived in a home at State and Washington streets, the site of Hillman's store.

Mrs. Annie Crabtree Dead; Widow of Dixon Pioneer

Mrs. Annie Crabtree, widow of the late Judge John D. Crabtree, died yesterday at her home in Dixon, Ill. She was 78 years old. Two daughters and three sons survive. They are Mrs. Phoebe M. Dille of Evanston, Mrs. Ruth Bovey of Minneapolis, Harry Crabtree of Los Angeles, and Charles and Paul Crabtree of Dixon. Judge and Mrs. Crabtree were pioneer settlers of Dixon. Judge Crabtree served in the civil war as a captain of cavalry and later was in the state senate and on the bench. Funeral services for Mrs. Crabtree will be held Thursday.

WELFARE FUND NEAR $4,000,000; HOPE TO PASS IT TOMORROW

Subscriptions from clubs, schools, railroads, and employés of business concerns to the Emergency Welfare fund were so encouraging yesterday that Robert A. Gardner, chairman of the campaign, expressed the belief that reports at tomorrow's meeting of workers will put the fund over the $4,000,000 mark. The fund now stands at $3,815,213. A total of $7,500,000 is being sought to maintain the city's private charities.

The principal gift yesterday came from two units of the Baltimore and Ohio railroad, adding $7,500 to the fund. Pledges of $5,000 each were reported from the Woman's Athletic club and the Chicago Woman's club. Employés of Sprague, Warner & Co. sent $3,000, the company itself previously having donated $5,000. The subscription list of the day follows:

Self-Locking Carton Co. employés	$1,200.00
Sprague, Warner & Co. employés	3,000.00
U. S. Ry. Mail service employés	4,425.00
Oscar Mayer & Co. employés	2,000.00
Womans' Athletic club	5,000.00
Chicago Woman's club	5,000.00
Fortnightly club	1,875.00
Girls Latin school	800.00
Boys Latin school	500.00
Francis Parker school	850.00
Museum of Science & Industry	650.00
Chicago & No. West. Ry. employés	6,500.00
B. & O. C. Ter. R. R. Co. employés	1,000.00
B. & O. C. Ter. R. R. Co. employés	6,500.00
Balt. & Ohio R. R. Co. employés	1,000.00
Chicago State hospital employés	1,304.84
Motive Parts Co. of America, Inc.	400.00
Heyworth Building employés	408.90
Art institute	500.00

Tomorrow's report meeting will be held at the La Salle hotel.

JOHN W. CRUGER, 60, SUBURBAN PUBLISHER, DIES

John W. Cruger, 60 years old, 264 South Kenilworth avenue, Elmhurst, publisher of a group of suburban newspapers, died at his home yesterday after an illness of four weeks. For the past ten years he headed the Press publications, which published newspapers in Elmhurst, Lombard, Villa Park, and Bensenville. Previously Mr. Cruger was publisher of the Watertown Daily Times, Watertown, Wis., for 35 years. Surviving are the widow, Mrs. Ida L. Cruger, and two children, Harold J., and Mrs. Lester Williams. Funeral services will be held Friday afternoon at an hour to be announced later.

Marie Gaylord, Character Actress, Is Dead at 74

Syracuse, N. Y., Dec. 20.—(AP)—Mrs. Marie Jeanette Gaylord, 74, leading woman and a character actress in stock companies more than 50 years, died in a private sanatorium here today. She retired three years ago because of ill health. Among outstanding successes in which she appeared were "The Devil," with Henry Dixey; "Pretty Peggy," with Jane Corcoran, and "Lost in London," with Newton Beard.

Brig. Gen. J. F. Pierson of Union Army Dies at 93

New York, Dec. 20.—(AP)—Brig. Gen. John Fred Pierson, died tonight at the age of 93. Gen. Pierson was attached to the army of the Potomac and fought in most of its battles. At Glendale he was wounded; at Chancellorsville he was shot through the chest, and at Bristol station he was taken prisoner and confined in Libby prison.

Alexander B. Bethune, Rail Authority and Writer, Dies

MONTREAL, Dec. 20.—(AP)—Alexander Bernard Bethune, 77, a veteran business man, editorial writer, and an authority on railway matters, died at his home here yesterday. Mr. Bethune was one of three founders of the Winnipeg Tribune. He was considered an authority on the early history of Canadian and American transportation systems.

GABRIEL PETIT, AUTHORITY ON ART, IS DEAD

Funeral services for Gabriel Andre Petit, 54 years old, of Adrian, Mich., an authority on art, will be held tomorrow at 9:30 a. m. from Holy Name cathedral. Burial will be in Calvary cemetery. Mr. Petit, who died in his Chicago apartment at 240 East Delaware place on Monday night, was art director of the Fireside Industries of Adrian. Born in Paris, France, he came to America as a young man and was a resident of Chicago for twenty years. In 1925 he was appointed by the secretary of commerce to visit and report on the International Exposition of Modern Decorative and Industrial Art at Paris. Surviving are his widow, Mrs. Emily M. Petit, and two brothers, Maxine and Abel Petit, both of Paris.

William E. Cleary, Former Congressman, Dies at 83

New York, Dec. 20.—(AP)—Former Congressman William E. Cleary died today in his Brooklyn home after a heart attack. He was 83 years old.

WORCESTER, Mass.—(AP)—Mrs. Lillian [Hanson] Russell, 64, wife of Herbert J. Russell and widely known as a former singer and composer, died. Mrs. Russell was soprano member of the Ariel quartet. Later she was in operatic work at Chicago and elsewhere.

Edith Sitwell Brings an Old Gayety to Life

'Bath' Depicts Splendor of Other Days.

BY FANNY BUTCHER.

"*Bath*," by *Edith Sitwell*. [Smith-Haas.]

"*Winters of Content*," by *Osbert Sitwell*. [Lippincott.]

If it is possible to re-create a vanished gayety and splendor more delightfully than Edith Sitwell brings again to life the spectacular days of Beau Nash and his mastery of ceremonies in one of the most enchanting spots of England, I pray that such a re-creation be reserved for another day lest this one's Christmas pie be too luscious with literary plums. Some one in England half jokingly said that the city of Bath was built so that Edith Sitwell might write about it, and one critic after another has declared it no overstatement.

EDITH SITWELL.

There is something akin between Edith Sitwell's talent and the period which she chooses to chronicle in "Bath," some spiritual oneness between author and material which always brings to birth a book of charm. To Edith Sitwell the picture of ladies wading up to their elbows in the public baths, with great billowing gowns protecting them from piercing eyes, if not from stabbing microbes, and gentlemen trying to grasp the billows, is no sight for raucous humor, for she sees it not from the vantage point of the present but through the eyes of those same seekers after health and happiness. Rowlandson, himself of the period, had the more modern point of view. He saw Bath as a huge guffaw-producing spectacle. Edith Sitwell sees it as quaint rather than absurd.

The quaintness of Bath fills the pages of the book with irresistible charm made effervescent by Miss Sitwell's exact and biting prose. There live again in the book not only the nine run of visitors to Bath with whom the reader relives intimately the hourly joys and allurements of its gay life but the great who in its social and medicinal charms found surcease from the cares of life and bodily woes. In such paragraphs as this Edith Sitwell makes them memorable: "Horace Walpole—that strange, shriveled, kind hearted creature, with his acrid wit and his hatred of cruelty, his powers of affection and his talent for insincerity, his love of objects of virtu and his terrible taste in architecture . . . his belief that Reynolds could paint women, and that Mr. Anstey was as fine a poet as Dryden, his habit of entering a room as though he were stepping on a wet floor, and with his hat crushed between his knees. . . ."

And where ever has a swifter, more memorable sketch of Sarah, Duchess of Marlborough, been done? ". . . With her face slightly furred like a very large red strawberry, looking like all the duke's battles combined in one."

(Incidentally, a full-length portrait of the irascible lady is another of the year's literary offerings. "Sarah, Duchess of Marlborough," by Kathleen Campbell [Little Brown], treats her a little more kindly than previous biographers have.)

Ghosts, Miss Sitwell sees them all as, at the end of the book. "But a little cold wind is scattering those ghosts," she says, "the nabobs and the mulatto heiresses, and the ladies crowned with feathers as tall as themselves; the slave drivers and the odd looking men from our southern plantations. . . . The foolish laughing crowd is being blown over the edge of the century." Even as ghosts they are alive in Miss Sitwell's prose.

The three Sitwells, Edith, Osbert and Sacheverell, have something of the sanctity of the trinity to a certain group of the sophisticates in England. Edith Sitwell's "Bath" deserves the adoration which that group has poured before it and the admiration of the greater world. Osbert Sitwell's "Winters of Content" will probably find a wider audience among his admirers than among so-called "general" readers. In it he, too, writes about places which are the common experience of many travelers. In this book, escaping the horrors of Christmas at home, he records holidays spent for the most part in Italy. As a connoisseur of art and archeology and a past master in a certain type of acid-keen judgment and in his acid-keen prose, Osbert Sitwell has made of his visits to Venice, Apulia, Parma, Brindisi, Bologna, critical excursions into art and life. "Winters of Content" is brilliant, but it is esoteric and destined rather for the person who is himself a sophisticate in art and life than for the simple person who can—and would—find joy in Edith Sitwell's subtle re-creation of "Bath."

Place Decorations for Christmas Dance

[TRIBUNE Photo.]

Mrs. Donald Funk, Mrs. Lionel B. Hakes, Mrs. John Howe, Miss Marion McKee, and Mrs. Keston Deimling (left to right) putting up decorations for the annual Christmas ball of the Oak Park Infant Welfare junior auxiliary, to be given on Dec. 27 at the Oak Park club. The dance is always a successful affair and an outstanding holiday event for young Oak Parkers. Mrs. Hakes is president of the auxiliary.

French Art Dealer in U. S. to Buy Back Works at a Profit

New York, Dec. 20.—(AP)—Edouard Jonas, arriving today on the liner Champlain, said that he represented a French syndicate with $1,200,000 to buy art works in America for resale in France.

Jonas formerly operated an art gallery in New York. Art works, he said, are commanding higher prices in Paris and finding more ready purchasers than in America, the ready market being maintained despite a 2 per cent ad valorem import tax.

Jonas said his mission would be to buy back—at considerable reduction in price—French art that came to this country.

"For twenty-five years," he said "French art has been coming this way. Now it is going back. It was the same after the Franco-Prussian war and the French revolution, except that then wealthy Englishmen bought it up. We have since taken it back at a profit both ways."

Thomas Leiter Fascinated by Life in Ireland

Hope to Take Place There for Fox Hunting.

BY JUDITH CASS.

Miss Audrey Campbell, who has been in Chicago at the residence of her aunt, Mrs. Joseph Leiter, on Banks street, for several weeks, will be leaving shortly to join Mrs. Leiter and Nancy and Thomas Leiter at Aiken for Christmas. I hear that "Tommy" Leiter was so delighted with life in Ireland, where he and his cousin and mother were during the fox hunting season, that he hopes to return there soon and take a place in Meath county.

Many Americans go to Ireland for the hunting season each year, and down in County Meath there is an American club. Mr. Leiter, however, was a guest of Frederick Sterling, the American minister, and Mrs. Sterling, and while with them he was seen often with the popular packs, the Louth Hounds, the Kilkennys and the Meaths, our correspondent from there writes.

The correspondent adds: "There is nothing more inspiring than to watch the gay cavalcade of well mounted men, women, boys and girls moving off on a crisp, frosty morning to take part in a run with the Royal Meaths or the Killing Kildares of the Ward Staghounds of the Galway Blazers. And the thrill of it when the 'view halloo' is given and the hounds giving 'tongue' make the welkin ring, while horses and riders dash pell mell after them. There is nothing in the artificial life of the city which can give even a suggestion of the joy of life which such an occasion inspires."

Algers Will Arrive Monday.

Mr. and Mrs. Frederick M. Alger Jr. [Suzette Dewey] are going to remain at home in Grosse Pointe, Mich., for Christmas with their two year old daughter, but they will arrive in Chicago Monday morning to be here for the dance Mr. and Mrs. Charles S. Dewey are giving that night for their debutante daughter, Louise.

Miss Dewey is going that night before her party to the dinner dance that the Louis K. Boysens are giving for their debutante daughter, Bobette, and Mrs. Dewey will give a dinner at

[Continued on page 21, column 1.]

MINUTE MYSTERY

CAN YOU SOLVE IT?

— BY — H · A · RIPLEY

[Copyright; 1932; By News Syndicate Co., Inc.]

Dr. Fordney is professor of criminology at a famous university. His advice is often sought by the police of many cities when confronted with particularly baffling cases. This problem has been taken from his casebook covering hundreds of criminal investigations.

Try your wits on it! It takes but ONE MINUTE to read. Every fact and every clew necessary to its solution are in the story itself—and there is only one answer. How good a detective are you?

AN INSIDE JOB.

"What's up?" demanded Sergt. Blake, as Parks, cashier of the First National Bank of Ridgeville opened the door.

"The vault's been robbed!" he gasped. "Collins is after the burglar now."

"All right, Mr. Parks, you go down to headquarters with Reed. I'll wait for Collins."

The chess game between Sheriff Snyder and Prof. Fordney was interrupted by the entrance of Reed and Parks. While the small, thin cashier tried to compose himself, Collins, the big, beefy, red-faced, night watchman and Blake entered.

"I—I——" falteringly began Parks, "was working late. It was just 10:30 when I was dumbfounded to see a man rush up the steps from the vault. I—I—grappled with him and——"

"You grappled with him!" exploded Collins. "Imagine you tacking that big, husky brute! Why, he'd broken you in two!"

"All right, Collins," interjected Snyder. "You're so anxious—let's hear your story."

"Sure. I'd finished my round at 10:20. Everything was O. K., so I went to my office back of the vault. A few minutes later the lights suddenly went out. I grabbed a fuse as quick as I could and replaced the one that had blown. Then I ran upstairs. Parks was pointing to the side door and hollering, "the vault's been robbed," so I dashed out the door and down the street, but there wasn't nobody in sight."

"Did the lights go out in your office, Parks?" Fordney inquired.

"No."

"They're on different circuits," explained Collins.

"Shut up," bellowed Snyder. "Put him in a cell!"

"Your move, Joe."

WHY WAS COLLINS HELD?

[See solution on p. 30.]

American Opera.

The American Opera society will hold its second operatic recital of the season on Thursday morning, Dec. 29, preceding a luncheon at the Arts club.

Movie Houses Can Seat Tenth of Population

Find One Out of 400 Work in Industry.

BY GEORGE SHAFFER.

[Chicago Tribune Press Service.]

Hollywood, Cal., Dec. 20.—One out of every ten persons in the United States can be seated simultaneously.

That's what's the matter with the American movie industry. The depression has hit the movie fan along with all others. So the movie houses stay unpatronized, and the big film companies, which three years ago were engaged in a free for all race to see which corporation could assemble the most thousands of theaters, are now having all their profits off of their films eaten up by the overhead and operating costs of the theaters which they bought.

Figures assembled and given out by the Paramount Film company call attention to the magnitude of this business which is moving toward mergers and production curtailment at several of the larger studios which, a few years ago, seemed to be operating as soundly and profitably as the telephone industry.

For instance, the Paramount statistics show that one person out of every 400 Americans makes a living in the film business. This gives rein to speculation about how many times 399 men, women, and children must pay their way into American movie houses before the salary of the 400th man is taken in at the theaters and trickles back to the film corporation.

One or more big mergers are said to be on the way.

Following the Los Angeles preview of "Island of Lost Souls" the movie critics passed a lot of favorable mention along to Kathleen Burke, 19 year old Chicago "panther girl," for her first film rôle.

Ruth Chatterton and her new husband, George Brent, plan a triple holiday celebration over the week-end. Saturday is her birthday; Sunday is Christmas day, and the studios will stay closed on Monday.

Not only is Helen Hayes a wonderful actress, but she's a brainy, twinkly eyed wisecracker as well. Her husband, Charlie MacArthur of Chicago, wrote the dialogue for the three Barrymores in "Rasputin," and Miss Hayes braved a cold night to attend the film's preview, saying: "I just wanted to hear my husband's dialogue spoken by somebody besides himself."

A Job a Day

Every little improvement we give our home right now helps us—and the other fellow too.

The double garage is no extravagance even though the family which owns it may have but one car. By building a partition through the center and using the extra space for storage or playroom purposes, one has salvaged extra space at small cost. There can also be a work bench. Extra heavy rafters can be provided to support a trapeze and adjustable rings. Such space will also house short lengths of lumber and kindling wood for the fireplace. Give it a little light and water and heat besides and you have an all-round room for a dozen different uses.

Holiday Music Broadcast at Tribune Tower

BY EDWARD MOORE.

(Picture on back page.)

Those who went toward their homes past Tribune Tower last night between 5 and 6 o'clock heard the first program of the Christmas carol radio concerts sponsored by The Tribune's station, W-G-N. It was the opening item in a series that will continue every evening this week, with a special half hour on Christmas morning.

It was the spirit of Christmas as told in song by beautiful old carols, Christmas hymns, organ, and orchestral music. The famous Hamilton club male chorus was the featured organization. Eric De Lamarter added special numbers from the magnificent organ of the Fourth Presbyterian church. The W-G-N Symphony orchestra added a number of Christmas pieces under the direction of Delos Owen, and Lewis White, baritone and W-G-N artist, presented a number of special solos. Loud speakers from the front of the Tribune Tower projected the music up and down the street and automobiles and pedestrians paused to listen.

It was an inspiring hour. Now, as never before, the Christmas spirit is in the air and the most famous music of all ages is exemplifying that spirit. Most of the carols are so old that their origin is lost in the mists of antiquity. They have been known and loved for centuries.

A chorus from the Roosevelt High school will sing this afternoon under the direction of Erhardt Bergstrasser. Barrett Spach of the Fourth Presbyterian church will play, W-G-N's Four Kings of Harmony will present quartet numbers, and once again the W-G-N Symphony orchestra will play.

Instead of the Sibelius symphony, previously announced for the Thursday and Friday concerts of this week, Mr. Stock and the Chicago Symphony orchestra will give the first performance in America of Miaskowsky's Twelfth Symphony. The work was written in celebration of the fifteenth anniversary of the U. S. S. R., and Mr. Stock obtained the score only a few days ago through the Society for Cultural Relations with Soviet Russia.

Other numbers on the program will be the Prelude and Dream Pantomime from Humperdinck's "Hansel and Gretel," the Jubilee and Noel from Chadwick's Symphonic Sketches, Debussy's "Afternoon of a Faun," and the Polka and Fugue from Weinberger's "Schwanda, the Bagpipe Player."

Through an error, Jascha Heifetz's accompanist at Orchestra hall Monday night was named in this column as Joseph Achron, the composer of one of the numbers on the program. The name should have been Isador Achron.

American Designer Offers Fresh, Crisp Fashions to Americans

Pleats, Ingenious Tucks, Wide Shoulders, and Pinched-in Waistlines Feature New Models.

BY RHEA SEEGER.

American clothes and American fashions, as presented by Annette Simpson, U. S. A., and very much U. S. A., are being sponsored by one enthusiastic shop in Chicago. This charming, dynamic person, very thrilled over doing such exciting things, is here in person to launch the clever new dresses, suits, and coats designed for the premier showing.

Crisp, fresh, spicy clothes as snappy and as alive as the perky red carnation she pins on so many of her swanky wide lapels . . . coats with man tailored precision, artfully contrasted with very feminine puffed sleeves . . . suits with intricate tucks along the rear shoulder seams . . . dresses with ingenious tucking, wide shoulders, pinched-in waistlines are but a few of the interesting new ideas.

But the most exhilarating part of the entire collection are the pleats . . . coats have either an inverted pleat zooming up the back seam or a split seam . . . sometimes the pleat is only a matter of four or five inches, but how those five inches do count! Afternoon, daytime, street, and sports dresses are liberally supplied with pleats . . . the dashing swagger pleats that snap back and forth with a certain provocative swish that only a free striding American gal can manage.

Other seductive swishing is possible with the very newest silk dance dresses designed by this American designer . . . lovely raspberry shades of moire taffeta, made with wide, full skirts, high front waistlines, and cut-out backs. And these rustling evening dresses fit supersmoothly from shoulder to hip. There are new balloon or puffed capes also of taffeta, top candy stripe organdy picture frocks as well as silk crentions. These puffball affairs are guiltless of sleeves, but amply puff over the most active of arms.

Annette Simpson not only designs gowns of great individuality but also designs fabrics . . . soft sports wools that she uses for sports costumes and then daringly uses the same stuff for startling but practical evening costumes . . . for instance, a certain blue-gray wool that makes one of the most unusual tailored suits in the collection fashions the famous "road-house bum" evening costume, a costume consisting of a long, very young dress with an intricate back strap arrangement and a nonchalant tied-on coat.

All of the dresses are practically backless, the tropical linens that can be packed without fear of wrinkles, the soft, filmy organdies that also emerge unruffled from trunk and suitcase, the clever cottons and striped shirtings that make the simplest and smartest of daytime dresses, are backless or casually but scantily strapped and topped with a matching coat.

She swings a cape over the most distinctive of her costumes with an enviable flair for swank, long swinging capes, short, stiff bullfighter capes, and moderate lengths that hit the hipline.

The most romantic of chiffons are found in these collections, the frail, filmy, ethereal things that make you look like a glamorous heroine in a best seller. And until you have seen these layers upon layers of soft, plain colored chiffons, you have seen nothing!

The sleeves are long and full and are unquestionably the most flattering things any clothes hungry shopper ever looked at. The skirts are extremely wide and full, with plenty of swirled circular sections to wave and undulate around your ankles.

There's nothing austere or dignified about Annette Simpson originals. They are as sparkling, as entertainingly different as the various personalities for whom they are planned . . . good looking, practical, wearable things that fit the average American female streamlines just enough better than intricate imports to make them spectacularly successful.

Film Time Table

Feature pictures are scheduled as follows at first run houses today:

CASTLE—A. M.: 9, 10:20, 11:40. P. M.: 1, 2:20, 3:40, 5, 6:20, 7:45, 9:10, 10:10.

CHICAGO—A. M.: 11. P. M.: 1:25, 3:50, 5:25, 7:50, 10:20.

McVICKER'S—A. M.: 9:50, 11:50. P. M.: 1:55, 3:55, 6, 8, 10, 12:05.

BARTER AND SAIL

By HENRY C. ROWLAND

SYNOPSIS.

Capt. Hiram White sails his four-master ship, the Abigail White, in search of a ship filled with pearl oysters, sunk by a French captain before the world war in a lagoon in a South Sea island. Arlette Mordecai, the French captain's granddaughter, has brought him complete instructions for finding the ship. Arlette is accompanied by an English woman of title known as Ladybird. In his crew are Adam Eden, an unemployed engineer, Roberta Muilbank and Peter Cavan. Roberta's father died after his bank failed and Peter was his trusted employé. Henery, a spiv, hires up for his keep. Henery Sheppard, backer of the venture, fills the boat with a cargo of his own choosing, including a lot of used cars and launches and plans to stop at certain ports to trade cargoes. One owner of an unused car sends his French chauffeur, Raoul, along. Ladybird, who is a naval officer's daughter, is made mate. The ship is seized by four stowaways on the high seas. A warning comes in over the radio about four bank robbers being at large and the captain realizes he and his crew are in their hands. After several days the bandits are overpowered and set adrift. The ship reaches Cape Town, where Henary's cargo is traded, through Peter Muller, a banker friend of Roberta's father, at a large profit. Their next destination is Sydney, Australia. Peter finds the robbers' loot hidden on the boat. The captain turns it over to the U. S. consul at Sydney. The cargo is discharged at Sydney and another picked up for delivery to Japan, where another profitable trade is made.

INSTALLMENT XXVII.

NATIONAL PRIDE.

"What's up now?" Ladybird asked, repeating Capt. Hiram's query. With all her strong individualism she was beginning to follow his lead unconsciously.

"Nothin' so bad, I guess," Henery said. "That fella looked like he had heard something good."

"You can't tell with these foreigners," she said. Wherever Ladybird found herself no matter how remote the country, its inhabitants were the foreigners, never herself. "He would bow and smile if he knew there were an order for hari-kari on the way down to us."

"That doesn't say we'd feel ourselves called on to obey it," Capt. Hiram said dryly.

The consul arrived a moment later. He shook hands with them warmly, which was not his custom, then said in a genial voice:

"You people make us prouder than ever of our flag. Best traditions of the American merchant marine, and all that sort of thing."

Arlette and Raoul are in love and don't know it.

"Quite so, old dear," Ladybird said in her tonic voice. "I'm rather set up at belongin' to it, myself."

The consul laughed. "I've just been instructed by the department of state to acknowledge receipt of your statement with the money stolen in that bank robbery the night before you sailed . . ."

Capt. Hiram interrupted: "Was the money all there, consul?"

"Every penny. The robbers hadn't had time to touch it. The treasury department directs me through my own to express full appreciation of your distinguished service . . ."

Henery interrupted: "Any news about those baadits we set adrift?"

"None, so far, Mr. Sheppard. I want to hear all about this. Let's go up to the consulate . . ."

Capt. Hiram cut in to ask: "Did you tell Commander Hitsato anything about it?"

"All that I knew. It struck me that it couldn't do you any harm or hurt your general credit here to have it known what sort of an outfit you were."

They called some waiting rickshaws and went to the consulate, where the communication was shown them. But the detail in which Ladybird took most interest lay in its concluding words:

". . . reward of five thousand dollars offered by bank held to credit of Capt. White, master and owner of schooner Abigail White of Portsmouth, N. H. . . ."

She said with a tone of regret: "Pity we didn't hang onto that mail robber, skipper. Roberta saw a reward of five thousand offered for the blighter by the P. O. department."

Capt. Hiram said shortly: "I wouldn't have trusted myself another day with that rat aboard."

. . . . . .

They loaded a light cargo of such Japanese products as were not of intrinsic value to the country at the moment or prove a drag on their markets from threatened boycott. Principally fine silks and ceramics that were not fine, earthenware, pottery and cheap lacquered goods and paper. Also many crates of toys.

They had saved out enough foodstuffs to last them six months. They bought a used diving armor and hand pump and they took on a few more of the beautifully made Japanese water casks. A Japanese chemist treated the water in a way to preserve it without affecting its potability.

All that worried the captain were his sails. They were still good, but weathered like the cordage. A gang of experts caulked such deck seams as required it. Chain plates and other iron work were red leaded. The captain himself tried out the diving gear and examined the copper sheathing. It was not stripped anywhere and would last out the voyage barring chafe from chain cable or other rough contacts.

He carefully went over his whole ship and when in any doubt called in an expert. Like all other well constructed fabrics of good material it is less time and use that impairs it than abuse.

He said to Ladybird, "This schooner has been blessed from her wedding day with a good ship's husband. That counts when a ship's getting on."

"With a woman," she said, "it counts before she's getting on."

"Same with a ship," he said innocently. "I've known some of them to be ruined on their maiden voyage."

"That too with a woman." She gave him her ironic smile. "And what about when they lie idle a long time after being launched for lack of cargo?

"That's happened these last years," he said seriously, "and in some ways it's worse than a rough voyage. Seems like they need the strains and stresses they were built to stand. That does something to the bone and fiber of them—makes 'em strong and flexible."

"You describe ships and women more and more alike," she told him.

"Well, all sailors know that. Poets and preachers and philosophers have harped on it too." He caught the curious expression in her eyes and asked,

"What have you got on your mind? What are you looking at me that way for?"

Ladybird said evasively, "An idea. I get 'em sometimes. I was thinking about Arlette and Raoul. They're in love with each other, and don't know it."

He shook his head. "If they find it out before we shove off they'd better get married and take a liner home. New married couples don't belong in a ship's crew."

There was a finality about this statement that was not to be argued.

For the fourth time the Abigail White sailed out of port laden with good wishes and high hopes. She cleared for Valparaiso. Her people had made friends in Yokohama. With their unfailing courtesy the officials with whom they had dealt, sent down aboard a parting present of fine tea and kimonos for the three women. Knowing the peculiar character of this old time trader a navy tug was detailed gratuitously to tow them well out of the bay, where they caught a light, favorable breeze.

The captain had promoted Peter to the position of navigator and confined himself to the duties of sailing master though checking Peter's observations.

They dropped down through the latitudes and came into the fifteen thousand twenty square miles of islands that comprised the Japanese mandate ceded her by the league of nations, at the strictures of which she appeared for the moment to be thumbing her nose.

First and Last Holiday Meals Also Important

May Rival the Dinner in Deliciousness.

BY MARY MEADE.

Christmas day consists of twenty-four hours much like any other day of the year, but we sometimes get so intrigued and tied up with big thoughts about turkeys and cranberry jelly that we seem to forget that it's quite a long stretch from the night before till a 2:00 o'clock dinner, and quite a space of time between the last of the pie and cheese on Christmas day to getting-up time on the twenty-sixth.

In a word—let's give a thought this year to Christmas breakfast and Christmas night lunch so people won't feel that as a matter of defense they must eat sufficient to last twenty-four hours' worth at the big feast Christmas noon.

First the breakfast—let's make it different, but keep it simple. A most pleasing little fruit cup may be made by slicing firm navel oranges thin, crosswise, and arranging three slices like petals around the inside of the fruit cup, the slices curving up above the edge. In the center place fresh grapefruit sections, cut white grapes, and diced fresh pears. Let a tablespoon of sweetened grape juice trickle down over all. Chill till frosty before serving.

Or for a more quickly created fruit service, simply serve grapefruit halves sifted with powdered sugar and each with a heart of maraschino cherry.

If breakfast is early and dinner to be late, plan thin slices of sizzling broiled ham for the pièce de résistance of the breakfast, and with it offer crispy rice waffles done after this pattern:

RICE WAFFLES.

1 cup flour
3 tablespoons sugar
½ teaspoon salt
2 teaspoons baking powder
2 tablespoons butter
2 eggs, separated
1 cup milk
1 cup cold cooked rice

Sift the dry ingredients together and stir in the melted butter, the beaten egg yolks and the milk. Add the rice and lastly fold in the stiffly beaten egg whites. Bake in a hot waffle iron until just brown and crisp and serve with butter and maple sirup, or, as a special treat, with shaved maple sugar.

For Christmas night supper, which should be a most informal affair, plan a well engineered ice box "raid" in which just the proper and tempting supper specials have been placed ahead of time. Or if a stiff out-of-doors hike has sharpened appetites contrary to all dinner time predictions, may we suggest this as the cook's conclusion to holiday feasting?

CHRISTMAS NIGHT SUPPER.

Cranberry Juice and Ginger Ale Cocktail
Snappy Rarebit on Crisp Crackers
Sardines
Hot Finger Rolls Sweet Butter
Jellied Lemon Peach Surprise
Chocolate Brownies
Popcorn Candy
Tea

Two parts of slightly sweetened cranberry juice to one of ginger ale will do the trick. Let the cocktail be so cold it fairly shivers, and let the rarebit bubble and sizzle with hotness and flavor. This recipe for a snappy Welsh rarebit will bring down the house, gastronomically speaking:

CHRISTMAS RAREBIT.

2 tablespoons butter
Dash of paprika
½ teaspoon peppery sauce
¼ teaspoon mustard
1 pound grated American cheese
1 cup near beer
2 tablespoons cornstarch
¼ cup cold water
Salt to taste
Toast

Blend the melted butter with the paprika, sauce and the mustard. Add the cheese and simmer gently until the cheese is melted; then stir in the near beer a tablespoon at a time and finally thicken with the cornstarch which has been blended with the cold water. Cook gently about three minutes, stirring constantly; then season and serve hot over fresh toast.

A FRIEND IN NEED

BY SALLY JOY BROWN.

Would Welcome Stove.

"I know a family of five and the husband has not been able to get work for almost three years. They have been trying to live on what the wife earns cleaning, but she works so seldom they have a terrible time trying to get along. Do you think through your column you could get a stove for them, a woodburning stove to use for cooking and heating.

"MRS. W. C."

Gas and electricity are luxuries denied many of the families of unemployed men and women and they must resort to the old-fashioned stove for heat and a means of cooking. Can you supply the stove needed here?

Avoid Turning Out Toes When You're Walking

BY ANTOINETTE DONNELLY.

You're keeping up the stretching work I gave you last week? You're giving yourself one good stretch, pulling muscles this way and that, before you get out of bed, or first thing when you hop out? You're walking around on tiptoe with hands over head stretched "tall as the moon" a number of times during the day?

You're getting down on the floor and stretching legs down and hands on floor over head, pulling away as if trying to pull apart? Then, you're doing your walking and standing as heretofore prescribed—chest up, abdomen in, buttocks flattened and head held "tall"? And you're now sitting erectly, on the back of your thighs, far back on the chair, bending at the waist when you want to lean forward?

O. K., my good pupils! Now you're getting on—toward that smart, lithe and tres chic figure which is the silhouette standard of the moment!

But before we get on with any more exercises, I want you to look at those feet of yours today. If you've been turning the toes out, as I note countless woman met in a day's walk still do—stop it! Turn them in rather than out! Better, keep them pointed straight ahead.

We won't bother talking about how those turned out toes cause flat foot and all kinds of arch pains. You know all about that yourself, or soon will if you are a flat footed walker. What I'm aiming for is to snap up that whole figure of yours. So long as you keep those toes turned out you can't look snappy. Honest, you can't.

More women ruin their appearance through this fault than anything else I know. The feet look much bigger for one thing when they're spread out sidewise.

You have a long mirror in the house. Stand with feet out wide, as in the illustration. Then bring them together with toes pointed ahead. "What a difference!" you yourself must exclaim. Beside the look of the feet, there is this terribly important feature: You can't walk smartly because you can't come up and down on the balls of the feet in sprightly manner. And no matter what any one tells you about fat and wrinkles making you appear older than you are, believe that nothing will shunt you over into the middle aged group like that wide spread foot habit!

* *

Christmas Dance.

The Phemfors fraternity will hold its annual Christmas dance on Friday evening at the Interfraternity club.

Correct Way to Walk

Don't walk with feet turned out like this.

Point the toes straight ahead and come up and down on balls of foot. Touch heels lightly.

Balaban & Katz Lease on McVicker's Expires Dec. 31

Balaban & Katz, cinema theater operators, have announced that their lease upon McVicker's theater will expire Dec. 31 and will not be renewed. The policy under which this house has been conducted—long run "special" films without stage entertainment—will be transferred to Balaban & Katz's Oriental theater and will start there next week with the talking picture version of Ernest Hemingway's novel, "A Farewell to Arms."

EASIEST WAY TO BREAK UP COLDS

Feel Like a New Person Almost Before You Know It.

If you want quick relief from a cold, go back to first principles and use something you *know* does the business—don't start "trying" a lot of fancy ideas or remedies.

Get Hill's Cascara Quinine. A scientific formula made to do ONE THING WELL: *to knock a cold in a jiffy*, not to cure a hundred different things.

Take two tablets every three hours. Drink lots of water between times—that's all. Soon those mean, aching pains in head and body begin to go; the cold breaks up, poisons leave your system and you feel like a new person.

If it doesn't do that, your money back. Get a box now for a few cents. You'll be surprised at the speed with which it works.

THEO KROLL, General Manager

HOTEL **AMBASSADOR**

Park Avenue at 51st Street, New York

Thomas Leiter Fascinated by Life in Ireland

Hope to Take Place There for Fox Hunting.

[Continued from page 19, column 3.]

her residence, 1507 State parkway, for the Algers.

Charles S. Dewey Jr., better known as "Bud," will be here from South Bend, where he is working, to spend Christmas with his family, and the younger son, A. Peter, arrived from St. Paul's yesterday for the vacation. Albert B. Dewey will not be in Chicago with his son's family for the holidays for he doesn't like cold weather and a recent snowstorm in Washington, where he and the junior Albert B. Deweys and their two babies are, has caused him to make plans to go to Charleston for Christmas.

Mrs. Livingston Fairbank, who came from Paris to introduce to society her daughter, Jane Boyce, is planning to leave for California or New York right after the holidays, but Miss Boyce will remain with an aunt, Mrs. Dexter Fairbank of 3020 Pine Grove avenue. Miss Boyce and her mother will have two Christmas dinners, one with Mr. and Mrs. Kellogg Fairbank and the other with Mrs. Dexter Fairbank.

Dinner Dance For 4 Debutantes.

Four debutantes of last year, Miss Betty Brown, Miss Paula Uihlein, Miss Jane Brooks, and Miss Eleanor Wheeler, have invited nearly 250 guests to the dinner dance they are giving tonight at the Blackstone hotel for four buds of the current season—Miss Marie Swift, Miss Mary Reed, Miss Jean Schweppe, and Miss Marjorie Goodman.

Invitations to the affair state that dinner will be served at 9 o'clock, the hour which discriminating hostesses have decided is late enough to allow plenty of time for the appetizer and cocktail parties which precede every large affair.

Miss Peggy Carry, daughter of Mr. and Mrs. Joseph C. Carry of 1317 East 56th street, will make her debut at a tea to be given by her parents this afternoon at the Woman's Athletic club. Among the debutante's assistants will be Miss Betty Brawley, Miss Caryl Bloomington, Miss Barbara Graf, Mrs. John B. Wing, and Mrs. Robert Hampton Ripley.

Tomorrow night Miss Carry's brother and sister-in-law, Mr. and Mrs. Champ Carry, are to give a dinner for her and her assistants before the Princeton Triangle show.

A gay party of young people, friends of the former Lucy Stone and her husband, Elliot P. Goss, and her brother, Dana Stone, will spend Christmas eve at a dance Mr. and Mrs. John Sheppard Stone are to give at their residence, 1260 Astor street, for the Gosses and young Mr. Stone. Mr. and Mrs. Goss and their baby have been living in Racine but they are moving to Waterbury, Conn., in February and until then they will be with the Stones.

Announce At Home.

Dr. and Mrs. George de Tarnowsky and their daughter, Miss Olga de Tarnowsky, of 2719 Pine Grove avenue, are to be at home to their friends on Saturday, Dec. 31, from 4 to 7 o'clock. The younger daughter, Mary, is at her aunt's, Miss Mary Nixon's, school in Florence, Italy, this winter, so she won't be on hand for the "at home" but Nixon, the son of the family, is arriving tomorrow from Harvard to spend the holidays with his parents.

John Alden Carpenter departed yesterday to spend Christmas in Fort Worth, Tex., with his son-in-law and daughter, Mr. and Mrs. Patrick Champain Hill, and his infant granddaughter, Rue Diana Champain Hill. He will be back in Chicago before New Year's.

Miss Elizabeth Gentry arrived in town yesterday from New York to spend the holidays with her sister and nieces, Mrs. William H. Bush, and the Misses Caroline and Emeline Bush of 1538 State Park way.

Mr. and Mrs. Ambrose C. Cramer postponed their departure for a Christmas vacation a day in order to be present yesterday when Mrs. Cramer's brother, Arthur Meeker Jr., arrived in Chicago after having spent the summer and fall abroad. The Cramers will start early today by motor with Mrs. Donald M. Ryerson and her two children to spend the holidays with Mr. Cramer's sister, Mrs. James G. K. McClure Jr., at Asheville, N. C.

Leave to Visit Honore Palmers

Mr. and Mrs. Potter d'Orsay Palmer and her sister, Mlle. Mathilde de Hoz, departed last week-end to spend Christmas with the Honoré Palmers at Palm Beach. Later in the season they may go to Cuba with the senior Palmers, and unless their present plans are changed they will be away from Chicago six weeks or two months.

Mr. and Mrs. Solomon Byron Smith [Barbara Neff] will return on Christmas day from a fortnight's holiday at the Jokake inn in Phoenix, Ariz.

Miss Betty Babson, daughter of Mr. and Mrs. Henry B. Babson of Riverside, will return to Chicago today from Miss Hall's school. The Babsons, who are occupying the Ernest High Noyes apartment at 1242 Lake Shore drive this winter, are planning to give a dinner for their sub-deb daughter tomorrow night before the Princeton Triangle show and later in the week Mrs. Babson will give a luncheon for her.

Midshipman Edward Bruce Carson will arrive from Annapolis on Christmas eve to spend the Christmas vacation as the house guest of Mr. and Mrs. Hubert P. Harmon of Highland Park. Mr. Carson's parents, Mr. and Mrs. Edward B. Carson of 1648 East 50th street, have gone to Florida for the winter.

Mr. and Mrs. George J. Jaeger have closed their residence at Wianno and have returned to Chicago, where they have taken an apartment at the Churchill for the winter.

Party Today at St. Vincent's Home.

The Junior auxiliary of St. Vincent's orphanage will give its annual Christmas party for the children at St. Vincent's this afternoon. No group of volunteer workers in the city is more enthusiastic and interested than these young women who help St. Vincent's, so undoubtedly they will succeed in making the afternoon an occasion that the little orphans will remember for a long time.

There's just one place that the mothers of the fifth form boys of the Chicago Latin school will be tomorrow at noon and that's the school, for the boys of that form are staging a comedy, "All Gummed Up," by Harry Wagstaff Gribble, at that time for the benefit of the Emergency Relief fund. The members of the faculty were too busy to help the boys with the play when they approached the headmaster, George N. Northrop, about giving it, so the boys, all of whom will be ready for college in a year or two, decided to go ahead and do it themselves and none of the faculty has directed it or even attended the rehearsals.

Philip Seipp is chairman of the committee and also is to play one of the feminine rôles, Henrietta Tremayne. Fred Stein will be Dr. George Bartlett, a liver specialist in whose consulting room the scenes of the play are laid; Johnson Byer will be Minter, Dr. Bartlett's assistant; Francis Broomell will portray the character of Geoffrey Tremayne, a pianist and Henrietta's husband; and Howard Renn will play the other feminine part, Gloria Bartlett, the doctor's wife. Harlow Voorhees is stage manager of the production and Tom Geraghty is business manager.

Junior League to Model Clothes.

I don't see how busy young women can find time this week to model in fashion shows, but they find it somehow, and, what's more, hundreds of other women find the time to watch them as they show off the smartest and latest fashions. This afternoon at 3 o'clock a group of junior leaguers will be manikins in a showing of debutante holiday fashions, beach apparel and resort wear at Saks-Fifth Avenue. And another group including Miss Margot Atkin, president of the league; Mrs. Walter F. McLallen, Mrs. James B. Clow, Miss Roberta Harvey, and Mrs. John Finlay, will act as hostesses at the tea that will follow the showing.

The manikins will be Mrs. William K. Meyers, Mrs. Robert Hampton Ripley, Mrs. Nathaniel Owings, Mrs. Lawrence Williams, Mrs. John R. Winterbotham Jr., Miss Edith Behr, Miss Honoré White, Miss Martha Fitts, and Miss Frances Weary.

Newly elected officers of the Kenilworth Infant Welfare society include Miss Helene Seibold of Wilmette, president; Mrs. John MacDowell of Evanston, vice president; Mrs. George Davis of Evanston, recording secretary; Miss Katherine Stolp of Kenilworth, corresponding secretary; Miss Mary Branigar of Evanston, treasurer; Miss Virginia Prussing of Kenilworth, social chairman; Mrs. William Cooley of Evanston, chairman of volunteers; Miss Virginia Belt of Kenilworth, publicity; Mrs. Cedric Smith and Mrs. George Dyer of Kenilworth, sewing.

Engaged

MISS RUTH WILBUR.
[Toloff Photo.]

Mr. and Mrs. J. Ralph Wilbur of Evanston announce the engagement of their daughter, Ruth, to William Walter Sims of Evanston, son of William Francis Sims of Chicago. The wedding will take place in the late spring.

Famed China Offers Daily History Text

Decorations Tell Story of England.

BY RUTH DE YOUNG.

Mrs. John Beckwith takes at least one history lesson daily. Yesterday it was the battle of Bunker Hill. Tomorrow it may be the story of colonial transportation or the building of Harvard college.

She takes these lessons by way of Staffordshire china—a plate, a platter, or perhaps a pepperpot. For, to paraphrase that line of Thomas Carlyle, "From a small window one may see the infinite"—from a small saucer one may read the history of a people.

Mrs. Beckwith has grown up with Staffordshire china. Ever since her fifth birthday she has been casting about for pieces that depict the history of England as well as the colonies that threw aside the parental yoke. But, unlike most collectors, she uses the brittle treasures she has found—because, as she explains, "they are all I have in the way of dishes. Otherwise I'd have to eat off a tin plate."

Mrs. Beckwith's collection lines the walls of her house at 37 East Elm street. It's a wonder some modern rhymester hasn't broken into verse over the mugs and jugs like the poets who sang about the cups and saucers and coup tureens that Horace Walpole used for decoration in his Gothic villa at Strawberry hill.

A deep blue teapot sits contentedly beside a plattef of lighter shade. A luster jug—that some one of the Beckwiths once confided he used for beer rather than tea—is background for a teacup patterned in brown. There are stacks of plates—many cracked and discolored—but every one pedigreed as far as its Staffordshire ancestry is concerned. Mrs. Beckwith has hewn close to the line all these years—the reason that the collection is one of the most notable in the country.

"Fortunately my relatives are very modern," she explained yesterday. "Any one of them prefers a Gezanne or a Matisse to a gravy bowl that has seen the eighteenth century. This means that I have been able to gather china from all sides of the family. Some of it goes back four generations.

"This one set came west in a prairie schooner in 1835," she continued as she opened the marquetry inlay wall cabinet that contains a good portion of the collection. The cabinet is a recent addition. Mrs. Beckwith found it "for a perfect song" during her recent visit in Virginia.

The china that had a schooner ride is designated as John Alcock. He was the potter who made the mulberry colored pieces, and, as Mrs. Beckwith says, "Even in these days of depression I'd never pass up a piece. My great-grandfather brought 100 pieces west with him. The other hundred I have acquired one by one."

This great-grandfather of Mrs. Beckwith came from Staffordshire county, England. In fact, a pottery there now bears the family name of Ansley. It was her grandmother, however, who gave her the nucleus of her collection—pink plate, a luster jug, and a cup and saucer—on her fifth birthday.

In telling the story of Staffordshire Mrs. Beckwith goes back to the beginnings of pottery among the prehistoric races. English sepulchers, she explains, have yielded up many an example of this work.

It was during the reign of Queen Elizabeth, however, that some stoneware jugs from Germany, some delft ware from Holland, and some small pieces from Italy and the orient were imported into England. These stimulate dthe English potters, who soon found that they had at hand in variety and abundance the necessary materials.

Enoch Wood is father of the Staffordshire potters. He opened his business in 1784 and from that day on for almost a hundred years one potter after another—the rest of the Woods, Ralph, Aaron, and Enoch, Wedgwood, Stevenson, Clews, Stubbs, Rogers—grew up and flourished in that little ten mile strip of Staffordshire county.

Each one of these workers, each piece they made is a story in itself.

Mrs. Garner Assures Washington Society She Will Be Leader

Washington, D. C., Dec. 20.—(AP)—Breaking her long silence on the subject, Mrs. John N. Garner today gave this society loving capital some holiday cheer by saying she is giving serious study to her oncoming social rôle as vice presidential hostess.

Washington several weeks ago heard with gloom the Garner announcement that the vice presidential pair, in keeping with their "early to bed" custom, would accept only "official" invitations.

Many thought a social Sahara lay ahead so far as events centering about the vice presidency were concerned.

But today Mrs. Garner let it be known that she is putting to the Washington social scene the question of what elements in it really have official significance, and what forms of social expression are "really worth while."

She said she certainly would accept the post of presiding officer of the ladies of the senate.

Black Feathers Trim Frock for Holiday Hostess

BY BETTINA BEDWELL.

PARIS.—[Special.]—Around the Christmas holidays is the time when one gets a glimpse of famous Parisienne hostesses as fancy paints them. These are the festive occasions when they abandon their severely simple frocks and emerge in trailing gowns in luxurious fabrics, that entitle Paris to her old tradition of the glamorous days of the '90s.

There is no one better able than the famous Callot to make this type of ensemble, as illustrated in the sketch today. It is designed for a world apart from workaday life, and as such is welcomed by the fashionable hostess who entertains a select few at tea or dinner. The frock, shown at the right in the sketch, is in black silk velvet, and has a shoulder yoke and its full length sleeves in black lace, sparsely patterned with a palm leaf design in gray. Cut princess fashion, it is unbelted, and its floor length hem is banded with black coque feathers.

On the large figure is shown the hip length jacket, also in black velvet, which is worn with this frock. It has a center front closing and a choker of black feathers encirles the neck. The sleeves are flared and slit below the elbows, so they hang in graceful drapery off the arms.

A small muff, trimmed with a band of the coque feathers, completes this ultrachic hostess ensemble.

Romeo, 1932, Uses Pretty Strong Words to Juliet

BY DORIS BLAKE.

"Innocence" reports that she was going along great with the high school's most popular boy until—

A girl rival calls the boy up at his home and announces herself as "Innocence." The boy did not come to the phone himself. He has his own ideas, "Innocence" reports, about girls who run after him. Recognizing this idiosyncrasy of his and playing on it, "Innocence" holds it to be the secret of her progress with the school hero up to the faital phone call night.

Well, she heard about the dirty trick played by her rival. And so "Innocence" slips a note to the hero, absolving herself from any part in the call. And what do you think was the hero's reaction?

"When he read the note," "Innocence" herself tells, "he called me the 'lousiest girl in school!'"

There's language for you to fall upon a Juliet's ear! O, Romeo, you're not the boy you used to be! But, then it may be our Juliet's fault. For right upon the heels of the reported verbal assault "Innocence" asks if we think the fellow is worth her time?

Of course, there may be a new school of romance in the making, one in which the boy is trained to take a sock at the lady and make her like it. Take nothing from her—apology, explanation, nothing. Slay her with a comeback! It all makes us oldsters feel outmoded not to see a young lady stand her ground as a lady whose explanation deserves a fair retort.

Yet, they tell me in other quarters that the girls are asking more of the kind of treatment from men their antecedents expected and got. Not demanding the treatment, to be sure, but earning it by standing their own self-respecting ground.

Personally, it is felt that if a boy appointed us the "lousiest girl in the school" we'd high hat him good and plenty.

Needy Children Are Guests at Many Parties

All Chicago Busy with Holiday Plans.

BY KATHERINE KELLEY.

(Pictures on back page.)

Yuletide parties and last minute shopping occupied the attention of a good many Chicagoans yesterday. Everywhere preparation was being made for the observance of the holiday by bringing cheer to the needy, and laying plans for the family celebration in home and church.

Lest the present generations forget what the American pioneers did on Christmas day, the Chicago Historical society has prepared an exhibit of the interior of a log cabin with its fireplace and old time Christmas tree decorations. One side of the cabin is made of logs taken from the second Fort Dearborn in 1816. The toys of the children of pioneer parents are spread out on a bearskin rug in the middle of the floor. The museum will be open in the afternoon both on Christmas day and New Year's, according to Charles B. Pike, president.

Today will be the last day of school for children in the public schools until Jan. 3. School officials have announced the three added days of vacation as an economy measure. Before leaving for the recess the children will take part in Christmas programs and pageants. Many schools are packing baskets and providing clothing for the needy among their number.

Among these schools is the Amundsen Junior High school, Foster and Damen avenues. More than 100 baskets will be distributed to deserving families. Dozens of Christmas toys made by tots in the deaf-oral kindergarten and normal pupils in the first grade were on display yesterday around three Christmas trees at Parker Practice school, 6800 Stewart avenue. The children also attended a party at which carols were sung by students of the Chicago Normal college.

Tomorrow the children at Wesley Memorial hospital will be given a party by the hospital. A similar party for adults will be held on Friday. Santa will be present and there will be a gift for each patient.

The Kiwanis club was host to 300 children of the Haven school, 1472 South Wabash avenue, yesterday. Every one was given a turkey dinner. The Red, White, and Blue club at 1338 Wayne street fed 500 underprivileged children during the afternoon.

Nearly 1,000 reservations have been made for the annual Christmas party benefit luncheon tomorrow to be given by the Advertising council at the Hotel Sherman. The proceeds will be used to maintain the Off the Street club, at 1534 West Van Buren street.

Toys for 500 children in Forest Park will be distributed on Christmas by the Forest Park Kiwanis club, assisted by the Lions club, American Legion, and Girl Scouts, under the chairmanship of E. A. Parichy. For a month old toys have been assembled. The repair work was done by five men of the roofing trade who donated their services.

Needy children were guests of the Pearson hotel yesterday at a dinner at which was served prize winning steaks from the International Live Stock show. Two hundred needy children are to be guests of children living at the Shoreland hotel at a party this afternoon. Following a tree and gifts, every one will be served a turkey dinner. There will also be a Mobet puppet performance of "Hansel and Gretel."

Students of Kendall College of Physical Education, 5026 Greenwood avenue, entertained 40 children at a Christmas party yesterday. The children were from Howell house, a settlement at 18th street and Racine avenue.

Fifty-eight children being treated in the cross-eye clinic of the Northern Illinois College of Optometry will be given toys, candy, fruit, and nuts, as well as clothing and stockings, at a party to be held tomorrow. The party is being given by the students and faculty.

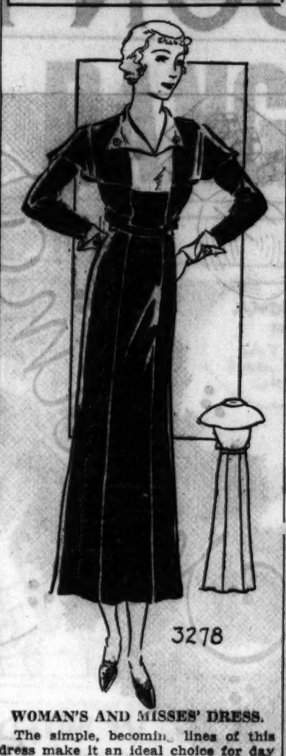
More than 1,000 needy children will be entertained by the Church club of Chicago at the Chicago Stadium tonight. There will be a turkey dinner in the arena and a gift for each child, a band, the singing of carols by 300 choristers, and a fifty foot Christmas tree. The guests will be from the Episcopal social service institutions.

* *

Dinner Dance.

Sigma Gamma Phi fraternity will hold a dinner dance on Friday evening at the Sovereign hotel.

Both Surfaces of Crepe Satin Used in Smart Dress



WOMAN'S AND MISSES' DRESS.

The simple, becoming lines of this dress make it an ideal choice for day wear. The original model combined the two surfaces of dark hyacinth-blue crinkly crêpe satin, and it was stunning. The shoulders are given the desired width by the unusual cape arrangement, and the gored skirt is decidedly slimming.

The pattern, No. 3278, comes in sizes 14, 16, 18, and 20 years, and 36, 38, and 40 inches bust measure. Size 16 requires 3½ yards of 39 inch material with ¾ yard of 39 inch contrasting.

How to Order Clotilde Patterns.

Write your name and address plainly on dotted lines, giving number and size of such patterns as you want. Inclose 10 cents in stamps or coin [coin preferred; wrap it carefully] for each number, and address your order to Clotilde Patterns, CHICAGO TRIBUNE, P. O. Box 537, Grand Central station, New York City.

Note—Clotilde patterns are made in New York exclusively for THE CHICAGO DAILY TRIBUNE. They are perfect in fit, up to date in style, and the easiest of all patterns to use.

Children Love Books with a Historic Tone

Two of That Type Are Just Published.

BY GLADYS HUNTINGTON BEVANS.

I think it was Paul Morand, the French novelist and essayist, who remarked that the best way to interpret one country to another was through the medium of the novel. For both young and old, one of the best and easiest ways we can get our history of America is through the story. Within the last few years many well written and excellent books for children have come out of this type. They are mostly the life story of our national heroes, or are juvenile stories written around a certain locale and a certain time. This is a "chocolate-covered" way to get the background of our country's history, whether it be the history of the national hero or the history of the unknown men and women who made the country.

One of the most interesting of these historical juvenile books is "The Master of Mount Vernon," by Belle Moses [Appleton]. It is based on authentic records, is filled with quaint excerpts from old papers and journals, and—most important of all—it is so readable. Washington appears not the stern, forbidding, aloof individual, but a very real young man.

Another such book is "Stonewall," by Julia Davis Adams [Dutton]. To those boys in their teens, or perhaps younger, who are interested in the civil war written from the viewpoint of one of its most noted soldiers this book will have its appeal. The first part of the book, written from entirely unbiased point of view, will do much to undo the work of so many of the earlier school history text books, which have resulted in adults of today still thinking that Lincoln declared war to free the slaves.

It is a detailed history of the war as fought by "Stonewall" Jackson, himself a man who never wanted to be a soldier, and although it is so detailed it has none of the flavor of a text book. It is easy reading, interspersed with extracts from documents, letters, etc., which gives the gallant tale a flavor of the period about which it is written.

Either of these books makes a worth while Christmas purchase to enlarge the young boy or girl's library.

Put Glassware on Display at Art Institute

BY ELEANOR JEWETT.

The Art institute is showing a rather unusual exhibit which had its beginnings years ago when a little girl, 10 years old, spent her first fifty pennies for a basket of glassware which was displayed for sale on the sidewalk in front of a store in Boston. The little girl grew up and became Mrs. Justus L. Johnson of Aurora, and her love for glass dishes and bowls and cups and pitchers grew.

Gradually she accumulated a vast number of pieces of glass, some three thousand in fact. They date back to the revolution, some of them, and some of them are of today's make. They are examples of pressed and blown glass and there are several ways of looking at them.

Granted the interest of such a huge collection and granted the interest of the dated pieces, yet the glass as a whole does not [illegible] one as particularly impressive. It certainly lacks the delicacy and quality of European glass. This is heavy glass and rather coarse. Just now and again a quiver of imagination in the tracery of a piece will stir the imagination. Just now and again a particularly virile pattern in the molding of the glass itself will excite admiration. For the rest, the exhibit is formal, colorless, and practical.

Just such pieces might have slipped through the soapy fingers of innumerable grandmothers during the last two hundred years. These are not Sunday or party pieces; these are the glass dishes which were in common American use down through the years. They are interesting, but not beautiful.

In the children's museum at the Art institute an exhibit of the work of the children in the Saturday morning classes of the school is being shown.

AT THE FIRST SNEEZE
USE THE
MISTOL 2-WAY TREATMENT

NEW QUICK RELIEF FOR COLDS

The quickest way to break a cold is to start fighting it at once. With some people the warning sign is sneezing, with others it is a sore throat, and still others just feel depressed with a congested feeling in the head and throat. Whatever the sign, Mistol now offers you the 2-way treatment that will help you break these colds before more serious conditions result.

1 Drop Mistol in Your Nose Night and Morning

The first step in the Mistol 2-way treatment is to put a few drops of Mistol in your nose when you get up in the morning and before you go to bed at night, and if convenient, during the day. See how quickly the burning, tickling sensation disappears. The inflamed membranes respond at once to the healing oils in Mistol, and you can breathe freely. The handy dropper makes Mistol easy to use.

In small and family sizes at all drug counters

Mistol NIGHT and MORNING

2 Put New Essence of Mistol on Your Handkerchief and Pillow

The second step is to use the new Essence of Mistol. Put a few drops on your handkerchief and breathe in its healing vapors all day long. At night put a few drops on your pillow and you will get the needed relief for restful sleep. Essence of Mistol contains the same healing ingredients as Mistol but in a form that enables you to obtain its full benefit while you work and while you sleep.

DETROIT SEXTET WHIPS N. Y. RANGERS, 4 TO 1

GROVE LEADS A. L. PITCHERS FOR 4TH YEAR

Lyons Ranks Third in Earned Runs.

[AVERAGES ON PAGE 25.]

Although Bob Grove was out of the game with injuries more than three weeks in midseason, the tall Philadelphia southpaw led American league pitchers for the fourth successive season last year, records released yesterday reveal. Opponents averaged only 2.84 runs per game in 292 innings, distributed through 44 games against the Mack star. Grove ranked fifth in winning percentage with 25 victories and 10 defeats. Charlie Ruffing of New York was second with a mark of 3.10 and Ted Lyons of the White Sox third with 3.28.

Al Crowder, allowing 3.33 runs, takes fourth place, three points above young Tom Bridges, Detroit's curve ball star. Crowder led the league in innings pitched, 327, and in games won, 26. John Allen with 17 victories and only four defeats stands first in the percentage column with a winning average of .810. Lewis Krausse of Philadelphia, hurling only 57 innings, won four games and lost one, an average of .800. Vernon Gomez, winning 24 games and losing seven, was third, Ruffing, 18 and 7, fourth, with Grove fifth.

Ruffing Fans 190.

Ruffing struck out 190 men and Grove 188. The New York star worked 33 innings less than Grove. Gomez was third in strikeouts with 176. Irving Hadley walked 171 batters in 248 innings, Tom Bridges, 119; Ruffing, 115; Weaver, 112; Gomez, 105, and Ferrell, 104. After Aug. 1 Crowder did not lose a game, winning fifteen straight by Sept. 25.

Only four players were awarded 100 or more bases on balls during the season. They were Ruth, 230; Foxx, 116; Cehrig, 108, and Cochrane, 100. Ruth's figure does not approach the record of 170 made by himself in 1923 in 152 games, but his team, the present champions, established a new high mark of 766 for the season. In 1931 the Yankees collected 748 passes in 155 games.

Ten players coaxed four free tickets from opposing pitchers in a single game. They were McManus, Porter, De Sautels, Saltzgaver, (opening game of the season), Gehrig, Lary, Foxx, Schulte, Goslin, and Bluege. The pitchers handed Ruth free transportation four times in four games and Max Bishop was thus honored twice, the first time on April 12, the opening game.

Draws 5 Passes in Game.

Earl Averill walked five times in the game of Aug. 29 in Boston, as each time he faced Pitchers Rhodes and McNaughton they passed him to first. Ossie Bluege was similarly favored by Tom Bridges in the game of July 18, but he faced the pitcher only four times.

Fourteen players batted in 100 or more runs, Jimmy Foxx topping the list with 169, with Gehrig and Simmons tied for second with 151 each. Averill led the Cleveland team with 124, Manush and Cronin divided honors in Washington with 116 each; Stone, 108, was high man for Detroit; Jolley, 106, for Boston; Goslin, 104, for St. Louis, and Appling, 63, for Chicago. Ralph Kress batted in 66 runs, but nine of these were for St. Louis. Of Jolley's total six were driven over for the White Sox, but the remaining 99 left him far ahead of any other Boston player.

Joe Sewell struck out only three times in 124 games, which gave him a total of 110 for his thirteen years in the American league. Sam Rice fanned six times in 106 games, Billy Sullivan nine times in 93 contests, Selph nine in 116 games, and Benny Tate six times in 85 games.

Yanks' Power Established.

The New York Yankees had a team average of 5.98 earned runs against all opponents in 1932, as compared with 4.20 in the 1931 season. This gain of .22 points placed the Yankees at the top of the pitchers' list.

In 1931 Philadelphia led the league with a combined record for all pitchers of 3.47 earned runs per game by opponents. This year the A's fell to fifth place with a mark of 4.46.

Cleveland jumped from sixth to second place, rating 4.63 last year and 4.12 this season. Washington, second in 1931 with 3.76, dropped to third place with 4.16, a fall of 40 points.

HARVARD PAYS $50 BONUS TO STUDENT HELP

Cambridge, Mass., Dec. 20.—[Special.]—Fifty Harvard students who handled the concessions at the Harvard football games last fall, were notified today by the student employment office, which selects them, to call for a bonus check equal to 21 per cent of their total wages during the season.

The amount to be distributed is $2,500, an average of $50 to each worker. In announcing the bonus, Russell T. Sharte, director of the employment office, said the concessions were so profitable this year as to make the gift possible.

Kentucky Five Beats Tulane in Opener, 53-17

Lexington, Ky., Dec. 20.—(AP)—The University of Kentucky opened its Southeastern conference basketball season tonight by defeating Tulane university, 53 to 17.

AMERICAN LEAGUE'S BEST AGAIN

Robert Moses Grove, Philadelphia's left handed speed ball pitcher, led the American league pitchers in effectiveness for the fourth consecutive year when he appeared in 44 games last year, allowing only 2.84 earned runs per nine inning game. He pitched 292 innings, gave 79 bases on balls, hit only one batter and made no wild pitches.

[Acme Photo.]

HERE ARE TIPS ON BUYING THAT CHRISTMAS TREE

BY BOB BECKER.

What kind of a Christmas tree shall we get this week? This question will be faced by hundreds of thousands of residents of Chicagoland before Christmas eve, because a decorated tree in the home is an important and delightful accessory in the observance of this holiday.

To many buyers a Christmas tree is a Christmas tree and they let it go at that. However, there are several facts about the kinds of small trees on sale which a buyer may want to keep in mind when he looks over the trim young evergreens which have been brought down from the north country. Familiarity with these facts about the evergreens makes it possible to exercise considerable choice in selecting a tree.

Spruces or Balsams.

As a rule we have a choice between spruces and balsams for our Christmas tree. These seem to be the most common kinds of trees cut for Christmas buyers. Each has certain advantages. The spruce is identified by its stiff, short, pointed needles which grow all around the twig. Because the needles do grow all around the twig the spruce has a bulkier appearance when you stand off and look it over. The odor from the needles of a spruce may be not pleasant or there may be no odor at all. Because this species of Christmas tree is dark in color, apparently bulkier and more filled out in appearance than the balsam, it is popular with tree buyers and makes a dandy Christmas tree in the home.

We invariably buy a balsam for our Christmas tree because of two very inconsequential reasons: We prefer the delicate two toned needles of the balsam and above all its extremely pleasant aromatic odor. Although we have seen many balsams on the market each Christmas season, this year we noticed for the first time on the north shore a dealer who had deliberately stocked up with young balsams and was calling them by name.

How to Identify a Balsam.

Here is an easy way to identify a balsam. First it is strongly aromatic. The needles are flat and slightly incurved on the top. Look on the under side of a twig and you'll notice that the whitish green tint is lighter than the top side of the needles. The tiny leaves which grow from the under side of a twig will curve around to the upper side giving a double row effect.

This feature of the balsam growth will make you think of the hemlock. And so we catalogue the differences like this: Spruce—short, dark, stiff needles growing all around a twig. Balsam—very fragrant, flat, two toned leaves.

Hornsby Farm Brings $15,000 at Foreclosure

St. Louis, Mo., Dec. 20.—[Special.]—The 86 acre farm of Rogers Hornsby, former manager of the Chicago Cubs, who was recently signed to play with the St. Louis Cardinals, was sold for $15,000 at foreclosure today.

A notice of redemption was filed by the baseball star's attorney, which enabled Hornsby to reclaim the farm within a year on payment of interest and taxes, which are now in default.

GELBERT IS SURE HE WILL BE IN CARDS' LINEUP

Philadelphia, Pa., Dec. 20.—(AP)—Charley Gelbert, St. Louis Cardinal shortstop, who accidentally shot himself in the left leg while hunting a month ago, said tonight he will be playing baseball again next summer.

In a hospital here Gelbert, much improved, declared he will join the Cardinals in March at their Bradenton, Fla., training camp and will be ready for active duty in the early summer, if not at the start of the season.

NEW YORK COURT AWARDS RACING BETTOR $37,535

New York, Dec. 20.—[Special.]—The Appellate court decided today that a man who bets on a race and loses may recover the amount of his losses from the bookmaker, but that the bookmaker cannot compel the bettor to return to him the money he has paid the bettor. The ruling was made in a suit of Michael T. Watts against John B. Malatesta and J. B. Malatesta, Inc., in which the court reversed a judgment for the defendants against Watts for $101,223 and directed a judgment for Watts for $37,535, for which he sued, with interest since Dec. 9, 1930.

The testimony of Malatesta showed that between 1927 and 1930 at various race tracks he lost and paid to the plaintiff $251,894, and that during the same period the plaintiff had lost $157,907.

The decision by Justice Sherman said that Watts sued to recover his losses under the penal law, producing as evidence checks drawn by him to Malatesta's orders. The justice said the evidence established Malatesta was a bookmaker operating at various race tracks in violation of the law making bookmaking a crime.

GREENLEAF WINS FROM CARAS IN CUE MEET, 125-69

Champion Takes Seventh Straight Match.

New York, Dec. 20.—(AP)—Ralph Greenleaf, shooting sensational billiards, tonight won his seventh consecutive game in defense of his national pocket billiard championship by defeating young Jimmy Caras of Wilmington, Del., 125 to 69.

With two high runs, one of 62 and another of 50 in consecutive innings, the second and third, Greenleaf ran out the game in the seventh inning with an unfinished cluster of 13.

Needs Two More Victories.

Needing only two more victories to clinch his eleventh championship since 1919, the 33 year old titleholder meets Pasquale Natalle of Chicago in his next to last game tomorrow afternoon. His final match will be Thursday night with Erwin Rudolph of Cleveland, who holds second place with six victories in seven starts. Rudolph clashes with Andrew Ponzi of Philadelphia tomorrow night before meeting the champion in what may prove to be a repetition of the 1930 tournament, when Rudolph defeated Greenleaf in the final game to win the title.

Caras, the sensation of the tournament with six victories in nine games, was far from outclassed in his match with Greenleaf, running 54 in the second inning to take a long lead.

Greenleaf, who played safe after pocketing one in his initial appearance at the table, answered the 22 year old youth's challenge with a cluster of 62, finally missing when he chose to try a long down the table shot on the 13 ball so as to get in position to scatter the well bunched pack of balls.

Greenleaf Plays Safe.

The Wilmington star appeared well on his way to another long run in the third, but missed a tricky frozen combination on the 15 ball after sinking 14. He left the balls scattered for Greenleaf to put together his run of 50. The champion got a bad roll on his 50th shot and decided to play safe.

A defensive duel through the next three innings ended in Greenleaf's favor, when Caras elected to try a difficult two ball combination. He missed by the narrowest of margins and, without pausing, the champion ran out the game.

Greenleaf's victory left Rudolph with only a fighting chance to dethrone the champion. Rudolph came through with his sixth triumph in the afternoon, defeating Natalle of Chicago, 125 to 49, in 18 innings. The Clevelander had two high runs, one of 47 in the 10th inning and another of 43 in the 17th.

Frank Taberski of Schenectady, N. Y., and George Kelly of Philadelphia completed their tournament schedule with Taberski winning, 125 to 50, in 14 innings. The victory assured the Schenectady veteran of seventh place while Kelly was shoved into eighth position.

The standings:

	W.	L.	HR.	BG.
Ralph Greenleaf, New York	7	0	67	7
Erwin Rudolph, Cleveland	6	1	59	8
James Caras, Wilmington, Del.	6	3	65	11
Andrew Ponzi, Philadelphia	5	3	72	4
Pasquale Natalle, Chicago	5	3	67	12
Bennie Allen, Kansas City	5	4	70	7
Frank Taberski, Schenectady	4	5	64	9
James Mills, San Jose, Cal.	2	7	41	17
George Kelly, Philadelphia	2	7	71	18
Walter Franklin, Kansas City	0	9	63	..

BASKETBALL MAY BE MADE OLYMPIC SPORT

New York, Dec. 20.—(AP)—The American game of basketball has become so popular in Europe that there is a movement under way to have it included in the program of the Olympic games, Daniel J. Ferris, secretary-treasurer of the Amateur Athletic union, reported today after a discussion of the game with Charles Marciano, Italian sportsman. The possibility of a European tour by an American team also was discussed.

Marciano, who is familiar with American basketball, said he believed there were a good many teams in Italy and France which could give the best from the United States competition. He plans to take up the suggestion of arranging a tour for a team from the United States—possibly the winners of the A. A. U. championship—with Italian and French athletic authorities on his return. In return he hopes to enlist the backing of the A. A. U. in having basketball made an Olympic sport.

In the WAKE of the NEWS

99 YEAR FOOTBALL.

PERHAPS the most unique football contract in existence is that between two fraternities at the University of Florida which have agreed to play an annual game, after the regular season closes, for a period of 99 years. Six games of the series have been played.

Aside from the friendly rivalry and cordial relations between the two fraternities involved, The Wake has happened to learn the motives for the series. It seems that in 1925 Sigma Nu and Phi Delta Theta met in an interfraternity football contest which resulted in a scoreless tie. Previously none of the fraternities, 25 in number, ever had engaged in a gridiron contest. Therefore much potential varsity timber was lying dormant.

There was a young alumnus of Florida, Frank S. Wright, instrumental in promoting the first fraternity game, who became sports editor of the Jacksonville Times-Union. We remember him as accompanying the Florida team here when it played Chicago in 1926, with the Maroons winning, 12 to 6.

Well, Wright's newspaper work was outstanding enough so he was recalled to the university as director of publicity in 1927. No fraternity game had been played in 1926. He conceived the idea of a 99 year contract as a medium for national publicity. Sigma Nu and Phi Delta Theta were induced to renew relations with a new 99 year contract.

So far as university publicity was concerned the idea exceeded expectations at the time, but naturally was soon forgotten as many news stories are. In fact, The Wake had forgotten about it until a friend of Wright's happened to mention it recently and to say the games still were being carried on. That prompted our curiosity to write for the scores to date, which are:

1927—Phi Delta Theta, 12; Sigma Nu, 0.
1928—Sigma Nu, 12; Phi Delta Theta, 7.
1929—Sigma Nu, 6; Phi Delta Theta, 0.
1930—Sigma Nu, 13; Phi Delta Theta, 7.
1931—Sigma Nu, 0; Phi Delta Theta, 0.
1932—Phi Delta Theta, 0; Sigma Nu, 0.

The contest this year, played Dec. 10, was before a large crowd, as the event now has assumed a regular place on the university social schedule. We are told it was bitterly but cleanly fought. After the game players of both elevens and their fraternity brothers mingled in an evening dance, followed by a midnight buffet supper.

Where Prosperity Reigns.

Doesn't it cheer you up, Helpers and friends; doesn't it cheer you up, at this somewhat universal lean time of Yuletide cheer, to read that Washington retail stores last week enjoyed their best sales in eight years? Washington, if you have forgotten, is the habitat of the bureaucrats, tax spenders, and parasites who live off the rest of their tax oppressed countrymen.

This Wake Is Conducted by
Harvey T. Woodruff. Help! Help!

* *

Did You Ever Stay?

Perhaps one shouldn't mention it, since we hope better days are at hand, but somehow a trade of baseball talent—to strengthen both teams—between the Chicago White Sox and the Boston Red Sox reminds us of a poker game in which all the winners have gone home and the losers are staying to get even.

* *

It's Never Too Late for Football.

Sir: If it's not too late, that graphic broadcast in which Lukats of Notre Dame tore his pants in the Southern California game reminds me of one of those early Chicago games in which Gordon Clark, a featherweight Maroon back but a great line smasher, had a similar accident in scrimmage. Players of both teams gathered round and he was re-covered in much the same fashion as Lukats. G. W. G.

[Chicago Tribune Press Service.]

Milwaukee, Wis., Dec. 20.—Marquette snapped Indiana university's basketball winning streak tonight by nosing out the Hoosiers, 21 to 20. Field goals in the last three minutes by Ray Morstadt and Adolph Gorychka overcame Indiana's three point lead.

The game, faster and rougher than any played here this season, produced the Hilltoppers' second victory of the season over a Western conference team. Wisconsin was the other victim.

Use Football Players.

The ruggedness of the Hilltoppers, who had four football regulars in their lineup, offset whatever advantage Indiana had in height. Time after time, Marquette won possession of the ball because its players were sturdier. Co-Capt. Eugene Ronzani and Porter, Indiana second year man, were forced from the contest on fouls.

Hoffar's free throw gave Indiana the first point, but Morstadt sent Marquette ahead with a basket. Hodson counted a free throw and Heavenridge got a field goal before Morstadt registered on a pair of free throws. Weir then dropped in a free throw to make the score 5 to 4 for Indiana. Co-Capt. Zummach took alm from midcourt and the ball dropped in. Kukla's free throw and Morstadt's free throw and basket made it 10 to 5. Hodson dribbled half the length of the court to score and Weir capitalized on an easy attempt to cut Marquette's lead to one point at the half.

Lead Changes Hands.

Indiana took the lead soon after play was resumed when Hodson sank a basket. Morstadt got one of the points back on a free throw on Porter's foul. Then Dickey, a substitute for Hoffar, and Hodson made the score 13 to 11 in Indiana's favor on free throws. A moment later Dickey fouled Kukla and the latter made the free throw. Ronzani sent Marquette ahead with a basket. Porter committed his fourth foul and Mullen made one of his two shots from the free throw line.

Heavenridge and Hodson clicked on baskets and when Kukla followed suit the score was tied, 17 to 17. Hodson sank a long shot and Hoffar contributed a free throw on Ronzani's fourth foul, giving Indiana the lead, 20 to 17, with three minutes remaining.

Morstadt got away from Heavenridge for his third basket. Gorychka took a throw in front of the basket and dropped the ball through the net. Lineup:

MARQUETTE UNIVERSITY [21].	B.	F.	P.
Gorychka, f	1	0	1

ZUPPKE TO AID IN COACHING MIAMI ELEVEN

Champaign, Ill., Dec. 20.—[Special.]—Answering a request by Tom McCann, University of Illinois graduate and former Waukegan High school star, to assist him in coaching the University of Miami football team for its New Year's Day game against Manhattan college, Bob Zuppke departed tonight for Miami.

RED WINGS GET TWO GOALS WITH MATES OFF ICE

It's League Leaders' First Home Defeat.

New York, Dec. 20.—(AP)—The Detroit Red Wings, playing a brand of hockey as flashy as their all red uniforms, gave the league leading New York Rangers their third defeat of the season and their first on their home ice tonight, 4 to 1.

The Red Wings got the jump in the second period and kept increasing their lead by taking advantage of the breaks to get away from the Ranger attacks and score. Only a fluke goal enabled the Rangers to prolong their no shutout record to 69 games. The puck caromed into the net off Ebbie Goodfellow's stick.

Eddie Wiseman and Larry Aurie each scored while Detroit was a man short and Herb Lewis while a Ranger was off. Happy Emms got the other Red Wing goal and Bill Cook was credited with the Ranger tally.

Lineups:

RANGERS [1].		DETROIT [4].
Aitkenhead	G.	Roach
Seibert	R. D.	Evans
Johnson	L. D.	Buswell
Boucher	C.	Goodfellow
W. Cook	R. W.	Carson
F. Cook	L. W.	Emms

Spares—Ranger: Somers, Dillon, Murdoch, Keeling, Asmundson, Heller, Brennan. Detroit—Aurie, Wiseman, Lewis, Voss, Young, Gallagher, Hay, Sorrell.
Referees: Odie Cleghorn and Eusebe Daigneault.

FIRST PERIOD.
No score. Penalties—Seibert, Evans.

SECOND PERIOD.
Scoring—Emms [Gallagher] 7:10; W. Cook, 15:55; Wiseman [Young], 17:48. Penalties—Johnson 2 [one major], Young, Evans, Asmundson.

THIRD PERIOD.
Scoring—Aurie, 13:19; Lewis [Young-Wiseman], 18:28. Penalties—Evans, Johnson.

BOSTON, 2; OTTAWA, 1

Boston, Mass., Dec. 20.—(AP)—The Boston Bruins, who have been very short tempered of late, were in a peaceful mood tonight as they gained slight headway in the National Hockey league race by defeating the Ottawa Senators, 2-1, in the tamest game played at the Boston garden this season.

The scoring was spread over all of the periods, the Bruins tallying in the opening session when Obs Heximer, forced behind the Ottawa net on a solo rush, fought two rival defensemen for the puck, gained it and circled out to fire a high shot that struck Goalie Bill Beveridge on the back and bounced off into his cage.

Wallie Kilrea tied the score for the Senators in the second after taking a pass from Hib Milks, who stopped a rush in mid ice and beat the Boston forwards back to their zone. The Bruins' winning goal was started by Heximer. He passed to Art Chapman at the blue line and the puck was relayed to Joe Lamb, who fought off Allan Shields and Hal Starr before back handing into the Ottawa net.

The lineup:

BOSTON Bruins [2].		OTTAWA SENATORS [1].
Thompson	GO	AL. Beveridge
Owen	L. D.	Smith
Shore	R. D.	Shields
Stewart	C.	Weiland
Barry	L. W.	H. Kilrea
Clapper	R. W.	Finnigan

Spares: Boston—Beattie, Lamb, Burch, Heximer, Chapman, Oliver, Galbraith, Jerwa. Ottawa—Cox, Touhey, W. Kilrea, Bourgeault, Forslund, Howe, Starr, Milks.

FIRST PERIOD.
Scoring—Heximer [unassisted], 9:50. Penalty—Starr.

SECOND PERIOD.
Scoring—W. Kilrea [Milks], 13:02. Penalties—Bourgeault, Barry, Finnigan.

THIRD PERIOD.
Scoring—Lamb [Chapman and Heximer], 2:18. Penalties—W. Kilrea, Chapman.

TORONTO, 2; CANADIENS, 1

MONTREAL, Que., Dec. 20.—(AP)—Harvey Jackson's goal in the last minute of play enabled the Toronto Maple Leafs to win a hard fought game from Montreal's Canadiens tonight, 2 to 1, and increase their lead in the international division of the National Hockey league.

Ten minutes earlier in the period, King Clancy had tied the count at 1-1 and it looked like a drawn battle until Jackson scored on a solo dash. Larochelle scored for the Canadiens in the first period.

GOTTSELIG TO JOIN HAWKS

Maj. Frederic McLaughlin, owner of the Blackhawks, received a bit of cheering news yesterday when Dr. H. F. Meacham, club physician, pronounced Johnny Gottselig, the club's high scoring center man, ready to take his regular place on the Blackhawks' lineup. Gottselig in company with Manager William J. Tobin left immediately for Montreal, where the Hawks battle the Maroons tomorrow night.

The Blackhawks announced the outright disposal of Right Wing Jerry Lowrey to the St. Paul Greyhounds of the American association in a deal which involved the acquisition of Andrew Toth, a right winger playing his first season in pro hockey. Toth with a reputation gained for speed and aggressiveness in amateur hockey as a member of the Marquette university hockey team, is 22 years of age and weighs 150 pounds. He was sold to the Blackhawks for delivery at the close of the 1932-'33 season.

Mississippi Eleven Plays Marquette Next Fal

University, Miss., Dec. 20.—(AP)—The 1933 University of Mississippi football schedule, announced today, includes a game with Marquette at Milwaukee on the night of Oct. 13.

MICHIGAN SENDS TWO SKIERS TO TRIBUNE MEET

6 Days Left to Enter Riis Park Tournament.

While THE TRIBUNE'S annual ski meet, which will be held New Year's afternoon at Riis park, Fullerton and Meade avenues, ordinarily attracts most of the entries from Chicago and near by suburban towns, each year some of the better boys in northern Michigan and Wisconsin make the trip to try for the gold medal prizes which are offered in four age divisions. This third tournament is no exception.

The Berrien Springs Ski club, of Berrien, Mich., a member of the Central Amateur Ski association, is sending two of its youthful stars to compete against Chicago's best. Jack Dean will compete in the 15 and 16 year old class New Year's, and La Mar Alredd is entered in the 13 and 14 year old division. The entries were received yesterday from Richard Dean, secretary of the club.

Six Days Left to Enter.

Six days remain in which boys and girls may enter the tournament. No entries will be accepted after midnight Dec. 27. The decision to establish two age classes for girls was reached on Monday and, of course, the girls have not had equal chance to prepare for the meet. This is the first year that contests have been provided for the girls.

The competition for the girls is an experiment, so, for this year, only two age classes were created. All girls 15 years of age and under will compete in one group while those 16 years of age and over will be in the senior division. Sets of gold, silver, and bronze medals have been ordered as awards for each division. They are the same as the prizes which will be given in the four boys' classes.

Drew 30,000 Last Year.

Space will be roped off at the foot of the hill so that all contestants will have plenty of room. These ropes were necessary last year for 30,000 people jammed Riis park to see the tournament.

The numbers and names of the skiers will be broadcast over a loud speaker system as each boy and girl takes off from the top of the slide. Names of all contestants and their numbers will be printed in THE TRIBUNE on the morning of the tournament.

Lorenz Knits Bowl Closest Rivals Tonight

The league leading Lorenz Knitting team will engage the second place Baby Ruths tonight at 9 o'clock in the Classic Bowling league at the Gold Coast alleys. The Green Rivers, who have won their last six games, will roll Wass & Schroeder at the Harding alleys.

The schedule follows:

A. J. Cermake vs. Olive Can at Madison-Kedzie.
Edelweiss vs. S. & L. Motor at Chatham, 7854 Cottage Grove.
Lorenz Knitting vs. Baby Ruth at Gold Coast, 1213 North Clark.
Moulding-Brownell vs. De Berry at Kaads, 2112 Lawrence.
Wass & Schroeder vs. Green River at Harding, 2701 Milwaukee.

The standings:

	W.	L.	Pct.	H.G.	H.S.	Ave.
Lorenz Knit.	55	35	.611	1,185	3,309	1,014
Baby Ruths	52	38	.578	1,209	3,343	1,010
De Barry Ins.	50	40	.556	1,248	3,613	1,054
Wass & Sch'r	48	42	.533	1,162	3,330	1,011
Green River	44	46	.489	1,147	3,309	1,006
Mouldings	44	46	.489	1,178	3,275	995
Olive Can	44	46	.489	1,122	3,267	981
S. & L. Motor	41	49	.456	1,171	3,229	1,002
A. J. Cermake	40	50	.444	1,103	3,186	987
Edelweiss	32	58	.355	1,143	3,230	977

Individual averages:

	H.G.	Av.		H.G.	Av.

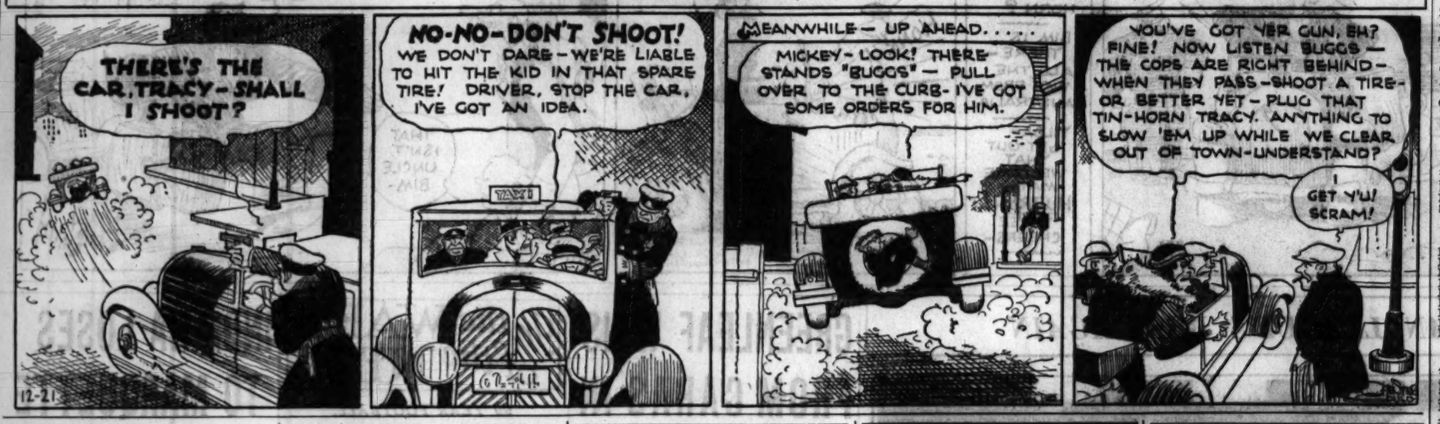
SMITTY—HAPPY DAYS ARE HERE AGAIN

DICK TRACY—Orders



Gilbert Wins 2 More; Now Leads by Six

New Orleans, La., Dec. 20.—[Special.]—Johnny Gilbert ran his string of winners to 198 by scoring a double at Jefferson Park today. He scored two hollow victories, winning the feature race by five lengths astride George Collin's Justina and the first race by eight lengths on Jack Biener. Since Hank Mills was unable to get any of his six mounts home in front, Gilbert had six more winners than Mills at the close of the day. With only ten days of racing remaining this year, Gilbert's advantage seems almost too great to be overcome. Mills got three of his mounts into second place, in the first, second and third races.

Takes Early Lead.

In the featured race Gilbert rushed Justina into a long early lead and drew away toward the end, while Frank Seremba's Anne L., in second place, was three lengths in front of the Colgate stable's Petabit. Hank Mills had the mount on the favorite, E. R. Bradley's By Gracious, which finished fourth.

By Gracious attempted to stay with Justina in the early stages of the six furlong race, which was restricted to fillies and mares. The Bradley racer appeared the one to challenge, but after a short distance she dropped back. Mills tried to stir her up for a stretch sprint, but she refused to respond.

After By Gracious dropped back, Petabit and Anne L. raced almost neck and neck in second place, several lengths behind Justina. In the stretch Petabit tired and fell behind Anne L., while Anne L. drew away to clinch second place.

Justine Pays $10.20.

After the first four, Kybo, Polly's Folly, Miss Peggy, and Betty Ann finished in that order. None of them was prominent in the running.

Justina returned $10.20 for $2 to win, $4 place, and $2.80 show. She raced the six furlongs in 1:15 2-5 over a heavy, holding track.

Gilbert's victory in the first race with Jack Biener, the aged son of Dominant and Fresnay, was as easy as that in the feature. The winner was easily the class of the field in the going and he drew away after the break, was rated along in front for six furlongs and then won as his rider wished. Hank Mills was second with the Sycamore stable's Penn, and The Bard was third.

The race was at a mile and a sixteenth, with Jack Biener paying $5 after being made favorite in the field of twelve.

Pete Sanstol Beats Schwartz in 8 Rounds

Washington, D. C., Dec. 20.—(AP)—Pete Sanstol, appearing as Norwegian bantamweight champion, won an eight round decision tonight over Benny Schwartz of Baltimore.

JEFFERSON PARK RESULTS.

FIRST RACE—Purse $400, claiming. 3 year olds and up. 1 1-16 miles:
Jack Biener, 114 (Gilbert) 5.00 3.00 2.40
Penn, 116 (Mills) 4.80 3.00
The Bard, 110 (Moran) 3.20
Time, 1:52. Sunny Bob, Yarrow, *Colonel K., Our Sis, Alto, Bill Seth, *Mathew, Singing Kid, and *Louisville ran. *Field.

SECOND RACE—Purse $400, claiming. 2 year olds. 6 furlongs:
Bonnie Cap, 107 (Lewis) 8.00 3.20 2.60

Time, 1:58 2-5. Pacheco, Vagabond, Broad Axe, Trieze, Ronald Grey ran.

SEVENTH RACE—Purse $400, claiming. 3 year olds and up. 1 1-16 miles:
Hal Riley, 109 (Parke) 6.80 4.00 2.60
Reiso, 109 (Chinn) 13.20 5.60
Koskiy, 114 (Hooper) 3.60
Time, 1:53 1-5. Daddy Nelson, Jr. O'Neil, *Balance, Alt. Cupidity, Northern Water, Captain Judy, *Viola Stinson, More Power, *Fair Margery ran. *Field.

Notre Dame, N. U. Pass Test on New Rules

BY WILFRID SMITH.

The Notre Dame-Northwestern basketball game Monday night provided the best opportunity of the season to test the new rules. This statement, perhaps, isn't entirely correct as far as the three second rule for control of the ball within the free throw lane is concerned. Teams have learned to time the pivot line play and it hasn't been violated more than once in any game we have seen this year.

Notre Dame lost the ball once against Northwestern when Ed Krause held it for three seconds as he stood with his back to his goal and within the lane. Neither Reiff nor Johnson of Northwestern violated the rule.

Prove 10 Second Rule.

The 10 second rule, however, proved its value for the first time. When quintets are of unequal strength there is no necessity for forcing the attack to bring the ball past the middle of the court in ten seconds. But where the score is close in the closing minutes the new rule cuts in half the territory in which the team that is ahead may stall or seek to retain possession.

Reiff's field goal with five minutes left in the second half put Northwestern in front, 25 to 23, but the Wildcats didn't have a chance to protect that advantage. Notre Dame took the ball at the next tip off and never relinquished it until the tieing field goal was made by Krause. Then Notre Dame went ahead by one point when Krause made good on a penalty shot after he was fouled by Elmer Johnson.

Before the application of the 10 second rule Notre Dame undoubtedly would have kept the ball in the back court and forced Northwestern's defense to cover man to man. Under the 10 second rule Notre Dame had to cross the center line. The Irish guards, particularly Johnny Baldwin, set up a clever passing game near the center line and finally Leo Crowe passed to Krause for another goal.

Leads Court Rivalries.

This annual series between Notre Dame and Northwestern has developed into one of the best rivalries in the central states. Year in and year out the teams stage a slam bang battle which keeps the crowd in an uproar. This series has an advantage over rivalry in the Big Ten, for it's played every season. By the rotating conference schedule, a Big Ten team plays only six of the nine rival universities. Thus two rivals such as Indiana and Purdue do not meet when the rotating schedule intervenes.

Northwestern, instead of feeling discouraged by its 28 to 25 defeat by Notre Dame, should have the opposite reaction. Coach Dutch Lonborg has two inexperienced guards to bring the ball down to his forward trio—Reiff, Johnson, and Brewer. Moonshower and Culver, after they settled down, gave a fine exhibition for first year men.

Krause Notre Dame's Best.

Notre Dame's strength, of course, centers on the extraordinarily fine play of Krause and Joe Vogele near the basket. Notre Dame now has run up a string of 19 consecutive victories. Apparently Coach George Keogan expects Jordan, Crowe, Baldwin, and McGuff to feed the ball to his two big players. McGuff, a former St. Mel's player, started against Northwestern because Baldwin had only recently recovered from a severe cold. Baldwin, however, was sent into action in the last five minutes.

Notre Dame charges 40 cents general admission for its home games. The depression price not only gives the fans a break, but it is low enough to escape the federal tax of 10 per cent which is applied to all admissions over 40 cents.

JEFFERSON PARK ODDS AND JOCKEYS

[Weather cloudy; track slow.]

FIRST RACE—Claiming, 2 years olds, 6 furlongs:

Walter Jr.	17	107	No boy	30-1
Drombo	11	107	J. Gilbert	2-1
Well Shod	6	107	A. And'son	10-1
Nomin	4	104	No boy	8-1
Doris B.	10	104	J. McCoy	5-1
Black Flash	1	107	W. Gover	6-1
Col. Cloister	20	107	No boy	8-1
Absolution	15	110	W. Moran	10-1
Squak	3	107	L. Hardy	10-1
Joe Macaw	8	107	J. Cowley	15-1
Sunny Sideup	18	107	H. Mills	15-1
Bell Cap	2	107	No boy	20-1
Easter Parade	5	107	G. Arnold	30-1
Blithedale	7	104	C. Hanauer	30-1
Ben Bernie	9	110	H. Tinker	30-1
Doramelia	12	104	J. Neel	30-1
Active American	13	107	R. Monts'y	30-1
Mr Wise	16	107	R. Finnerty	30-1
Miss Alden	22	104	No boy	30-1
Baggataway	21	113	E. T. Moore	30-1
Wars End	14	107	T.P. Martin	30-1
Harold Jr.	19	111	C. Hooper	10-1

SECOND RACE—Claiming, 3 years old and up, 6 furlongs:

Silver Man	3	117	J. Gilbert	5-2
Vonnie	19	112	D. Fowler	6-1
Alamar	12	109	D. Broic	12-1
Dedicate	4	117	T. P. Martin	6-1
The Spaniard	15	112	No boy	4-1
Deima Dunn	10	109	A. Beck	8-1
Surly	11	109	A. Sauter	4-1
Thelma L.	17	109	No boy	10-1
Tempe d'Amour	14	112	D. Dickson	10-1
King Cherokee	22	117	No boy	15-1
Blighter	5	112	No boy	15-1
Ad Remmcon	9	112	W. Gover	10-1
Jargon	13	109	G. South	15-1
Wega	1	109	H. Gazur	20-1
Keeping Time	2	117	No boy	20-1
Nat Weiss	7	107	No boy	20-1
Normahal	16	114	No boy	20-1
Overbrook	20	117	No boy	20-1
Balzar	6	117	M. Calvert	30-1
Santa Sophia	8	100	L. Cantrell	30-1
Transmit	18	104	No boy	30-1
Nisto	21	114	No boy	30-1

THIRD RACE—Claiming, 2 year olds, 1 mile and 70 yards:

Volwood	16	114	J. Gilbert	5-1
Parade Rest	10	112	J. Crowley	8-1
Red Fellow	11	109	No boy	12-1
Sergeant Hill	13	109	M. Lewis	10-1
Ottie M.	19	111	J. McCoy	5-1
Sizzling	20	111	L. Hardy	3-1
Palatine	7	112	H. Tinker	6-1
Baigneuse	8	108	R. Finnerty	10-1
Catino	21	114	D. Lyons	8-1
Pennalnk	4	107	No boy	10-1
Next Call	15	109	W. Moran	15-1
Serving Lad	5	109	No boy	15-1
Upon	9	107	A. Richard	20-1
Madame B. C.	1	104	J. Dupuy	20-1
Dixie	2	107	No boy	20-1
Kentucky Moon	6	107	O. Fowler	30-1
Ulmer	8	107	E. Buck	30-1
Prince Canbar	12	107	No boy	30-1
Axehead	14	109	T. May	30-1
Blume	17	107	No boy	30-1
Old Field	18	111	J. McLaren	30-1
Infinette	22	104	R. Marshio	30-1

FOURTH RACE—Claiming, all ages, 1 mile and 70 yards:

Sandwack	7	109	W. Moran	4-1
Starboard Light	4	110	H. Bracken	5-2
Blue Law	6	117	H. Mills	3-1
Dr. Syntax	3	110	T. Vercher	8-1
El Puma	8	106	M. Calvert	5-1
Try It	9	109	M. Parke	10-1
Wrackell	5	112	J. O'Malley	10-1
Thistle Fyrn	1	102	No boy	15-1

FIFTH RACE—Handicap, all ages, 6 furlongs:

Gold Step	3	110	T. W. Shaw	8-5
Rip Van Winkle	4	111	L. Hardy	5-2
Protractor	5	105	H. Mills	4-1
Hillsborough	2	114	W. Moran	8-1
Pigeon Hole	6	109	No boy	10-1
Hoops	1	103	H. Tinker	15-1
Chief John	7	109	No boy	10-1
Modesto	8	97	F. C. Smith	30-1

SIXTH RACE—Claiming, 3 year olds and up, 6 furlongs:

Making Bubbles	1	108	A. Beck	7-5
Burgoo	7	114	H. Mills	4-1
Zekiel	4	111	H. West	5-2
Prometheus	8	115	J. O'Malley	6-1
Morsun	6	114	W. Morgan	8-1
Forget Not	9	109	M. Parke	10-1
Home Work	3	112	No boy	15-1
All Upset	9	106	B. Marshio	20-1
Strespop	2	108	No boy	30-1

SEVENTH RACE—Claiming, 3 year olds and up, 1¼ miles:

Ed Reese	7	107	L. Hend'cks	3-1
Make Believe	6	108	D. McAuliffe	8-1
Vole	16	108	T.P. Martin	10-1
Southland Lad	1	103	No boy	3-1
Vonair	22	104	D. Fowler	15-1
Duchess of York	2	100	A. Gaither	12-1
Last Attempt	8	99	H. Chinn	6-1
Aerial Trumpet	15	101	J. McCoy	10-1
Winnie Jo	11	103	D. Cox	10-1
Dick Porter	18	103	D. Dickson	15-1
Garrick	21	108	H. Mills	15-1
Drastic Celt	4	103	No boy	15-1
Santerno	14	104	No boy	15-1
Pomfret	13	108	J. Crowley	20-1
Uncle Si	3	108	R. Klein	30-1
Lucky China	5	98	No boy	30-1
Mad Play	9	108	No boy	30-1
Blue Damsel	10	96	B. Marshio	30-1
Junior C.	12	108	No boy	30-1
Majestien	17	101	No boy	30-1
James M.	19	108	No boy	30-1
Uncle Charley	20	108	No boy	30-1

EIGHTH RACE—Claiming, 3 year olds and up, 6 furlongs: (Substitute).

Zone	17	117	J. Gilbert	3-1
Ada Edmard	16	114	No boy	4-1
Infinitus	5	112	H. Bracken	15-1
Chipola	13	112	J. McCoy	8-1
Logwood	1	112	H. West	6-1
Harry Hiecver	14	117	No boy	4-1
Mursauff	4	112	J. Malvan	10-1
Amour	10	114	No boy	10-1
Miss N. Conlau	20	104	J. Dupuy	15-1
Gideon	3	117	J. O'Malley	15-1
Mr. Vestris	10	117	T. May	15-1
Morrell	22	112	No boy	20-1
Butch	11	112	D. Frograte	20-1
Round Up	7	112	No boy	20-1
Gold Mint	15	109	No boy	30-1
Miss Perfection	2	117	No boy	30-1
Wolverine	3	104	No boy	30-1
Flag Catcher	6	112	No boy	30-1
Atlas	12	109	J. Neel	30-1
Beggar Lady	17	114	R. Cooper	30-1
Agnes Sorel	18	112	No boy	30-1

TODAY'S SELECTIONS

JEFFERSON PARK.

FIRST—Walter Jr., Drombo, Well Shod.
SECOND—Silverman, Vonnie, Alamar.
THIRD—Volwood, Parade Rest, Red Fellow.
FOURTH—Sandwrack, Starboard Light, Blue Law.
FIFTH—GOLD STEP, Rip Van Winkle, Protractor.
SIXTH—Making Bubbles, Burgoo, Zekiel.
SEVENTH—Ed Reese, Make Believe, Vole.
EIGHTH—Zone, Ada Edmard, Infinitus.

MOUNT CARMEL ELEVEN BANQUET GUESTS TONIGHT

Mount Carmel High school's football team, champion of the Chicago Catholic High school league for two consecutive years, will be honored at a banquet tomorrow night at the Midland club, 172 West Adams street. Letters will be awarded and a captain elected for the 1933 season.

Mount Carmel won nine straight games in capturing the 1932 title.

Stadium Seeks Carnera and Baer for January Show

Primo Carnera, giant Italian boxer, and Max Baer, California heavyweight contender, may headline a show at the Chicago Stadium on Jan. 13. Matchmaker Nate Lewis announced last night that the bout would be held if Ancil Hoffman, manager of Baer, and Joe Jacobs, who handles Max Schmeling, are unable to come to terms on a match in New York.

The Schmeling-Baer bout would be held in June and, if it is arranged, the papers would demand that Baer have no prior dates with first rank opponents, according to Lewis.

Fidel La Barba, who appears in a 10 round nontitle match with Tommy Paul, N. B. A. featherweight champion, at the Chicago Stadium on Dec. 29, will arrive tomorrow afternoon by airplane from New York.

The Stadium has invited all the principals in the show to a Christmas dinner at a loop hotel Sunday. Paul and Georgie Nichols, who faces Martin Levandowski, also are due tomorrow.

Art Laskey, Minneapolis, Minn., heavyweight, yesterday turned down an offer to meet Izzy Gastanaga in a supporting match. Gustanaga may box Patsy Pirrone of Cleveland, O.

The contest between Maxie Rosenbloom and Billy Jones yesterday took on more importance than the Nichols-Levandowski match. The National Boxing association, which dethroned Nichols as light heavyweight titleholder recently, has announced that Mickey Walker, Jones, Rosenbloom, Bob Godwin and Joe Knight are the outstanding contenders in the 175 pound class.

Despite dwindling gate receipts, boxing and wrestling in Illinois just missed becoming a three-quarters of a million industry in 1932.

Up to Dec. 1, the sport drew total gate receipts of $697,870.24, with a total attendance, including amateur boxing, of 542,081. This was revealed last night in the annual statement of Gen. John V. Clinnin, chairman of the Illinois state athletic commission. The state derived a revenue through the ten per cent provision of the boxing law of $72,302.10.

General business conditions affected the attendance at both amateur and professional boxing contests, Gen. Clinnin's report pointed out, but there was a tremendous gain in favor of amateur boxing. There were 669 amateur shows and 125 professional.

The tremendous interest in amateur boxing crystallized in the three great amateur contests, the Golden Gloves, the international Golden Glove tournament, and the Catholic Youth organization tournament.

A boxing show will be presented by the Odd Fellows Service bureau of Cook county at the Rainbo Fronton on Dec. 29. Joseph Ansorg is general chairman of the Odd Fellows bureau. Other officers are A. R. Harris, divisional chairman; Gus Kohorn, Edward Dombey, and Hans Clausen. Proceeds of the show will go to the needy members of the organization.

The Coliseum Athletic club last night canceled its date of Jan. 6. The club, which offered its first show last Friday, plans to present a card on Jan. 20.

Steve Trojack and Laurie Peppin, Winnipeg, Man., boxers, are en route to Chicago from Denver, Colo.

C.Y.O. Champs Start Drill Next Tuesday

C. Y. O. boxing champions of Chicago who meet the champions of the Los Angeles and San Francisco dioceses at the Chicago stadium Jan. 6, will enter training next Tuesday.

"We will not interfere with the boys' Christmas, otherwise we would have them in training now," said Bishop B. J. Shiel, chairman of the C. Y. O. board. "For the most part they are in fine shape and it will not be much of a task for them to get back into top notch fighting form. They will report at training quarters at the C. Y. O. Athletic center the Tuesday after Christmas and will be under the constant supervision of trainers until the evening of the fight."

Packey McFarland, former lightweight boxer, now boxing director of the C. Y. O., will have direct charge of the training.

In addition to the intercity bouts in each of the eight weight divisions, McFarland announced that the finals of the junior C. Y. O. tournament, now under way, also will be held Jan. 6. They will form the preliminary card. Semi-finals in the junior windup will be held tonight at the C. Y. O. gym, 31 East Congress.

Business Manager W. J. Campbell announced yesterday that there would be a downward revision in the prices for the Jan. 6 show.

PRINCE SAUNDERS WINS BOUT FROM YOUNG TERRY

Prince Saunders, colored lightweight, pounded out a six round victory over Young Terry of Davenport, Ia., last night in the main bout of Promoter Sammy Wolff's boxing show at 116 West Madison street.

In the semi-windup Danny Neenan, former Golden Gloves boxer, went six rounds to a draw with Leo Ranerl. They are lightweights. Results of other bouts follow:

Davy Day beat Lou Vines [6].
Freddie Dolph beat Buddy Kerr [4].
Johnny Long beat Ham Jenkins [4].
Walter Statkus stoped Ernie Hedquist [3].

Stuhldreher to Remain as Coach at Villanova

Philadelphia, Pa., Dec. 20.—[Special.]—Harry Studldreher, one of Notre Dame's Four Horsemen, will continue as coach of football at Villanova college, the Rev. John H. Crawford, O. S. A., announced today. Stuhldreher also was appointed professor of physical education.

"Future Villanova football games will be confined to teams in the territory bounded by Boston, Pittsburgh, and Washington, D. C.," the Rev. Crawford said. However, Villanova will meet South Carolina next season, a home and home agreement having been signed last year.

CRANE DEFEATS HARRISON, 34-25, FOR 2D VICTORY

Crane Tech's heavyweight basketball team scored its second west section victory in the Chicago Public High School league yesterday by defeating Harrison, 34 to 25, at Harrison. Levinsky led Tech with four baskets and nine free throws. It was Harrison's second straight league defeat.

Marshall achieved its first victory in another west division game, winning from Austin, 30 to 22. Marshall and Austin now are tied for second place in the sectional standings with one victory and one defeat each. Crane Tech and Tuley are tied for first with two straight triumphs.

Roosevelt, Lake View and Lane Tech were the victors in north section lightweight games. Roosevelt won from Schurz, 27 to 16, at Schurz; Lake View handed Waller's its first defeat, 25 to 14, at Lake View, and Lane Tech won from Senn, 30 to 23, at Lane Tech.

A last half attack enabled Tilden Tech's heavyweights to defeat Englewood, 39 to 36, at Tilden in a central division contest. Byrne was Tilden's high scorer with six baskets.

YANKEES VOTED OUTSTANDING 1932 SPORT TEAM

Experts Choose Colgate's Eleven Second.

New York, Dec. 20.—(AP)—The achievement of the New York Yankees in upsetting the Athletics, capturing the American league pennant in what Babe Ruth described as "a breeze," and then bowling over the Chicago Cubs in four straight world series games is the outstanding accomplishment by any team in any sport for 1932, in the belief of the nation's sports experts.

The Yankees received exactly 100 out of 202 votes cast in the second annual poll of sports writers and editors, conducted by the Associated Press.

Colgate Ranked Second.

Outclassed in this voting, Colgate's unscored on football team finished second with 23 votes and enjoyed greater popularity than any other college gridiron outfit for the year. Southern California's football team occupied third place in the final tabulation with 28 votes, just enough to put the Trojans ahead of the United States Olympic track and field team, which received 26 votes.

The votes for the Yankees started rolling in early and they were still running strong at the finish. The experts left no doubt of their conviction that they considered the showing of Babe Ruth and company, over a six months' period of competition, entitled to greater recognition than the nine or ten game winning burst of a football aggregation of the short term accomplishments of any other combination of athletic talent.

Bears' Crew Sixth.

One of the surprises was the failure of the ballots to rank California's mighty unbeaten crew better than sixth, with only 15 votes. This boatload, from April to the middle of August, swept the waters on both sides of the country. The Golden Bears met and vanquished the world's best eight oared crews at distances of 2,000 meters to four miles in duplicating the achievement of the 1928 Californians. Taking all factors into consideration their performance, in the opinion of many, entitled them to rank closer to the Yankees than any other outfit.

Not even their downfall in the last month of the season kept the Green Bay Packers, professional football team, from polling 19 votes, enough to give them fifth place. Evidently their fine record over the period of years was influential. The Portsmouth Spartans, one of the teams that beat the Packers, received three votes, but the Chicago Bears, new champions of the National league, failed to get a single ballot.

Walker Cup Team Ranked.

In other sports the United States Walker cup golf team, the French Davis cup team, and Japanese Olympic swimming team were voted the outstanding combinations.

Results of the poll on outstanding teams of 1932:

New York Yankees, world baseball champions, 100.

Colgate's football team [perfect record], 83.

Southern California [football], 28.

U. S. Olympic track and field team, 26.

Green Bay Packers [pro football], 19.

University of California [varsity crew], 15.

U. S. Olympic team [all sports], 11.

U. S. Walker cup golf team, 11.

Pittsburgh [football], 8.

Michigan [football], 7.

Notre Dame [football], 7.

Japanese Olympic swimming team, 7.

Wichita Benrys [basketball], 5.

French Davis cup team [tennis], 5.

Portsmouth Spartans [professional football], 3.

Southern California [track], 3.

Purdue [basketball], 2.

One vote each was cast for the following:

Purdue, football; U. S. Olympic sprinters; U. S. amateur boxers versus Germany at Chicago; Texas Christian football; Kansas, basketball; Toronto, professional hockey; Manhattan college, cross country; U. S. Olympic skaters; U. S. polo team versus Argentina; Virginia, boxing; India, field hockey; Tennessee, football.

PITT ELEVEN HALTS FOR DRILL ON DALLAS GRID

Dallas, Tex., Dec. 20.—[Special.]—The undefeated Panthers of the University of Pittsburgh continued their trip westward, where on Jan. 2 they meet Southern California in the annual Tournament of Roses game at Pasadena, Cal. The squad stopped here early this morning and left tonight for Tucson, Ariz., where it will practice for ten days before going to Pasadena.

Jock Sutherland, Panther coach, sent the squad through a short drill at Southern Methodist university field immediately after their arrival. They rested this afternoon and then boarded a train for Tucson. The team will arrive in Tucson tomorrow.

U. S. C. PRACTICES SECRETLY.

[Chicago Tribune Press Service.]

Los Angeles, Cal., Dec. 20.—The unbeaten and untied Southern California football team continued practice for its game with Pittsburgh behind locked gates today. The style of play which the Trojans will use against the Panthers in the Tournament of Roses game on Jan. 2 is not known.

Coach Howard Jones again said he had his squad work on their own plays inasmuch as the Pittsburgh team was not scouted. However, it was learned that Capt. Tay Brown answered practice after visiting a suburban theater and watching the news reels of Pittsburgh games.

CHINSKI, TERRY FIGHT TO DRAW IN FIVE ROUNDS

Eddie Chinski, Kankakee welterweight and Johnny Terry of Portsmouth, O., battled to a five round draw last night in the windup of Johnny Coulon's professional show at the Midway arena, 6115 Cottage Grove avenue.

Chinski took a beating in the first three rounds, but rallied to earn a draw. Artie Mitchell, south side featherweight, decisively defeated Jimmy Lamberson in the four round semi-windup.

Rudy Kay defeated Al Woznecka in a fifteen minute wrestling bout. Other results follow:

Johnny Fitzpatrick beat Georgie Stokes, 4.
Joe Walcott beat Johnny Ross, 4.
Steve Zeno beat Bobby Vernon, 4.
Jackie Parker beat Jack O'Brien, 4.

MOON MULLINS—THE WORST IS YET TO COME

Pitching Records for 1932 American League Season

Schroeder Is Victor in Two Match Races

Table of Points

Denemark A. C.	180	Kelly S. C.	30
Northwest	100	Illinois	30
Olympic	80	Amphion	10
Unattached	50		

Eddie Schroeder, who helped the United States Olympic team sweep to victory at Lake Placid, N. Y., last winter, proved his superiority over Eddie Murphy and Oneil Farrell, his city rivals, at the Stadium last night as the Chicago ice racing season opened. The races atracted 5,000.

Schroeder, who will leave next Monday for Oslo, Norway, to compete in the world's championship races, won the 1,500 and 2,500 meters events while Farrell took the 500 meter race after Murphy had crashed into the wall boards.

With Murphy eliminated from the short race Farrell and Schroeder engaged in a thrilling sprint around the sharp corners of the rink. A spurt in the final yards gave Farrell victory with Schroeder at his heels.

Protest Brings Match.

These exhibition match races, held in conjunction with the inaugural racing meet of the season, were arranged when Farrell and Murphy protested Schroeder's selection on the United States team which will participate in the world meet in Norway. Frank Kalteux, president of the Amateur Skating union of the United States, will accompany Schroeder.

A world's indoor record for women was created when Helen Bina, national outdoor champion, who captained the American Olympic team last February, raced the 1,000 meters for the first time. Her time was 1:58 and officials declared it was remarkable time for the event.

Also Wins Class A Race.

Miss Bina, 20 year old member of the Olympic club, also won the class A event for women. She covered the 440 yards in :46. Priscilla Richey of the Denemark Athletic club, finished second. Summaries:

OLYMPIC EVENTS.

1500 METERS—Won by Eddie Schroeder; Oneil Farrell, second; Eddie Murphy third. Time, 2:59.

500 METERS—Won by Oneil Farrell; Eddie Schroeder, second. Time, :54 4-5.

2500 METERS—Won by Eddie Schroeder; Eddie Murphy, second; Oneil Farrell, third. Time, 5:00:9.

MEN'S EVENTS.

440 YARDS, CLASS A—Won by Harry Kasky unattached; Connie Ewerts, Northwest Skating club, second; Bill Minster, unattached, third. Time, :40 2-5.

880 YARDS, CLASS AA—Won by Eddie Gathman, Denemark club; John Serro, Northwest Skating club, second; Frank Arnesen, Denemark club, third. Time, 1:27 1-5.

880 YARDS, CLASS C—Won by Wallace Fee, Northwest Skating club; Stanley Thompson, University of Illinois, second; D. Conway, Denemark club, third. Time, 1:36 4-5.

880 YARDS, CLASS B—Won by R. Harrington, Denemark club; Honey Flickinger, Olympic club, second; T. Anderson, Denemark club, third. Time, 1:24.

880 YARDS, INTERMEDIATE—Won by Leo Feissinger, Denemark club; Victor Roncketti, Northwest Skating club, second; D. Zbikowski, Amphion Athletic club, third. Time, 1:28 1-5.

ONE MILE, CLASS A—Won by Eddie Stundl, Olympic club; Harry Gasky, unattached, second; John Bretz, University of Illinois, third. Time, 2:59.

WOMEN'S EVENTS.

880 YARDS, CLASS B—Won by Elsie Von Reisingerberg, Kelly Skat club; Mabel Swanson, Denemark club, second; Irene Christensen, Denemark club third. Time, 1:48 3-5.

440 YARDS, CLASS A—Won by Helen Bina, Olympic club; Priscilla Richey, Denemark club, second; Eleanor Thiel, Denemark club, third. Time, :46.

[Chicago Tribune Press Service.]

New York, Dec. 20.—Sharp reaction among speculative railroad issues featured today's bond market. The carrier group was distinctly unsettled by the receivership of the Georgia Central road.

A break of more than 6 points ocurred in Central of Georgia consolidated 5s due 1945, and there was a complementary recession extending to more than 4 points in bonds of Illinois Central, owner of virtually all of Georgia Central's common stock.

Declines elsewhere in the railroad list were less serious, but the trend was generally downward. Because of the continued low level of rail earnings, maturities of about $300,000,000 next year, and the reluctance of the Reconstruction Finance corporation to let down the gate of government credit, Wall street is prepared to hear of other receiverships during 1933.

Rail Issues Lower.

Railroad bonds were lower in such instances as Baltimore 4½s of 1960, Cleveland Union Terminal 4½s, Erie refunding 5s, Soo Line consolidated 5s due 1933, New York Central convertible debenture 6s due 1935, Southern Pacific 4½s due 1968, Southern railway consolidated 5s and others.

United States government bonds continued a pillar of strength in the government security markets. Increasing demand for long term treasury bonds, coming principally from institutions, was viewed with interest as increasing the likelihood of long term treasury bond issues over the next few months.

Demand for United States government bonds boosted prices by about ⅛ of a point in both intermediate maturities and longer term issues. Some selling of Liberty bonds in order to get better yields on long term treasuries was reported.

General Tone Good.

While there were few sizable advances in high grade corporation bonds, the general tone was good and dealers reported that it is impossible to buy large blocks without a sharp bidding up of prices.

German government, corporation, and municipal bonds generally were firm, with many issues making new tops for 1932. Many other European bonds worked higher.

INVESTORS' GUIDE

Inquiries must bear the signature and address of writer. Answers of public interest will be published; those not of general interest will be mailed if stamped, self-addressed envelope is inclosed. Address letters to Investors' Guide. Answers are based upon information which The Tribune believes correct, but beyond care in securing it The Tribune assumes no responsibility.

McKeesport Tin Plate.

I would be pleased to receive your latest report on McKeesport Tin Plate company.—Miss N. J. I.

McKeesport Tin Plate company is engaged directly only in the manufacture of tin plate. A subsidiary, Metal Package corporation, manufactures cans and other containers. McKeesport's output is used mainly for the making of cans and lithographic work. About one-fourth is purchased by its subsidiary. Most of the remainder is sold to several large oil companies and to food manufacturers.

Both prices and production of tin plate are more stable than those of other products of the steel industry. In 1931 prices of tin and of sheet bar declined more sharply than those of tin plate. In 1932 tin and sheet our prices showed firmer tendencies, while those of tin plate continued to sag.

Net sales for the first half of 1932 were $5,045,000, and net income was $668,000, or $2.23 per share. For the first half of 1931 net income was $1,271,000, or $4.24 per share. Net sales for 1931 were $12,777,000, against $16,185,000 for 1930, $16,589,000 for 1929, and $15,220,000 for 1928. Operating economies and increased earnings of Metal Package improved the operating ratio in 1931. Net income was $1,952,000, or $6.51 per share, against net of $2,504,000, or $8.34 per share, against $1,588,000 for 1928.

On Dec. 31, 1932, current assets [Metal Package corporation holdings not consolidated] were $4,861,000, and current liabilities were $688,000. Working capital was $4,174,000, against $4,004,000 the year before.

Capitalization consists solely of 300,939 shares of no par common stock. The stock has paid regular dividends of $1 a quarter since 1928. Extras in 1931 and in 1930 totaled $4.50 per share. The stock deserves a fairly good rating.

Community Water Service.

Please furnish me with your latest report on Community Water Service 6 per cent debentures.—T. A.

Community Water Service company, through subsidiaries, supplies water to 195,000 consumers in 110 communities in eleven states. It also supplies gas to Greenwich, Conn.

Charges were earned 1.08 times in the twelve months ended June 30, 1932, against 1.20 times in the preceding twelve months. Charges were covered 1.10 times in 1931, 1.19 times in 1930, and 1.18 times in 1929.

On June 30, 1932, current assets were $3,060,000, and current liabilities were $1,871,000. Funded debt of the parent company was $6,820,000. Subsidiary funded debt was $40,332,000, and subsidiary preferred stock was $10,355,000.

The 5½ and 6 per cent debentures, due 1946, are speculative.

WEDNESDAY, DECEMBER 21, 1932. ** 27

$800,000 LOAN SPLITS BOARD OF INSURANCE FIRM

Judge Quits Missouri State Life.

Louisville, Ky., Dec. 20.—[Special.]—Judge Charles I. Dawson today resigned from the board of directors of the Missouri State Life Insurance company as a protest against the action of officials of that company Dec. 16 in guaranteeing an $800,000 loan to Insurance Equities corporation.

JUDGE CHARLES I. DAWSON.

Insurance Equities, headed by Julius H. Barnes, Buffalo grain man and former president of the United States Chamber of Commerce, and Frank Cohen of New York, through a recent deal bought control of Kentucky Home Life.

Kentucky Home Life in turn virtually controls Missouri State Life through ownership of 29 per cent of its outstanding stock.

Refuse to Rescind Loan.

Judge Dawson's resignation was tendered today after officials of Missouri State Life had refused to heed the demand of J. Dan Talbott, Kentucky state auditor, that Missouri State Life rescind its commitment on the loan to Insurance Equities. Talbott, however, expressed confidence that the loan would not be completed.

Insurance Equities several days ago negotiated for the $800,000 loan from two banks, one in St. Louis and one in New York, offering Kentucky Home Life stock as collateral.

At a meeting Friday directors of Missouri State Life voted to guarantee the loan.

As soon as he had learned of the action Talbott demanded the resignation of every Missouri State Life director and officer involved in the action.

The commitment on the loan was declared by Talbott to be in violation of "insurance decency" and "incorrect in principle, reprehensible and indefensible."

Two Directors Protest.

Judge Dawson and Ernest Woodward, Missouri State directors, who were not present at the meeting, protested against the action and demanded that the board be reconvened for the purpose of rescinding it.

W. T. Nardin, president of Missouri State Life, refused to call a special meeting, according to Auditor Talbott.

Reports from the east concerning the situation "need not cause alarm," Talbott declared in a statement issued late Tuesday.

Through their Kentucky Home Life holdings in Missouri State Life Barnes and Cohen have attempted to control the latter company, according to Talbott.

Recently a voting trust for Missouri State stock was established without the agreement of Talbott.

Original Firm Failed.

Kentucky Home Life is the successor to Inter-Southern Life, which recently went through receivership. Because of its holdings of stock in Missouri State Life the Kentucky Home Life, like its predecessor, Inter-Southern Life, has been the battle ground between factions seeking control of the big Missouri State Life, which has more than a billion dollars of insurance in force.

Rogers Caldwell, meteoric Kentucky financier, lost Inter-Southern when his house of cards collapsed. Control of the company was enjoyed for a time by M. J. Dorsey of Hammond, Ind., and Chicago.

After the reorganization Barnes, Cohen, and a Philadelphian named Greenfield arranged to buy Kentucky Home Life. Recently Barnes and Cohen, through Insurance Equities corporation, have sought to buy Greenfield's interest. It is reported that the $800,000 loan to Insurance Equities by Missouri State Life was to facilitate this arrangement.

Action to determine the next step in the battle is expected to be taken at a meeting of Kentucky Home Life board of directors scheduled for tomorrow. Judge Dawson is chairman of this board.

Missouri State Life last July borrowed $850,000 from the Reconstruction Finance corporation.

PRESIDENT TELLS STORY

St. Louis, Mo., Dec. 20.—(AP)—W. T. Nardin, president of the Missouri State Life Insurance company, said today the guarantee by his company of an $800,000 loan by St. Louis banks to the Insurance Equities corporation, had the approval of four members of the executive board of his company.

"No one of them," he said, "had or has had one dollar of interest in the company to which the loan was made.

"One member of our executive committee objected to the arrangement. He and one other member of the board, both of whom are associated with the same company, voted against approval of the loan and threatened to file an injunction suit.

"At the same hour when these two gentlemen were presenting their objections to the board, an attorney who came to St. Louis with them, representing the company with which they were connected, was offering to withhold the threatened suit, suppress any publicity and cooperate in the operations of the company, if the insurance equities would pay to his clients the sum of approximately $40,000, and agree to see that the representatives of that company were continued on the board of the Missouri State Life and that they have preferred position in handling Missouri State Life investments.

"The name and significance which should be given to that state of facts are, I think, obvious."

Seek Stricter State Control of Insurance

BY HOWARD WOOD.

Revelations made in the case of the Illinois Life Insurance company are expected to lead to more definite legislative attempts to clean up the insurance situation in Illinois, according to a number of insurance authorities.

They point out that six of the ten important life insurance companies to go into receivership during the last year have been Illinois companies. Of the remaining four three were connected with an Illinois company.

The Illinois companies were:
Illinois Life Insurance company.
Chicago National Life.
Victory Life.
Mississippi Valley Life.
Old Colony Life.
Security Life.

The Security Life was a Virginia corporation, but its operations were centered in Chicago and its executive offices were located here. This company has passed out of the picture, its business having been rewritten by another concern.

Security Life had three satellites which accompanied it into receivership. These were: Northern States Life of Hammond, Ind.; Home Life of Little Rock, Ark., and Inter-Southern Life of Louisville, Ky.

The tenth concern to fall into receivership was National Benefit Life of Washington, D. C., a Negro company.

Work for Better Conditions.

Among the groups which have been at work for years to improve insurance conditions in Illinois is the insurance committee of the Illinois chamber of commerce.

"Current disclosures of questionable practices by insurance company officials are no surprise to any one who has known anything about insurance," says C. M. Cartwright, a member of this committee.

"Nothing has happened that we could not have predicted a year or two ago. It has been obvious that certain companies were headed toward disaster because of managerial policies."

Mr. Cartwright says that his committee advocates divorcing the state insurance department from the department of trade and commerce.

Policyholders Lack Protection.

"The superintendent of insurance," he says, "should be subordinate only to the governor. It would be up to the governor to appoint a man of high character and responsibility free from political influence. Policyholders at present haven't the protection they are entitled to.

"Insurance racketeers all come to Illinois. They hire good attorneys and obtain political influence. The situation has been worse since the insurance department has been under the department of trade and commerce."

In addition to the receiverships mentioned above, it has been learned that the state insurance department has certified to the attorney general's office twenty-five comparatively unimportant life, fire, and casualty companies.

Officials of reputable and solvent insurance companies in Illinois long have complained that laxity on the part of the state has made it difficult for them to do business in other states because of occasional scandals in this state.

Seek to Enforce Law.

These men believe that the solution lies in better enforcement of existing laws rather than a mass of new legislation. Many of them, however, advocate enactment of a law to prohibit insurance companies from dealing in securities of concerns in which their own officers are financially interested.

Another much criticized practice is that of organizing a company to write insurance and then employing it as a holding company, using its assets to acquire other insurance companies.

The Chicago Fidelity and Casualty company is cited as an illustration. This concern was organized with $1,000,000 capital and $1,500,000 net surplus. It never wrote any business. About two years ago it was put in the hands of a receiver and later Alvin S. Keys, state liquidator, sold all the assets for $18,000. The money had been lost buying up a half dozen small insurance companies.

One Chicago life insurance company early this year is reported to have borrowed a sizeable sum from the Reconstruction Finance corporation and then to have used most of the money to pay the usual dividend to stockholders.

CUDAHY VOTES USUAL DIVIDEND OF 62½C A SHARE

Directors of the Cudahy Packing company yesterday authorized the distribution of the regular quarterly dividend of 62½ cents on the common stock. The dividend is payable Jan. 15 to stock of record Jan. 5. Three months ago the packing company paid the same dividend, which is at the rate of $2.50 annually.

R. F. C. Denies Chicago Loan; 'Buys' a Levee

[Chicago Tribune Press Service.]

Washington, D. C., Dec. 20.—Despite its refusal to approve the Chicago sanitary district's application for funds to complete a sewage treatment system on the ground that such projects are not actually self-liquidating the Reconstruction Finance corporation agreed today to loan half a million dollars of federal money to an Arkansas levee district for the purchase of property on which the federal government will later build flood control levees.

The loan was made to the St. Francis levee district near Helena, Ark., under the "self-liquidating" construction provisions of the emergency relief act.

Not a Work Loan.

It represented a departure from the previously adopted policy of the federal corporation which insisted that loans under this section could only be made for new construction projects which would put men to work and which held further that such loans could be granted only when the project would actually be sufficiently "self-liquidating" to pay for itself.

Inability to meet this latter requirement to the satisfaction of the corporation is understood to be one of the technicalities holding up approval of the application of the Chicago sanitary district for funds to proceed with the sewage disposal system ordered built by the United States Supreme court.

The corporation's announcement of the St. Francis levee loan represented another departure from custom in that it was made in the name of Director Harvey Couch of Arkansas. Two other self-liquidating advances authorized at the same time today were announced by the corporation as a body with no particular member of the board being credited with the announcement.

Purpose of Arkansas Loan.

The purpose for which the half million dollars of "self liquidating" project money was loaned to the Arkansas levee district was described by the corporation as follows:

"The money is to be used to purchase rights of way for levees to be built by the United States on the west bank of the Mississippi river opposite Memphis, Tenn.

". . . On Sept. 10, 1928, the directors of the district executed an assurance that it would provide, without cost to the United States, all rights of way for levee foundations and levees in the district. The estimated cost of the levee construction to be done by the United States is $9,223,000. Due to prevailing conditions the district has been unable to sell bonds to pay for the rights of way it must acquire, and this loan is to provide funds for that purpose."

In addition to the St. Francis levee loan, the finance corporation today authorized loans of $187,500 and $55,500 for construction of public market buildings in Dallas, Tex., and Newark, N. J., respectively. An emergency relief loan of $300,500 was also granted to the state of Washington.

CONGRESS GETS PLAN TO CHANGE BANKRUPTCY ACT

[Chicago Tribune Press Service.]

Washington, D. C., Dec. 20.—Sweeping changes in bankruptcy laws are being considered by a joint senate and house committee which today began a study of bankruptcy code.

The principal innovation concerns possible establishment of procedure under which bankrupts may avoid the stigma of formal bankruptcy through effecting settlements with creditors under auspices of the courts without ever actually being forced to plead bankruptcy, according to Senator Hastings, chairman of the committee.

MARKET SUMMARY

NEW YORK STOCKS—Weak. Steel issues pull market down.

CHICAGO STOCKS—Lower. Prices sink as volume expands.

NEW YORK BONDS—Irregular. Rails weak. U. S. governments steady.

FOREIGN BONDS—Steady. Sterling firm.

CORN—Irregular. December higher and other months lower. Trade light.

CATTLE—Strong to 25c higher; top on steers, [illegible] Bulk, $5@6.50. Average, $5.75.

HOGS—Lower. Receipts liberal. Prices 5@15c lower. Top, $3.25; bulk, $2.80@3.10; average, $2.95, latter new 54 year low.

COTTON—Lower, despite trade buying.

SUGAR—Higher. Trade buying.

COFFEE—Higher. Commission house buying.

PRODUCE—Butter and eggs lower.

STOCK EXCHANGE HEADS LIABLE IN "PACKAGE" SUIT

Judge Holds Governor's Not Exempt.

[Chicago Tribune Press Service.]

New York, Dec. 20. — Federal Judge John C. Knox ruled today that Richard Whitney, president of the New York stock exchange, and its forty governors are liable as individuals as well as officers of the exchange in the $21,000,000 "assorted package" damage suit brought against them and the exchange under the Sherman and Clayton anti-trust laws.

The decision, which fixes upon Mr. Whitney and the members of the board of governors personal responsibility for their actions in their official capacities, resulted from motions which they filed asking that the suit of Pirne, Simons, Inc., for an injunction and the recovery of damages be dismissed as to them. The motions were denied.

Sued on "Package" Ban.

The plaintiffs, through David L. Podell, its counsel, sued because the governors adopted rules prohibiting members of the exchange from dealing with security houses which handled small blocks of assorted packages of stocks and requiring the inclusion of not less than a prescribed number of shares in each individual block or package.

The Pirne, Simons company charged that it had suffered, and would continue to suffer, great damage as a result of this rule, which, it said, was an act of unfair competition aimed at the plaintiff firm.

The grounds on which Mr. Whitney and the governors asked dismissal were that in adopting the rule they were functioning in good faith for the best interests of the exchange as members of the governing board and that a person with a grievance against an unincorporated association might sue its officers as such or the members of the board individually, but might not sue both.

Judge's Ruling.

Judge Knox, in denying the motion, said in his opinion:

"Plaintiff's bill alleges that an unlawful conspiracy was entered into between the New York stock exchange and its individual members, who are officers and members of the governing committee, and that the conspiracy has damaged its business, the statutes, in terms, make every person who violates their provisions criminally and civilly liable.

"The word person or persons (as it appears in the statute) shall be deemed to include corporations and associations."

TRADE BALANCE FOR NOVEMBER TOTALS $35,000,000

Washington, D. C., Dec. 20.—(AP)—A favorable trade balance in November of $35,000,000 was announced today by the commerce department in a statement which placed exports at $139,000,000 and imports at $104,000,000, each lower than the previous month.

November was the first month since July that the trade figures have shown a decrease. In October the total exports were $153,470,000, or $14,470,000 more than November, and the imports were $105,500,000 in October, or $1,500,000 more than in November.

For the eleven months of the present year there has been a favorable trade balance of $256,180,000, with $1,481,379,000 of exports and $1,225,199,000 of imports. The exports, however, were $758,841,000 less than than for the same period of the previous year and the imports were $711,663,000 less.

NEW, YORK, OHIO STANDARD OILS CUT GAS PRICES

New York, Dec. 20.—(AP)—The Standard Oil Company of New York will reduce gasoline prices tomorrow, following yesterday's reductions by the Standard Oil company of New Jersey, it was learned today.

The Standard of New York reductions will amount to two cents a gallon in tank wagon and service station prices in the New York metropolitan district, and from one to two cents in some parts of Connecticut and New York state.

Ohio Cuts Half to Two Cents.

Cleveland, O., Dec. 20.—(AP)—The Standard Oil company of Ohio today announced a reduction of one cent a gallon on its premium and regular grades of gasoline and two cents on its third grade.

Northern Trust to Pay Its Regular $4.50 Dividend

Directors of the Northern Trust company yesterday declared the regular quarterly dividend of $4.50 a share on the capital stock.

RAIL LEADERS RESCIND OFFER OF COMPROMISE

Propose New Method to Save Parley.

With the railroad managers standing adamant against all proposals of the railroad unions, even to the point of withdrawing a compromise proposal which they had previously advanced themselves, a new formula was invoked late yesterday to save the wage conference at the Palmer house from an otherwise inevitable breakdown.

On the informal suggestion of the managers and with the implied approval of their own leaders the 1,250 general chairmen constituting labor's delegation at the conference were voting last night on a proposal to withdraw the dispute from consideration by the general conference and place it before a small subcommittee with three, six, or nine members on each side.

Hope was that in such a subcommittee there might be a better "meeting of minds." Indications were that the general chairmen would approve the formula, reserving to themselves, however, the right to reject or ratify any agreement the subcommittee might accept.

Jockey to Avoid Blame.

Anticipating a crisis the unions entered the morning session jockeying for a position in which they might lay responsibility upon the managers if the negotiations should break down. Their chairman, A. F. Whitney, handed the managers a statement reviewing the proceedings to date and asserting that on all disputed points the unions had been "patient and restrained," while the managers had persisted in "an unreasonable and unwarranted attitude."

"If you persist in your position, let it be clearly understood that we have been unable to reach an agreement because, after we had obtained authority to negotiate upon the Willard agreement and had shown complete willing-

U. S. Ships Cost Taxpayers Three Billions, Asserts Briton

BY JOHN STEELE.

[Chicago Tribune Press Service.]

LONDON, Dec. 20.—The American taxpayer is defeating himself coming and going through his payment of heavy subsidies for the American merchant marine. Sir Alan Anderson, chairman of the Orient line, asserted in today's annual meeting in a scathing attack on "dumping" of shipping services throughout the world.

SIR ALAN ANDERSON.

Sir Alan's case is that the taxpayers have devoted to a single industry more than enough by $250,000,000 to repay all European annuities so far, in the meantime driving the world to default on payments which the taxpayers might have had if American shipping had not competed at rates below cost.

Cites Huge Subsidies.

American taxpayers have given $3,000,000,000 to various shipping lines in the last twelve years, he said. Meantime, they might have saved that money and had it up to now with $250,000,000 left over, he stated.

"As the whole world is being pressed to pay debts to one nation and, as in my judgment the world market and world prices have been broken more by the refusal of that creditor nation to receive payment in goods and services than by any other human error, it may interest you to know to what length the United States goes in for subsidizing their merchant marine and for dumping shipping services on the world market below cost and in this way refusing to be paid their debts in the form of shipping services which the world, and particularly Great Britain, can pay," he said.

"From official reports of the United States shipping board it appears that during the five years to June, 1928, the United States taxpayer paid in operating losses and in defraying expenses of merchant ships about $250,000,000 each year.

What Cost Means.

"Such immense figures by themselves mean nothing, but it may concern you to know that in this one gesture of refusal to accept the services of foreign ships in payment of past debts and current exports the United Stats taxpayer has devoted a sum which approximates ten times the value of goods bought by the United States from the United Kingdom in 1929, a fairly normal year, or eight times the cost of the Panama canal, or twice the value, based on building cost less normal depreciation, of 17,500,000 tons of British merchant ships engaged in foreign trade.

"Perhaps the United States taxpayer does not grasp what is happening and he is not enlightened by the ship owner, who naturally speaks if he is engaged in normal enterprise, at his own risk and deserves praise for his courage."

BOARD OF TRADE VOTES AGAINST HOLIDAY DEC. 24

The Chicago Board of Trade will be open on Saturday, the day before Christmas. The directors of the Chicago Board of Trade at their meeting yesterday turned down a petition asking that the exchange be closed.

A number of New York commodity exchanges will be closed on Saturday and the Chicago Stock Yards will be open on Saturdays, the day before Christmas and New Year's. There will be no holidays this year for the Chicago live stock interests, as Monday, Dec. 26 and Jan. 2 will not be holidays.

BUILDING LEAGUE ASKS HOME LOAN ACT BE RETAINED

Washington, D. C., Dec. 20.—(AP)—The United States Building and Loan league, in session in Washington, today addressed to the banking and currency committees of the senate and house a statement urging there be no change in the home loan bank law.

"The law is sound and, in the main, satisfactory and constructive legislation," the statement said. "The building and loan associations of the United States are unalterably opposed to any change in the law until it has had a chance to demonstrate its usefulness."

BRITISH WHEAT PRICES DECLINE TO RECORD LOW

Chicago and Winnipeg Sag Slightly.

WHEAT PRICES IN GOLD

Wheat prices in world markets reduced to United States funds at closing rates of exchange:

	Tuesday.	Monday.
Chicago, May	46⅛c	46⅛c
Winnipeg, May	26¾c	27¼c
Liverpool, March	42⅞c	43¾c
Do May	46¼c	47¼c
Do No. 2 Manitoba	50¾c	50¾c
Rotterdam, Jan	43c	43½c
Buenos Aires, Feb	37c	37⅝c

BY CHARLES MICHAELS.

Wheat traders were given another jolt by the action of Liverpool Tuesday when the old style March future, which compels the seller to pay the British preferential import duty of 6c per bu, dropped ⅞c to close at 42⅞c, a new all time record low for that market. This was ⅛c per bu below the average price for the year 1588. There was considerable comment on the part of the trade on account of the necessity of being forced to compare current wheat prices with 344 years ago.

However, Liverpool was the only wheat market to break into new low ground for the day, as both Chicago and Winnipeg held within narrow limits. The former was ⅛@⅜c lower at the last with December finishing at 44c while May was 46@46⅛c, and July, 46⅛@46¼c. Winnipeg lost ⅜@⅝c in Canadian funds with the May at 42¼c, or 1⅝c above the all time low for that future.

Eastern Long Liquidates.

An eastern long was a seller of wheat futures in the local market Tuesday, which had a depressing effect. The May dropped ⅝c to 45⅞c.

[Continued on page 29, column 2.]

One of a series of advertisements describing the major essentials of utility investments.

Adequate reserves

1. How do proper depreciation reserves protect your capital?

2. How can you tell a conservative depreciation policy?

DEPRECIATION and obsolescence of property are the unpreventable costs of time, change and the ravages of the elements. A company's depreciation reserve is its provision for the old age of its property.

A company that does not keep up with this continuous and silent wearing-away of property, by setting aside an adequate portion of its earnings for replacements, faces an inevitable time when those replacements must be paid for at the expense of stockholders' equities.

The sufficiency of depreciation reserves is an indication of the general financial health of the company. A company whose earnings are insufficient to provide an adequate depreciation reserve and pay the dividends expected by stockholders is under temptation to tide over a period of subnormal business by maintaining dividends at the expense of the depreciation account, just as an individual will meet obligations at the sacrifice of his own reserves.

Well-informed investment advice is usually desirable in reviewing depreciation reserves in financial statements, as the fixing of proper reserve ratios involves many technical factors.

Pacific Lighting depreciation reserves stand at approximately $52,000,000. Amounts transferred annually from revenues to the reserve account are taken before any dividends of the operating or parent companies.

This Company's depreciation reserve is published in all of its financial statements. For the year 1931, the amount provided for depreciation was $6,748,854.11, or 14.4% of the system's gross operating revenue. This total percentage is the result of specific calculations for each item of property, and is not a lump sum arbitrarily appropriated for system depreciation.

As Pacific Lighting purchases its natural gas from many producing oil companies instead of operating wells of its own, there is no need to provide reserves for possible future depletion of any investment in the sources of gas supply.

This depreciation accounting policy is in interesting contrast with the crude methods employed in the utility business when Pacific Lighting started, nearly half a century ago. It was not until many years later that depreciation reserves came to be recognized as a necessary financial and accounting measure to avoid losses to stockholders, increases in rates to customers, or deterioration of service.

• • • • •

These advertisements have no immediate purpose of promoting Pacific Lighting securities, as no securities are being issued at the present time. A more general recognition of the most important features of utility holding company management, and of this company's practice with respect to each, is being sought in order to improve its position at some future time when additional financing is undertaken.

14 Standards of Utility Investment

Equity investments in utility companies are now usually available to investors only through the securities of holding companies.

In the final analysis, those holding companies which render the *greatest economic service*—lower cost of financing, operating economies and improvements in service—are best able to earn dividends and conserve property values. The earning power and efficient use of invested capital must rest, in the long run, upon organization, management, and service.

These advertisements describe the outstanding features of the structure developed by Pacific Lighting during its 46 years of utility operation in Southern California. They deal individually with:

ORGANIZATION	8. RESERVES
1. Management	9. Dividend Record
2. History	10. Intercompany Financing
3. Territory Served	SERVICE
4. Revenue Sources	11. Interconnected Facilities
5. Unity of System	12. Economy of Operation
CAPITAL	13. Quality of Product
6. Capitalization and Property values	14. Low Rates
7. Type of Securities Issued	

Investments in utility securities should be examined with reference to each of these essential economic features.

The entire series of advertisements has been published in booklet form and is available on request to 433 California St., San Francisco, California.

HOGS CONTINUE DROP; AVERAGE PRICE HITS $2.95

Cattle Market Proves a Little Stronger.

The decline in hogs continued yesterday and brought in a new array of low quotations in all but the top underweights which comprise a very small proportion of the run. The general average sank to $2.95, with the bulk of the medium and heavy butchers at $2.80@3.00 and bulk of light at $3.05@3.15. Fancy 140@160 lb averages topped the market at $3.25. These are still 10c above the low top of last week, which goes back to December of 1878 for a low. Rising temperatures retarded demand, while available supplies increased.

Receipts at Chicago for the first two days of the week at 73,000 were 28 per cent larger than a week ago, but 11 per cent smaller than a year ago. All interests in the trade were in a bearish mood and prices finished at the low point of the session, with bulk of late selling indicating losses of 10@15c. The clearance was not satisfactory to sellers. About 5,000 hogs remained in the pens at the close.

Cattle Market Better.

Yearlings and light steers and heifers led the way toward higher prices again yesterday and medium and weighty cattle were not so slow in following. Available offerings were short again. The total receipts at Chicago for Monday and Tuesday at 14,500 compare with 28,308 a week ago. In two days of light supplies the market has recovered fully 25@50c of the recent loss and some spots show more gains compared with the "mean" market for cattle of excess weight last week.

However, only a small part of the last two weeks' losses have been regained and the trade is warning the country that only through extremely light receipts can last week's 21 year lows be averted. Fancy 1,104 lb long yearlings from Kane county, Ill., sold to Cudahy Brothers at $7.00, the top, which is 35c under last week's high mark, and 75c lower than two weeks ago.

The bulk of steers sold at $5.00@6.50, with a smaller proportion of the run going under $4.50.

Buoyant Trade in Lambs.

Lambs were buoyed by light supplies and favorable news from the wholesale trade, which has been taking little notice of the competition of low beef and pork. Lamb is more or less of a delicacy when it comes to meat, and frequently the market charts a course just opposite the trend in other live stock. While cattle and hogs have suffered from the influence of the Christmas poultry season, there has been a healthy demand for lamb roasts for the holidays. All buyers paid up to $6:40 for fancy natives and prime fed western ewes and wether lambs yesterday, which equals the highest mark of the preceding session. Matured stock and yearlings held up well. Prime 100 lb yearlings sold for slaughter at $5.00.

SELLING IN JANUARY LARD; FAIR BUYING ON BREAKS

January lard was offered freely in a way that surprised the trade and scared buyers for a time with prices down to $4, a drop of 20c. December lard was steady at $4.55 and other futures were 15c lower. Liverpool spot lard advanced 6d and futures were unchanged to 3d lower. Cash lard was firm at $4.55 for regular, $4.10 for loose, and $4.12½ for leaf. Exports of lard were 1,395,790 lbs. Bellies were 12½c lower at $3.87½ for May and $3.55 for cash lots.

Fresh pork loins are meeting an improved demand at 5@8c. Buying comes from charity workers who are making up Christmas baskets, as they find pork loins most suitable for this purpose, the price being low and quality good. Prices follow:

STOCK MARKET HEAVY; PRICES DECLINE SLIGHTLY

Shares of Railroads Are Under Pressure.

BY FRED HARVEY.
[Chicago Tribune Press Service.]

New York, Dec. 20.—Heaviness in railroad issues and continued pressure against United States Steel stocks kept the share market in low spirits today. Losses were generally small, however, running from fractions to about 2 points.

Railroad shares, which have been looked upon as a barometer of price movements and probabilities since they took the lead in the late summer rally, were off 1 to 2 points under a steady dribble of selling. Earlier in the day the group had looked even worse than that, but a little flurry of short covering toward the end helped to redeem the leaders.

Selling here was blamed on the Central of Georgia receivership, coming at a time when it served to emphasize the difficulties which many of the carriers are experiencing in providing for maturities next year.

Selling in Steel.

Liquidation of the steel issues has been under way for the last week or more and is due, of course, to increasing nervousness over the outlook for the corporation's preferred dividend at the board meeting next month. The preferred of United States Steel sold off nearly 3 points below its previous close today before it found any support. The closing sale was at 55¾, off 2¾. The common finished at 27¼, down 1⅝ after being lower. Other steel shares were correspondingly weak. Bethlehem gave up more than a point.

Public utilities fared a trifle better than the rails, on the whole, although American Telephone, Public Service, Consolidated Gas, and other prominent issues of the division gave up a point or more each under stress of rather persistent selling. Peoples Gas sold off 2 points on a couple of transactions.

Tobacco Shares Dip.

Tobacco issues were kicked about a bit. American Tobacco B being driven down nearly 3 points. Liggett & Myers issues, both the common and B, lost more than 2 points each and Reynolds finished fractionally below its starting point.

Motors, oils, and coppers were generally down.

Preferred stocks had their troubles again, a list of a dozen or more selling down from 2 to 9 points.

Employment Service.

SALARIED POSITIONS.

$2,500 to $25,000.

The undersigned provides a thoroughly organized advertising service of recognized standing and reputation through which preliminary negotiations are carried on for positions paying $2,500 to $25,000. Twenty-three years of successful operation have proven the effectiveness of the service, but it has definite limitations. Each individual is required to finance his own campaign and several weeks are required in which to negotiate. If you have actually earned at least $2,500 send only name and address for details.

R. W. BIXBY, INC.
141 Delward Bldg., Buffalo, New York.

A SUPERIOR SERVICE FOR SUPERIOR MEN—ESTABLISHED 18 YEARS.
